Prosecutor Enters Alleged Gambling Room

Police indicated little action was in progress when they entered an alleged gambling room at 650 Broadway yesterday, and this scene as District Attorney Howard C. St. John walks in, seems to convey the idea.

Six Are Arrested In Gaming Raids; One Man Is Dead

Albany Resident Suffers Heart Attack at Police Headquarters—Two Men Seized at Ellenville

Gambling raids in Kingston and Ellenville, under direction of District Attorney Howard C. St. John, netted police six arrests and were marked with the death of a man who was in 650 Broadway, Kingston, when groups of local police, the sheriff's force and state police swarmed in on it.

Frederick Oderisio, 63, of 43 Glenwood street, Albany, was seized with a heart attack while he was being questioned at police headquarters, and died upon arrival at Kingston Hospital.

Arrested after police entered the Broadway Smoke Shop, 650 Broadway, were Leonard Sickler, Jr., 25, of 22 Maiden Lane and Matthew Reynoids, 66, of 31 Ravine street, on charges dealing with the keeping or operation of "books" for the registration of bets or wagers.

Charges Are Described

Sickler and Reynolds are charged with violating Section 986 of the Penal Law, and the other two held, Peter Cerasaro, 35, of Lucas avenue extension, and Robert Vincent, 52, of 49 Dunneman avenue, are charged with violation of Section 970 of the Penal Law which deals with the rental of quarters or space for gambling purposes.

Arrested at Ellenville were Abraham Johnson, 46, of Kerhonkson, and Isham Mark Morzet, 49, of Ellenville. They were charged with violating Section 986 of the Penal Law, dealing with "accepting wagers on numbers."

The four arrested at Kingston pleaded innocent today before City Judge Raymond J. Mino. Sickler was released on $500 bail and the others on $250 each.

Attorneys Engaged

Attorney Sherwood E. Davis appeared for Vincent and Cerasaro and Attorney Charles H. Gaffney appeared in behalf of N. Levan Haver, who was unable to attend court, for Sickler. Reynolds had no counsel.

All are scheduled to appear in court next Thursday.

Johnson and Morzet were arraigned before Police Justice Benjamin Lonstein of Ellenville, pleaded innocent. Johnson was released on $500 bail for a hearing on May 13 at 7 p. m., and Morzet was released on $250 bail

Young Sentenced By Federal Judge

Man Will Serve Term for Perjury — Plea Is Turned Down

Washington, April 30 (AP)—E. Merl Young today was sentenced to serve from four months to two years in prison for lying to senators who dug into his mink coat buying and high financing while investigating alleged influence on RFC loans.

Young, 38, asked for probation but U. S. District Judge Matthew F. McGuire turned down the plea. However, the judge expressed the hope authorities will feel the interests of justice have been served when Young completes four months in prison.

Taking into account good time, Young could get out by serving a little less than four months.

Young told Judge McGuire he has "suffered mentally, physically and financially." He said the judge would not regret it if he granted probation.

'Perjury Strikes Deeply'

The judge replied that if Young had been convicted of an ordinary crime flowing out of human frailty, he would have been inclined to grant him probation.

"But perjury strikes very deeply at the whole structure of government," the judge commented.

He said that in passing sentence he was taking into consideration Young's background, "the fact this was your first misstep, and your family circumstances."

Judge McGuire imposed the same sentence — four months to two years—on each of the four perjury charges of which Young was convicted March 31. But he stipulated that the sentences run together, instead of one after the other.

William A. Paisley of the Justice Department, who prosecuted the case, questioned whether, under the statute, the judge had imposed a sentence too low.

The judge told him he considered the sentence proper in his interpretation of the statute.

Courtney Is Blamed

Chicago, April 30 (AP)—St. Louis catcher Clint Courtney was held mainly responsible for Tuesday night's Yankee-Brown free-for-all brawl and was handed the heaviest of six player fines levied today by President Will Harridge of the American League. For their part in the fracas at St. Louis, Courtney was fined $250; infielder Bill Hunter, also of St. Louis, $150; second baseman Billy Martin of New York, $150, and pitcher Allie Reynolds, first baseman Joe Collins and third baseman Gil MacDougald, all of the Yankees, $100 apiece. The melee resulted when Courtney bowled over Yankee shortstop Phil Rizzuto of the Yankees in a play at second base.

Ryan Says Union Granted More Time To Follow Orders

Senate Investigators Are Told of Extension; Denies Knowing of Crime Records

Washington, April 30 (AP)—Joseph P. Ryan told Senate investigators today his International Longshoremen's Association has been granted more time to comply with an American Federation of Labor directive to get rid of men with criminal records.

The AFL ordered the longshoremen's union last January to clean up or get out of the federation. It set April 30—today—as the deadline, but Ryan said the ILA had been granted an extension until May 10.

Testifying before a Senate Commerce subcommittee investigating the racket-ridden New York and New Jersey waterfronts, Ryan said the ILA is preparing an answer to the mandate laid down by the AFL.

He refused to disclose at this time, however, what it would be.

"Wait until we supply the AFL with our answer," Ryan told Sen. Pastore (D-R.I.). "They were the ones that gave us the order."

'Very Bad Records'

Pastore said records compiled by the subcommittee showed that 60 per cent of ILA organizers in recent years have "very, very bad criminal records" and demanded to know why Ryan permitted "these racketeers" to hold union jobs.

As Pastore shouted that the ILA was giving all labor "a black eye," Ryan said he was not aware of the men's criminal records at the time he appointed them as union organizers.

He also said he selected them because they had been elected first as business agents of ILA locals—to positions of "trust" by their locals, as he put it.

Ryan was indicted by the New York county grand jury on April 10 on a charge of misapplication of about $11,300 in union funds. The indictment contained 30 counts altogether. Ryan entered a plea of not guilty.

Treasury Receipts

Washington, April 30 (AP)—The position of the treasury April 28: Net budget receipts $133,316,997,-76. Budget expenditures $208,-507,532.46. Cash balance, $3,627,-511,146.31. Customs receipts for month $49,083,731.45. Budget receipts fiscal year July 1, $50,991,-584,977.49. Budget expenditures fiscal year $59,648,230,990.67. Budget deficit $8,656,646,013.18. Total debt $264,554,342,877.27. Increase over previous day $5,999,690.17. Gold assets $22,561,978,759.07.

State Department Pushes Plan to Replace Achesonites

Washington, April 30 (AP)—Sen. Mundt (R-SD) disclosed today what he called a "highly-accelerated" State Department effort to eliminate "members of the old Acheson team" from top policy positions.

His disclosure took at least some of the edge off this aspect of Secretary of State Dulles' questioning at a closed session of a Senate Appropriations Subcommittee today.

Reporting to the nation over radio and television networks last night, Dulles compared U. S. economic aid in Europe to the crutch a sick man uses until he gets well enough to throw it away.

"We believe that this is becoming increasingly possible," he commented in saying America's allies in Europe are getting strong enough to require no more outright grants. Nevertheless, he said, the U. S. will continue to spend "substantial sums" with them.

Dulles said he told this to British, French and other European officials at the meeting in Paris last week of the North Atlantic Treaty (NATO) Council. He said these allies "welcomed a relationship which would be dignfied and self respecting for all concerned."

The secretary declared the council provided for a steady buildup of western defense, which he described as "no longer a 'push-over'," and said the Eisenhower administration's plan to substitute trade for aid will "get more security for less money."

Mundt said the Senate subcommittee was informed at a secret meeting this week that Dulles has "replaced over 50 persons in key positions for policy reasons alone." A few involved shifts from policy to non-policy posts, he said, but

Connecticut GI Reports Winter Horror as POW

350 Men Were Captured in Trap; Less Than 40 Live — Feet Were Frozen

Tokyo, April 30 (AP)—"I'll give you a week to live—I get your boots when they take you to the Hill," a buddy told Cpl. Wendell H. Treffery.

"My buddy didn't want my boots—he was building my morale," the thin, red-haired Treffery of Terryville, Conn., said in an interview today.

The Hill was the frozen, common grave of Americans who died while prisoners of the Communists at Kangye, Korea, in the terrible winter of 1950-51.

"I lasted the week," said Treffrey. "And then he said he'd get my boots in another week. I kept on living—I wouldn't let myself die. Whenever I got awful low, really down in the gutter, I could hear my mother saying like she always said: 'Keep your chin up.' I'll never know how I made it but I'm here and alive."

350 Men Seized

Of 350 U. S. infantrymen captured by Chinese on Nov. 30, 1950, south of the Changjin Reservoir, Treffery is one of less than 40 still living.

His feet froze.

The flesh fell off his toes.

A Korean nurse snipped off eight of his toes with garden shears.

He broke off two with his own fingers.

During four attacks of dysentery, Treffery's weight dropped from 150 to 60 pounds.

A former medic with the U. S. Seventh Division, he was one of the American prisoners returned by the Communists at Panmunjom last week. Here is his agonizing story as he told it today:

"We were caught in a Communist ambush, about 350 of us—marines and Seventh Division men. It was a hard fight but there wasn't any way out — we were surrounded.

Major Makes Deal

"A Chinese hollered from the top of a hill—asking our senior officer to come and talk to him. Our officers held a conference and then our senior officer, a marine major, walked down the road and up to the hill. He talked to the Chinese and came back.

"The major had made a deal with the Chinese. The deal was, not kept.

"The Chinese marched those of us away who could walk. We spent a freezing night in some cabins not far away. There were 120 of us then. Next morning we were marched back past where the ambush had taken place. The wounded were all still there, only now they weren't wounded. They were frozen to death, about 230 bodies.

"Of the 120 of us, many were wounded. I am a medic, and I did the best I could. The Chinese took away my bandages, tweezers and scissors but I hid my last six shots of morphine in my boot and when a man's pain got so bad he couldn't take it I'd give him a shot.

Shot to Pieces

"There was a Texan, I remember. He was shot to pieces. I gave him one of the six shots and he slept one night because of it. I guess it was his last night—alive. Next morning, he was too weak to move, and the Chinese left him there to freeze and die.

"The march to Kangye lasted 18 days. We marched zig-zag and in every direction. I think they were trying to break us down. When a man couldn't go any farther and dropped out, he was left to die. The ones that dropped out —we never saw them again.

"I had a shrapnel wound in the chest, but it didn't bother me. On the second day, we walked through slush and that night I slept in a cow stall. The temperature dropped to about 20 below zero that night. I woke up next morning and my feet were frozen. The Chinese had us out in the road before I had a chance to get my toes unfrozen.

"On Dec. 10 the Chinese guards turned us over to Korean guards and the march went on. The Koreans were worse than the Chinese. They are not civilized. They have no feeling for human beings. They'd stick our men with bayonets and laugh and joke about it.

"Of the 120 who started the

Engineers Are Staking Route To Whiteport

State men are now staking out the alignment of the New York State Thruway from the Onteora Trail (Route 28) to Whiteport, A. R. Erskine, thruway engineer, said today.

The state has also given notice of intent to enter into a contract with A. E. Ottaviano, Inc., of Croton-on-the-Hudson, the low bidder on the Kingston-Whiteport section and he may proceed as soon as he is ready.

Engineers in the Poughkeepsie district office of the state public works and thruway departments, said today, meanwhile, that they have received no word yet from the office of B. D. Tallamy, state public works superintendent, to start a survey of the Washington avenue viaduct and Esopus creek bridge.

Mayor Oscar V. Newkirk and City Engineer Arthur F. Hallinan recently discussed the viaduct problem with Tallamy and were informed that a survey would be made at once to determine if the viaduct and bridge are to be considered parts of an arterial highway.

It was indicated that, if the state considers the structures part of an arterial route, it might act to eliminate such traffic congestion as might be caused when the thruway is opened to travel.

Might Start Soon

Engineers indicated that A. E. Ottaviana Inc., may start work as soon as sufficient right-of-way clearance is obtained. Usually it takes about six weeks to complete details on such contracts with the state, but the notice of intent to enter into a contract is sufficient to give a contractor the nod to start.

Ottaviano is to build 7.61 miles of thruway between Route 28 and Whiteport and 1.66 miles af access roads at a cost of $7,349,-569.

State men are now doing their part of the staking along the Whiteport-Kingston strip. Under new state rulings some of the staking is also done by the contractors.

Models Are Announced

Washington, April 30 (AP)—The Atomic Energy Commission implied today—for the first time—that it has acutal "devices" in the hydrogen bomb line presumably crude models, and that they release atomic energy on a "large scale." Up to now, the commission has couched its references to developments in hydrogen bomb research in scientific double-talk, saying only that certain atomic tests at Eniwetok have "contributed to thermonuclear research."

Won't Hold Parade

New York, April 30 (AP)—Bowing a police edict, leftists have agreed not to hold their annual May Day parade tomorrow. They'll stage a May 1 meeting in Union Square, instead. Previously, Leon Straus, chairman of the United Labor and People's May Day Committee, had declared a parade would be held despite the police ban. But yesterday, although unhappy about it, he called off the plans.

Dewey Accepts Bid

Albany, April 30 (AP)—Gov. Dewey has accepted President Eisenhower's invitation to attend a conference of governors at the White House next week. The President and the governors will discuss domestic and international problems Monday and Tuesday. Dewey will fly to Washington Sunday afternoon.

Others Must Stay in Hospitals on Coast; Given Checkups

Travis Air Force Base, Calif., April 30 (AP)—Twelve American fighting men who may never fight again sped to their homes in the far corners of the U. S. today.

They are the vanguard of the first 35 repatriated POWs to reach their beloved homeland from Korea—a strange faroff land they never can forget.

More will fly out of the sprawling air base today and tomorrow. Even as they start the last lap of the long journey home, 63 more will be borne swiftly across the Pacific in giant C-97 Stratocruisers.

All are seeking refuge from an ordeal that began long dreary days ago when they were captured.

Home is the warrior, but he doesn't feel at home. That will come later when the sharp etching of bitter memories fades and the world leaves him alone to pick up the threads as best he can.

Going to Hospitals

For a few, that day is far off. They aren't going home. They are going to hospitals where doctors will try to mend their shattered bodies and broken minds.

The 35 men who arrived yesterday were happy—but they cringed from the welcome that awaited them.

Before they left the plane they sent out the word—"We don't want to talk to any reporter. We have talked enough already."

Then the 26 walking wounded filed off the big plane. They walked straight to a waiting bus. Some smiled, some waved, all looked around curiously.

Little emotion showed on their faces. But strain was there, and pain, and the lines carved deep by war and captivity.

White-jacketed medics then went aboard and brought out nine litter patients. An amputee, a man with tuberculosis, a soldier who couldn't bend his leg.

The bus and the ambulance moved slowly, almost gently, across the base to the bright new hospital.

Kept in Seclusion

For nearly two hours the men were kept in seclusion. Navy, air force and army doctors checked them over, deciding who needed immediate, specialized care . . . who could be sent to hospitals near their homes . . . who could be released at once on 30-day leaves.

The men ate 2-inch steaks and talked to doctors and caught a welcome 40 winks.

Then five repatriates were

Wicks Will Undergo Minor Surgery May 5

Senate Majority Leader Arthur H. Wicks, of this city, will enter Albany Hospital Tuesday for minor surgery, his office at the State Capitol announced this afternoon.

Senator Wicks is expected to remain in the hospital several days and, therefore, he will be unable to attend the dinner sponsored by the New York Republican State Committee in New York May 7.

Kaghan Testifies

Theodore Kaghan, a State Department foreign officer now assigned in Germany, testifies April 29, that he attended some meetings in the 1930's with persons he now assumes were Communists. Kaghan told the Senate Investigations subcommittee headed by Sen. McCarthy (R.-Wis.) that he was not a member of the Communist party although he believes he was worked on to join.

Miami Flier Downs 12th MIG, Says Fight 'Roughest'

Manuel Fernandez Ties Baker — Two More Red Jets Are Downed

Seoul, April 30 (AP)—Capt. Manuel Fernandez shot down his 12th MIG today in "the roughest fight I ever had" to tie the individual record for destruction of the Russian-built Red fighters over Korea.

The scrappy jet ace from Miami destroyed the MIG in a fierce air battle just south of the Yalu river boundary dividing Manchuria and Korea.

Fernandez tied the mark set last month by Col. Royal Baker of McKinney, Tex., who has gone home.

Two more Red jets were blasted to earth and two MIGs were reported damaged.

Allied fighter-bombers — Shooting Stars and Sabres — cratered two air fields in the Haeju peninsula area above the western front and 46 marine propellor-driven Corsairs attacked a troop-supply area near Anak, farther to the north. Pilots reported at least 42 buildings destroyed and 25 fires.

Ground Fighting Light

Ground fighting remained light for the fifth straight day.

Describing the five-minute battle, the 27-year-old Fernandez said:

"The MIGs were coming from all directions. I had to use every bit of skill in the book to outsmart them. I was really glad when that tangle was over."

Fernandez said he evaded two other MIGs which got on his tail. Both went into spins while trying to follow him through light turns, but he was unable to see whether they crashed.

"It was the damndest dogfight I've been in," he said. "Every time

President Will Outline His Desired Defense Changes

Washington, April 30 (AP)—President Eisenhower reportedly laid before legislative leaders today preliminary proposals to whack approximately 8½ billion dollars off former President Truman's budget.

Taft said most of the talking was done by Budget Director Joseph M. Dodge, Jr., Secretary of the Treasury Humphrey, Mutual Security Administrator Harold Stassen and Undersecretary of Defense Roger Kyes. Kyes represented Defense Secretary Wilson, who is in Europe.

The administration spokesmen saw "substantial savings in sight," Taft said, without giving details.

To Report to Press

Washington, April 30 (AP)—President Eisenhower tells the nation today what changes he wants to make in the defense setup and how much spending can be cut in line with his administration's goal of "effectiveness, efficiency and economy" in the military.

As a forum for what the White House billed as a major pronouncement, the President chose his weekly news conference. It was made clear in advance that he would say how much he thinks can safely be trimmed from the 46 billion dollar military spending budget proposed by the Truman administration.

As a prelude, Eisenhower told the U. S. Chamber of Commerce last night there is "no excuse for a wasted penny." But, he added, he will never consent to cutting American defenses below the point of safety.

"There is nothing—no price—

Negotiator Tells Reds Asia Is Out

Harrison Gives Reasons for Not Accepting One of Nations in Far East as Neutral

Panmunjom, April 30 (AP)—The allies warned the Communists today they might take a short cut through the snarled prisoner exchange problem by simply releasing 32,000 North Koreans who don't want to go home.

Lt. Gen. William K. Harrison, chief allied negotiator, said that turning the prisoners free in South Korea would follow a pattern created by the Reds themselves.

He also told the Communists to nominate a non-Asian country as neutral caretaker for 48,000 Communist prisoners who don't want to go home and made it clear the allies would discuss little else until that's done.

Must Come Next

In an unproductive, 51-minute meeting, Harrison said that choosing the neutral caretaker nation must come next. He added:

"All Asian nations are located very close to countries dominated by Communists and might therefore be subjected to Communist military, economic or political influence."

The delegations meet again Friday at 11 a. m. (9 p. m. Thursday, EST).

Harrison told newsmen the Communists "talk a lot about concessions, but on the vital point of ultimate disposition of prisoners there has been no concession of any kind."

He repeated his contention that the Red proposals would indirectly force prisoners to choose between return against their will or endless captivity.

In threatening to release Koreans who don't want to go home, Harrison said:

"It would seem quite appropriate that these Koreans whom we are still holding as prisoners and who want to live in South Korea should be released without further delay to enter into the civilian life of their fellow Koreans rather than be retained indefinitely as they might under your proposal.

Idea Seems Strange

"It always has seemed strange to us that the representatives of Communist China should insist that native Koreans who refuse to return to North Korea and seek to live in South Korea should be forced to return to North Korea. The obviously humane thing would be to release the Korean prisoners who are now in our hands. Such release would also greatly simplify the whole problem of repatriation and the work of the custodial state."

Meanwhile, Rear Adm. John C. Daniel said liaison officers of both sides would meet at 10 a. m. Friday (8 p. m. Thursday EST) to discuss problems concerning exchange of disabled prisoners. He did not say what the problems were.

The Communists have said that 684 disabled allied prisoners (including 149 Americans) turned over last week were all the disabled they had. But those prisoners told of more sick and wounded allied prisoners in North Korean camps.

The allies have been returning 500 Red sick and wounded daily. Delivery of 250 Chinese and 250 North Koreans Friday will bring the total of returned Reds to about 6,000, almost 200 more than were promised.

Guards Are Threatened

At Munsan, 500 sick and wounded Reds threatened allied guards in a short-lived rebellion on a hospital train taking them to Panmunjom for return to communism. The 375 civilian internees and 125 North Korean soldiers finally quieted before they were unloaded for the ambulance ride from Munsan to Panmunjom.

The same problem that broke up the armistice talks last Oct. 8 remains:

Although it's agreed that prisoners who want to go home will be sent back immediately after an armistice, what of the 48,000 who refuse repatriation.

When the talks reopened Sunday, the Reds proposed to send unwilling prisoners to an unnamed neutral country for "explanations" about return to their homelands.

The allies want to keep the 48,000 in Korea under control of a neutral nation, and suggested Switzerland for the job.

Red negotiators rejected Swit-

State Department Pushes Plan to Replace Achesonites

Washington, April 30 (AP)—Sen. Mundt (R-SD) disclosed today what he called a "highly-accelerated" State Department effort to eliminate "members of the old Acheson team" from top policy positions.

His disclosure took at least some of the edge off this aspect of Secretary of State Dulles' questioning at a closed session of a Senate Appropriations Subcommittee today.

Reporting to the nation over radio and television networks last night, Dulles compared U. S. economic aid in Europe to the crutch a sick man uses until he gets well enough to throw it away.

"We believe that this is becoming increasingly possible," he commented in saying America's allies in Europe are getting strong enough to require no more outright grants. Nevertheless, he said, the U. S. will continue to spend "substantial sums" with them.

Dulles said he told this to British, French and other European officials at the meeting in Paris last week of the North Atlantic Treaty (NATO) Council. He said these allies "welcomed a relationship which would be dignfied and self respecting for all concerned."

The secretary declared the council provided for a steady buildup of western defense, which he described as "no longer a 'push-over'," and said the Eisenhower administration's plan to substitute trade for aid will "get more security for less money."

Mundt said the Senate subcommittee was informed at a secret meeting this week that Dulles has "replaced over 50 persons in key positions for policy reasons alone." A few involved shifts from policy to non-policy posts, he said, but

Engineers Are Staking Route To Whiteport

State men are now staking out the alignment of the New York State Thruway from the Onteora Trail (Route 28) to Whiteport, A. R. Erskine, thruway engineer, said today.

The state has also given notice of intent to enter into a contract with A. E. Ottaviano, Inc., of Croton-on-the-Hudson, the low bidder on the Kingston-Whiteport section and he may proceed as soon as he is ready.

Engineers in the Poughkeepsie district office of the state public works and thruway departments, said today, meanwhile, that they have received no word yet from the office of B. D. Tallamy, state public works superintendent, to start a survey of the Washington avenue viaduct and Esopus creek bridge.

Mayor Oscar V. Newkirk and City Engineer Arthur F. Hallinan recently discussed the viaduct problem with Tallamy and were informed that a survey would be made at once to determine if the viaduct and bridge are to be considered parts of an arterial highway.

It was indicated that, if the state considers the structures part of an arterial route, it might act to eliminate such traffic congestion as might be caused when the thruway is opened to travel.

Might Start Soon

Engineers indicated that A. E. Ottaviana Inc., may start work as soon as sufficient right-of-way clearance is obtained. Usually it takes about six weeks to complete details on such contracts with the state, but the notice of intent to enter into a contract is sufficient to give a contractor the nod to start.

Ottaviano is to build 7.61 miles of thruway between Route 28 and Whiteport and 1.66 miles af access roads at a cost of $7,349,569.

State men are now doing their part of the staking along the Whiteport-Kingston strip. Under new state rulings some of the staking is also done by the contractors.

Models Are Announced

Washington, April 30 (AP)—The Atomic Energy Commission implied today—for the first time—that it has acutal "devices" in the hydrogen bomb line presumably crude models, and that they release atomic energy on a "large scale." Up to now, the commission has couched its references to developments in hydrogen bomb research in scientific double-talk, saying only that certain atomic tests at Eniwetok have "contributed to thermonuclear research."

Won't Hold Parade

New York, April 30 (AP)—Bowing a police edict, leftists have agreed not to hold their annual May Day parade tomorrow. They'll stage a May 1 meeting in Union Square, instead. Previously, Leon Straus, chairman of the United Labor and People's May Day Committee, had declared a parade would be held despite the police ban. But yesterday, although unhappy about it, he called off the plans.

Dewey Accepts Bid

Albany, April 30 (AP)—Gov. Dewey has accepted President Eisenhower's invitation to attend a conference of governors at the White House next week. The President and the governors will discuss domestic and international problems Monday and Tuesday. Dewey will fly to Washington Sunday afternoon.

350 Men Were Captured in Trap; Less Than 40 Live — Feet Were Frozen

Tokyo, April 30 (AP)—"I'll give you a week to live—I get your boots when they take you to the Hill," a buddy told Cpl. Wendell H. Treffery.

"My buddy didn't want my boots—he was building my morale," the thin, red-haired Treffery of Terryville, Conn., said in an interview today.

The Hill was the frozen, common grave of Americans who died while prisoners of the Communists at Kangye, Korea, in the terrible winter of 1950-51.

"I lasted the week," said Treffrey. "And then he said he'd get my boots in another week. I kept on living—I wouldn't let myself die. Whenever I got awful low, really down in the gutter, I could hear my mother saying like she always said: 'Keep your chin up.' I'll never know how I made it but I'm here and alive."

350 Men Seized

Of 350 U. S. infantrymen captured by Chinese on Nov. 30, 1950, south of the Changjin Reservoir, Treffery is one of less than 40 still living.

His feet froze.

The flesh fell off his toes.

A Korean nurse snipped off eight of his toes with garden shears.

He broke off two with his own fingers.

During four attacks of dysentery, Treffery's weight dropped from 150 to 60 pounds.

A former medic with the U. S. Seventh Division, he was one of the American prisoners returned by the Communists at Panmunjom last week. Here is his agonizing story as he told it today:

"We were caught in a Communist ambush, about 350 of us—marines and Seventh Division men. It was a hard fight but there wasn't any way out — we were surrounded.

Major Makes Deal

"A Chinese hollered from the top of a hill—asking our senior officer to come and talk to him. Our officers held a conference and then our senior officer, a marine major, walked down the road and up to the hill. He talked to the Chinese and came back.

"The major had made a deal with the Chinese. The deal was, not kept.

"The Chinese marched those of us away who could walk. We spent a freezing night in some cabins not far away. There were 120 of us then. Next morning we were marched back past where the ambush had taken place. The wounded were all still there, only now they weren't wounded. They were frozen to death, about 230 bodies.

"Of the 120 of us, many were wounded. I am a medic, and I did the best I could. The Chinese took away my bandages, tweezers and scissors but I hid my last six shots of morphine in my boot and when a man's pain got so bad he couldn't take it I'd give him a shot.

Shot to Pieces

"There was a Texan, I remember. He was shot to pieces, I gave him one of the six shots and he slept one night because of it. I guess it was his last night—alive. Next morning, he was too weak to move, and the Chinese left him there to freeze and die.

"The march to Kangye lasted 18 days. We marched zig-zag and in every direction. I think they were trying to break us down. When a man couldn't go any farther and dropped out, he was left to die. The ones that dropped out—we never saw them again.

"I had a shrapnel wound in the chest, but it didn't bother me. On the second day, we walked through slush and that night I slept in a cow stall. The temperature dropped to about 20 below zero that night. I woke up next morning and my feet were frozen. The Chinese had us out in the road before I had a chance to get my toes unfrozen.

"On Dec. 10 the Chinese guards turned us over to Korean guards and the march went on. The Koreans were worse than the Chinese. They are not civilized. They have no feeling for human beings. They'd stick our men with bayonets and laugh and joke about it.

"Of the 120 who started the

Others Must Stay in Hospitals on Coast; Given Checkups

Travis Air Force Base, Calif., April 30 (AP)—Twelve American fighting men who may never fight again sped to their homes in the far corners of the U. S. today.

They are the vanguard of the first 35 repatriated POWs to reach their beloved homeland from Korea—a strange faroff land they never can forget.

More will fly out of the sprawling air base today and tomorrow. Even as they start the last lap of the long journey home, 63 more will be borne swiftly across the Pacific in giant C-97 Stratocruisers.

All are seeking refuge from an ordeal that began long dreary days ago when they were captured.

Home is the warrior, but he doesn't feel at home. That will come later when the sharp etching of bitter memories fades and the world leaves him alone to pick up the threads as best he can.

Going to Hospitals

For a few, that day is far off. They aren't going home. They are going to hospitals where doctors will try to mend their shattered bodies and broken minds.

The 35 men who arrived yesterday were happy—but they cringed from the welcome that awaited them.

Before they left the plane they sent out the word—"We don't want to talk to any reporter. We have talked enough already."

Then the 26 walking wounded filed off the big plane. They walked straight to a waiting bus. Some smiled, some waved, all looked around curiously.

Little emotion showed on their faces. But strain was there, and pain, and the lines carved deep by war and captivity.

White-jacketed medics then went aboard and brought out nine litter patients. An amputee, a man with tuberculosis, a soldier who couldn't bend his leg.

The bus and the ambulance moved slowly, almost gently, across the base to the bright new hospital.

Kept in Seclusion

For nearly two hours the men were kept in seclusion. Navy, air force and army doctors checked them over, deciding who needed immediate, specialized care . . . who could be sent to hospitals near their homes . . . who could be released at once on 30-day leaves.

The men ate 2-inch steaks and talked to doctors and caught a welcome 40 winks.

Then five repatriates were

Wicks Will Undergo Minor Surgery May 5

Senate Majority Leader Arthur H. Wicks, of this city, will enter Albany Hospital Tuesday for minor surgery, his office at the State Capitol announced this afternoon.

Senator Wicks is expected to remain in the hospital several days and, therefore, he will be unable to attend the dinner sponsored by the New York Republican State Committee in New York May 7.

Kaghan Testifies

Theodore Kaghan, a State Department foreign officer now assigned in Germany, testifies April 29, that he attended some meetings in the 1930's with persons he now assumes were Communists. Kaghan told the Senate Investigations subcommittee headed by Sen. McCarthy (R.-Wis.) that he was not a member of the Communist party although he believes he was worked on to join.

Miami Flier Downs 12th MIG, Says Fight 'Roughest'

Manuel Fernandez Ties Baker — Two More Red Jets Are Downed

Seoul, April 30 (AP)—Capt. Manuel Fernandez shot down his 12th MIG today in "the roughest fight I ever had" to tie the individual record for destruction of the Russian-built Red fighters over Korea.

The scrappy jet ace from Miami destroyed the MIG in a fierce air battle just south of the Yalu river boundary dividing Manchuria and Korea.

Fernandez tied the mark set last month by Col. Royal Baker of McKinney, Tex., who has gone home.

Two more Red jets were blasted to earth and two MIGs were reported damaged.

Allied fighter-bombers — Shooting Stars and Sabres — cratered two air fields in the Haeju peninsula area above the western front and 46 marine propellor-driven Corsairs attacked a troop-supply area near Anak, farther to the north. Pilots reported at least 42 buildings destroyed and 25 fires.

Ground Fighting Light

Ground fighting remained light for the fifth straight day.

Describing the five-minute battle, the 27-year-old Fernandez said:

"The MIGs were coming from all directions. I had to use every bit of skill in the book to outsmart them. I was really glad when that tangle was over."

Fernandez said he evaded two other MIGs which got on his tail. Both went into spins while trying to follow him through light turns, but he was unable to see whether they crashed.

"It was the damndest dogfight I've been in," he said. "Every time

President Will Outline His Desired Defense Changes

Washington, April 30 (AP)—President Eisenhower reportedly laid before legislative leaders today preliminary proposals to whack approximately 8½ billion dollars off former President Truman's budget.

Taft said most of the talking was done by Budget Director Joseph M. Dodge, Jr., Secretary of the Treasury Humphrey, Mutual Security Administrator Harold Stassen and Undersecretary of Defense Roger Kyes. Kyes represented Defense Secretary Wilson, who is in Europe.

The administration spokesmen saw "substantial savings in sight," Taft said, without giving details.

To Report to Press

Washington, April 30 (AP)—President Eisenhower tells the nation today what changes he wants to make in the defense setup and how much spending can be cut in line with his administration's goal of "effectiveness, efficiency and economy" in the military.

As a forum for what the White House billed as a major pronouncement, the President chose his weekly news conference. It was made clear in advance that he would say how much he thinks can safely be trimmed from the 46 billion dollar military spending budget proposed by the Truman administration.

As a prelude, Eisenhower told the U. S. Chamber of Commerce last night there is "no excuse for a wasted penny." But, he added, he will never consent to cutting American defenses below the point of safety.

"There is nothing—no price—

Negotiator Tells Reds Asia Is Out

Harrison Gives Reasons for Not Accepting One of Nations in Far East as Neutral

Panmunjom, April 30 (AP)—The allies warned the Communists today they might take a short cut through the snarled prisoner exchange problem by simply releasing 32,000 North Koreans who don't want to go home.

Lt. Gen. William K. Harrison, chief allied negotiator, said that turning the prisoners free in South Korea would follow a pattern created by the Reds themselves.

He also told the Communists to nominate a non-Asian country as neutral caretaker for 48,000 Communist prisoners who don't want to go home and made it clear the allies would discuss little else until that's done.

Must Come Next

In an unproductive, 51-minute meeting, Harrison said that choosing the neutral caretaker nation must come next. He added:

"All Asian nations are located very close to countries dominated by Communists and might therefore be subjected to Communist military, economic or political influence."

The delegations meet again Friday at 11 a. m. (9 p. m. Thursday, EST).

Harrison told newsmen the Communists "talk a lot about concessions, but on the vital point of ultimate disposition of prisoners there has been no concession of any kind."

He repeated his contention that the Red proposals would indirectly force prisoners to choose between return against their will or endless captivity.

In threatening to release Koreans who don't want to go home, Harrison said:

"It would seem quite appropriate that these Koreans whom we are still holding as prisoners and who want to live in South Korea should be released without further delay to enter into the civilian life of their fellow Koreans rather than be retained indefinitely as they might under your proposal.

Idea Seems Strange

"It always has seemed strange to us that the representatives of Communist China should insist that native Koreans who refuse to return to North Korea and seek to live in South Korea should be forced to return to North Korea. The obviously humane thing would be to release the Korean prisoners who are now in our hands. Such release would also greatly simplify the whole problem of repatriation and the work of the custodial state."

Meanwhile, Rear Adm. John C. Daniel said liaison officers of both sides would meet at 10 a. m. Friday (8 p. m. Thursday EST) to discuss problems concerning exchange of disabled prisoners. He did not say what the problems were.

The Communists have said that 684 disabled allied prisoners (including 149 Americans) turned over last week were all the disabled they had. But those prisoners told of more sick and wounded allied prisoners in North Korean camps.

The allies have been returning 500 Red sick and wounded daily. Delivery of 250 Chinese and 250 North Koreans Friday will bring the total of returned Reds to about 6,000, almost 200 more than were promised.

Guards Are Threatened

At Munsan, 500 sick and wounded Reds threatened allied guards in a short-lived rebellion on a hospital train taking them to Panmunjom for return to communism. The 375 civilian internees and 125 North Korean soldiers finally quieted before they were unloaded for the ambulance ride from Munsan to Panmunjom.

The same problem that broke up the armistice talks last Oct. 8 remains:

Although it's agreed that prisoners who want to go home will be sent back immediately after an armistice, what of the 48,000 who refuse repatriation.

When the talks reopened Sunday, the Reds proposed to send unwilling prisoners to an unnamed neutral country for "explanations" about return to their homelands.

The allies want to keep the 48,000 in Korea under control of a neutral nation, and suggested Switzerland for the job.

Red negotiators rejected Swit-

County Episcopal Churches to Join In Special Fund

Episcopalians belonging to All Saints, Rosendale; St. John's, High Falls; and St. Peter's, Stone Ridge, will join with Episcopalians everywhere in the Diocese of New York Sunday, May 3, in a special offering for the work of the church called The Bishop's Offering.

Each year at this time the Bishop of New York, the Rt. Rev. H. W. B. Donegan, calls for a special offering for work within the Diocese of New York. This offering is above and in addition to the missionary offering given for the general work of the church both at home and abroad. The money is used for some particular effort or efforts in the Diocese which could not be accomplished through the ordinary channels. Sometimes new churches are built. Sometimes additional clergy are hired. The money this year will be used to further the work of Diocesan institutions caring for people not reached by the parishes. The success of The Bishop's Offering this year means the successful carrying out of the work of the church in the Diocese.

Every churchman is being urged to support The Bishop's Offering as much as possible—and by doing so to go "the second mile" in doing the Lord's work.

UC Music Festival Held at Onteora School

The Ulster County Music Education Association held its second annual festival at the Onteora School on Friday. The festival was an all day affair, concluding with a public evening performance. Among the participants were John MacCormack, chairman, of the festival; soloists, Robert Casper of Highland; Roger Thorpe, New Paltz; and James Ayer, Onteora; and Harry Simon, director at Onteora; and the guest conductor, Lloyd Bremer, director of Music, Nyack Public Schools, Nyack.

Schools participating in the event were Wallkill, New Paltz, Highland, Onteora, and Marlborough Central schools; Plattekill school and the New Paltz Campus school.

The program for the day consisted of a massed band and a massed chorus rehearsal; band and vocal performance by the senior organizations of each participating school; and vocal and band demonstrations through the media of instructional films.

In the evening a public performance consisted of a 105-piece band, a 145-voice chorus, and several instrumental solos. The band personnel was composed of students from grades six through 12. *(Freeman photo)*

Pact Is Approved

Rio de Janeiro, Brazil, April 29 (AP) — Brazil's military aid agreement with the United States needed only President Getulio Vargas' signature to become law today. The Senate approved the pact last night by a 37-7 vote. The agreement, providing military aid by the two countries to each other under the U. S. Mutual Security Act, was approved by the Chamber of Deputies last month. It had been negotiated in March, 1952.

County Episcopal Churches to Join In Special Fund

Episcopalians belonging to All Saints, Rosendale; St. John's, High Falls; and St. Peter's, Stone Ridge, will join with Episcopalians everywhere in the Diocese of New York Sunday, May 3, in a special offering for the work of the church called The Bishop's Offering.

Each year at this time the Bishop of New York, the Rt. Rev. H. W. B. Donegan, calls for a special offering for work within the Diocese of New York. This offering is above and in addition to the missionary offering given for the general work of the church both at home and abroad. The money is used for some particular effort or efforts in the Diocese which could not be accomplished through the ordinary channels. Sometimes new churches are built. Sometimes additional clergy are hired. The money this year will be used to further the work of Diocesan institutions caring for people not reached by the parishes. The success of The Bishop's Offering this year means the successful carrying out of the work of the church in the Diocese.

Every churchman is being urged to support The Bishop's Offering as much as possible—and by doing so to go "the second mile" in doing the Lord's work.

EISENHOWER MEMORIAL

It is natural for Abilene, Kansas, to honor its most distinguished son, President Eisenhower, but historians will see some drawbacks to the form which the commemoration is to take. A memorial building is to be erected, according to the announcement, within 60 days. This will house the President's war trophies and many of his personal papers. In addition, the building will be the headquarters for an Americanization program.

The part to which historians may object is the location of General Eisenhower's papers in Kansas. They will be much needed for study for his campaigns and his administration. Historians would prefer to have them in the Library of Congress at Washington, where the papers of most Presidents have been deposited. They are not going to take it kindly if they have to make special trips to Abilene.

The same criticism applies to the memorial at Independence, Mo. It should be possible to commemorate a famous citizen without requiring that the documentary records of his career be kept at his birthplace. Presidents belong not to one community but to the nation, and the nation should have the materials about their lives.

An argument for decentralization however, may still be made. It's the old one about not keeping all the eggs in one basket, for one bomb to destroy. No decision involving considerations of possible war is easy.

WEST GERMANY ELECTION

The people of West Germany will have an opportunity to express their approval or disapproval of Chancellor Konrad Adenauer in the forthcoming elections. Adenauer heads a coalition government of which the Christian Democrats, his own party, is the strongest faction. The Christian Democrats will stand or fall on his record.

Adenauer has achieved an admirable record in promoting the economic recovery of his country as well as in foreign affairs. He has been an ardent supporter of measures intended to unify Europe against the threat of Communism and he has led the fight against Communism and recurrent Nazism in his own country.

Perhaps the crowning accomplishment of his term in office was his recent trip to the United States. He was warmly received in this country and this meant a great deal to the people of West Germany. They have been making an honest effort to erase the disgraceful years when they followed Hitler. Adenauer's reception in the United States means that they have come at least part of the way to this goal.

If Adenauer's party should win the elections it will assure the United States that West Germany will continue on the course he has set.

Diligent gardeners have been working in their yards for some time now. If the weather is right the first bumper crop of weeds can be expected any day.

The whole world is speculating as to what the Russians intend to do next. There are indications that perhaps the Russians are wondering about the same thing.

BATTLE OF THE TRUCKS

The New York Legislature has passed a bill considerably increasing the license fees of trucks. Similar bills are pending in other states.

The chief accusations brought against the trucking companies are overloading and failure to pay their share of upkeep of the paving. Some companies have defended themselves by the argument that a heavy truck does not damage a highway any more than a passenger car.

The dismay brought to drivers and to persons living along main roads by the huge vehicles which continually pound through our cities and villages must be considered.

On the other hand, trucks are necessary. They reach places inaccessible by rail or air. They are flexible and handy. Most of their drivers are expert. But long distance trucks do seem to need roads of their own. Trucks bid fair to be the center of legislative storms for some years to come.

'These Days'

By GEORGE SOKOLSKY

SOCIALISM ON THE MARCH

When the British Labour Party socialized about 20 per cent of the British economy, many in the United States were outraged. But they say nothing about the socialization of about 25 per cent of the American power industry on the theoretical basis that it would improve our rivers. If, for instance, TVA were operated on a business basis, it would have had to repay the Treasury for the investment of the United States in this enterprise.

The task force of the Hoover Commission calls attention, in its report on the TVA, to this part of the law establishing this enterprise, which reads:

". . . in order, as soon as practicable, to make the power projects self-supporting and self-liquidating, the surplus power shall be sold at rates which, in the opinion of the Board, when applied to the normal capacity of the Authority's power facilities will produce gross revenues in excess of the cost of production of said power. . . ."

The total amount repaid by TVA to June 30, 1952, was approximately $40,000,000. The task force recommended a method of calculation, set up on a basis of amortizing the total investment in 50 years with interest at 3 per cent per annum. Such a calculation, brought up to June 30, 1952, would show that TVA should have repaid the Treasury the amount of $200,000,000.

It would be interesting to know exactly on what basis TVA works out a loss of approximately $160,000,000 to the Treasury and to the American taxpayer. What happens to that money? The difficulty with reading government figures is that ordinary accounting methods are not used and it takes great skill to discover where the money is hidden.

In this connection, it is important to note that in his campaign speech at Little Rock, Arkansas, on September 3, 1952, General Eisenhower said:

"Finally, we can have a completely honest Government . . . a Government that will report to the American people on every single item of responsibility concerning its stewardship."

Such a report on the entire TVA transaction is needed. It might be done with such simplicity as Secretary of the Treasury George Humphrey employed in his statement of our legacy.

At Boise, Idaho, General Eisenhower said:

"Now, we have had for a long time a Government that applies the philosophy of the left to Government. The Government will build the power dams, the Government will tell you how to distribute your power, the Government will do this and that. The Government does everything but come in and wash the dishes for the housewife."

This is not unlike the speech ex-President Hoover delivered at the Case Institute of Technology on "Federal Socialization of Electric Power," in which he said:

"Free men can no more permit private economic power without checks and balances than governmental power without checks and balances."

Further, he said:

". . . The first step toward socialization was taken when the Federal Government undertook itself to generate and distribute this electric power from multiple-purpose dams. And now the Federal Government has taken further socialistic leaps by building steam and hydro plants solely for the generation of electric power."

To this, Senator Hubert H. Humphrey said:

"A former President of the United States says, 'Let us get rid of the power dams and all the great public resources.'"

Of course, Mr. Hoover never said anything of the sort. The ex-President only advocated what he always believed, that the Federal Government make some money out of these plants by selling the power at a fair rate and by leasing government-owned plants to private enterprise, or to municipalities or to state governments or to authorities, like the New York Port Authority, which does a very good job in its own sphere of limited activity. In a word, the ex-President feels that we can no longer afford the luxury of losing money on enterprises on which we can make money.

Actually what is happening is that the Federal Government is in competition with private enterprise; the Federal plants do not make a reasonable return and pay no taxes; the private plants will ultimately find it impossible to compete with tax-free government plants and will go out of business.

What is required is a non-partisan, practical business-like approach to this problem in the best interest of the United States. If the Government is in business, it ought to be for a profit.

That Body of Yours

By JAMES W. BARTON, M.D.

PHYSICIANS WHO HAVE DIABETES

The old statement that doctors will not take their own medicine is refuted by the diabetes survey during the 1950 Diabetes Detection Week. A survey was made on 362 male physicians and 22 female physicians of Cincinnati. As there was such a small number of female physicians they were excluded in the analysis. This number, 362, constituted about 37 per cent of the total number of physicians of Cincinnati.

Among the men there were 4 with diabetes mellitus of many years duration. A diagnosis of mild diabetes mellitus was made in only two of the remaining 358. The brief history obtained from each physician revealed that diabetes mellitus had been diagnosd in the parents, brothers and sisters, grandparents, uncles and aunts of 109 (30.4 per cent) of the 358 physicians. Further analysis revealed that 163 of the 358 physicians were Jewish (42.9 per cent) and 195 were non-Jewish with a positive family history in 39 (20 per cent). What do we learn from the above figures?

Greater awareness of family illness may have been responsible for the magnitude of the positive family histories of diabetes reported by the physicians who presented themselves for this survey."

Some years ago a survey of a large group of men of all occupations and professions showed that while diabetes ran in the families of many physicians, the physicians themselves showed the lowest death rate among all occupations and professions.

It is because not only physicians, but the public generally, are aware that by the use of insulin starch foods can be used by the body processes, and no deaths occur when the patient is under the care of his physician.

Another factor that saves many lives in the medical profession is that with a family history of diabetes in which in many cases overweight is also present, the chances of diabetes occurring is greatly increased so the physician not only watches his diet but uses insulin when sugar in urine and blood is above normal limits. I have quoted Dr. E. P. Joslin, the noted diabetes specialist, as warning those with a family history of diabetes that they the practically inviting diabetes if they allow themselves to become overweight but, on the other hand, can actually prevent diabetes by keeping their weight within normal limits.

Physicians may not like taking medicine or other substances but they have the best record insofar as preventing diabetes in themselves is concerned.

The One Cancels the Other

Edson's Washington News Notebook

By PETER EDSON
NEA Washington Correspondent

Washington (NEA) — There is every indication that people buying their own homes and GI's making Veterans' Administration loans to buy houses or set themselves up in business will have to pay slightly higher interest rates in the near future.

Home builders and mortgage bankers are now exerting terrific pressure on Washington to get these interest rates raised. This action comes hard on the heels of the U. S. Treasury's successful offering of a billion-dollar, long-term bond issue at 3¼ per cent—roughly one half of one per cent higher than the average government-loan interest rate in recent years.

Albert M. Cole, the new Housing and Home Finance administrator, is authorizing no official statement on this interest rate question beyond the fact that it is under study. This is to quiet speculation, and if possible to steady the mortgage banking market until a final decision is reached which will be in harmony with VA, Treasury and other governmental fiscal policy.

As a matter of fact, the future interest rate for government-guaranteed home mortgages is not so much a question for Mr. Cole alone to decide. It is more in the field of the Federal Housing Administration under the new commissioner, Guy O. Hollyday.

Mr. Hollyday is a former president of the Title Guarantee Co. of Baltimore, with long experience in home-mortgage banking.

The mere study of this interest rate question involves some of the trickiest and most delicately balanced business relationships.

Interest Rate Trend Is Upward

Over the past 10 years, the trend of this rate has been gradually upward. Government-insured war housing was financed largely at 4 per cent, which was then a premium rate. When Congress passed the G.I. bill, it authorized direct loans to veterans at 4 per cent. G.I. mortgage loan rates were also fixed at 4 per cent, although authorization was given to raise the rate to 4½ per cent if the Secretary of the Treasury approved.

At the end of the war when FHA returned to normal home-mortgage insurance, the interest rate was set at 4½ per cent, which at that time was a premium rate. In 1950 this was dropped to 4¼ per cent.

The argument of the home-building industry is that this rate is not high enough to attract capital, in today's relatively tighter money market. The federal housing act authorizes an interest rate as high at 5 per cent. There is no thought that the rate will be raised that high to attract money into the home-mortgage financing field. That isn't necessary now.

Actually, however, two practices have been developing in home-mortgage financing which have the same effect as raising interest rates above the 4¼ per cent level.

First of these is the discounting of mortgages. When a builder goes in to borrow, say $10,000, it may be discounted at 4 per cent. The builder then gets $9600. He has to pay back the other $400. This is the equivalent of having to pay back the $10,000 at a higher interest rate. The banker gets the extra $400 in lieu of more interest, and he gets it in advance.

Borrower Makes 4 Per Cent Deposit

A second step in this business is what is known as warehousing of mortgage loans. In this practice, the mortgage banker, acting as a broker, will agree to loan a builder $10,000, for example, on condition the borrower makes a deposit of 4 per cent or $400.

The lender agrees to warehouse this loan for six months. If in that time he can sell the mortgage for more than $9600, the amount over this sum will be returned to the borrower. If the lender can't sell the mortgage for more than this amount, he will throw the deal back on the borrower, who will then be stuck. A lot of builders caught in this squeeze may be in shaky condition.

Mortgage discount rates aren't quoted on any exchange, so there is no way of knowing how prevalent these practices are. In effect, however, the only way the builder can beat this game is to sell his $10,000 house for $10,400 or more, or to reduce the quality of his construction. The home buyer pays for it in the end.

One of the arguments in favor of raising the interest rate on home mortgages is that it would end all these shady practices and put home financing on a more legitimate basis. It is said to be impossible to write regulations which will protect the home buyer by preventing under-the-counter deals.

The effect of raising home-mortgage interest rates as a monthly payment cost of principal and interest on each $1000 borrowed is shown by this table:

Term of Loan	4%	4¼%	4½%	4¾%	5%
15 yrs.	$7.40	$7.53	$7.65	$7.78	$7.91
20 yrs.	6.06	6.20	6.33	6.47	6.60
25 yrs.	5.28	5.42	5.56	5.71	5.85
30 yrs.	4.78	4.92	5.07	5.22	5.37

Hundred-Day Appraisals of Eisenhower Administration Are Going Around

By DAVID LAWRENCE

Washington, April 30—There are lots of "first 100 days of Eisenhower" appraisals going the rounds. Just why 100 days were selected as the period in which to take the pulse of the new administration may be puzzling to some, but it's just a relic of the first 100 days of Franklin D. Roosevelt's first administration. In his first 100 days, he turned a somersault, repudiated his campaign pledges and, in a spectacular set of moves, persuaded a rubber-stamp Congress to enact legislation much of which has left a residue of damage that may take decades to remedy.

No such 100-day yardstick was applied to President Truman after he took office, either the first or second time.

Actually 100 days is too little time in which to size up any administration. The Eisenhower regime has hardly gotten started. It is still a mixture of amateurism in politics and honest intentions, with plenty of zeal and enthusiasm to remake the government and give it more efficient personnel.

Much more significant than what the Eisenhower administration has done is what its political opponents and some of its misguided friends have tried to do to reshape the administration into a bigger and better New Deal. The President, however, has managed to move cautiously and to retain a basic conviction that he was elected on a platform of change rather than continuance of previous policies.

It is interesting to note the "reviews" by the "left wing," including some who supported Eisenhower. They give the impression that the principal achievement has been the victory in the Bohlen case and the rebuffs, gentle though they may be, which have been directed at Senator McCarthy.

As a matter of fact, reading some of the reviews, one would think "McCarthyism" is more important than anything else. The people who say this have short memories. For the "red herring" technique originated by President Truman when Alger Hiss was being subjected to an alleged "witch hunt" and "hysteria" has convinced many people that the louder the "left wing" cries out about "McCarthyism," the more the suspicion is aroused that anti-communism is more necessary than ever as a national policy no matter conducts the investigations.

Back in 1933 not a single "left winger" protested congressional investigations when men of good character were pilloried in investigations of banks and banking practices. The "left wing" reveled in them.

The most important thing that has happened in the last 100 days is not such secondary issues as whether congressional investigations are good or bad but whether the Eisenhower administration is succeeding in getting an upper hand in the "cold war." The speech by the President on April 16 was a milestone in the forward movement of the new administration, not only in this country but all over the world.

It is foreign policy, national defense planning, and the war in Korea which are most vital to the nation today, with a balanced budget and tax reduction as next in importance and, of course, they are all interdependent.

Looking back in political history, it isn't what happens in the first 100 days of an administration that counts but what the people think at the end of about a year or so. No administration in the last half century has worn out its welcome in so short a period as 100 days. On the contrary, the people have been noticeably patient with an incoming administration — they are more patient than the scribes or the partisans or even the supporters who keep in a fever of anticipatory excitement about the next election, whether it be two or four years away.

Mr. Eisenhower's personality has made a favorable impression in Washington. He is learning fast some of the ways of government and politics. His staff is still new and untrained in Washington methods but also is learning rapidly. On the whole, the new personnel in the top places show much promise, but there are still more New Dealers in policy-making jobs than there should be if the new administration intends to clean house.

So far as political progress generally is concerned, there probably isn't much change from what it was last November, though, if anything, Mr. Eisenhower may have increased his personal popularity and prestige. The political evaluation of the Eisenhower strength so far must be related to the stronger tide of anti-Trumanism which won the last election and may help the Republicans increase their congressional majority in 1954. For the record shows that, when a tide of a negative character starts to run, it doesn't reach its peak always in a victorious presidential election but continues for two to four years.

Franklin Roosevelt promised a 25 per cent reduction in the budget and tax reduction, and then boosted the budget sky high. He promised to cut down bureaucracy and to do many other things that were proclaimed in the 1932 platform, but before 1933 was over he had started the nation toward a spending spree and a series of unbalanced budgets. Unemployment wasn't cured until the war in Europe broke out six years later. Yet the tide against Hooverism was running so strong that in the congressional election of 1934 the Democrats increased their majority. The Democrats ran Hoover as an opponent every election after that and not without some success. The Republicans, by running against Trumanism in 1954, may make political history repeat itself.

AS PEGLER SEES IT

By WESTBROOK PEGLER

Under the impression that organized baseball was declining, I consulted Ford Frick, the national commissioner, or "czar," as we used to call that office, proposing an appraisal of the institution today and a comparison with the situation in 1913. Minor league baseball seemed to me to offer a bleak and tawdry life to young men. Many of the low minors travel by bus and receive meal allowances on the road which restrict the players to hamburgers, hot dogs and meat loaf.

The Mexicans in the southwest are used to beans and some of them actually knock down money even on an allowance of $3.50 a day. However, that is not a new problem. In the lean days of the Philadelphia Athletics after the first war, when the allowance was $2.50 on the road, there was a standing jest to the effect that some of the athletes saved $1.25 a day and showed up so weak that they couldn't get out of their tracks. The Giants and Yankees, at the other extreme, let their men sign tabs in the hotel dining room and eat themselves "out of the league" if they had no better sense.

A few years back, one club in a Class D League was bedding down its players six to a room on cots in hotel sample rooms when for 50 cents a day more they could have had single rooms, with a player limit of 16, this meant only $8 a day more, on the road, in a relatively short season and not in all the road towns, at that.

But the fact must be remembered that many such little clubs cannot draw enough money to break even for the simple reason that the American public has either lost a degree of interest in small-time professional ball or has divided its interest and available spending money with many competing attractions which did not exist 40 years ago. The pay is small in all the low minors, income taxes bite deep, the young men are unsettled in their plans and the "glamor" of the status of professional ball-player has waned. In many cases, the chamber of commerce spirit of local automobile dealers and other captains of industry has made up deficits year after year for the sole purpose of sparing their towns the stigma of dismissal from their wonted leagues for want of support.

These are facts, but Mr. Frick surprises me with the news that as against 41 leagues in 1913, there are 40 leagues going today but with 307 clubs as against 264 then. The explanation lies in the fact that there were many more leagues with only four or six clubs than there are now. Eight clubs is the standard size. Moreover, Ford points out, the number of players allowed for each club has been increased in most leagues and that many more athletes are employed regularly now.

Remembering that 40 years ago our papers carried from dozens to hundreds of scores by innings, great expanses of box-scores and columns of "challenges" by the Little Tornadoes and North Side Tigers, usually with a requirement that their opposition be equipped with "suits," I underestimated the volume of sand-lot and other amateur ball today. Incidentally, this phase of our journalism was a racket in New York and probably other cities. A half-dollar enclosed in the envelope with the score or "challenge" delivered by the manager of the aspiring team had an influence on the "diamond dust" editor in

EISENHOWER MEMORIAL

It is natural for Abilene, Kansas, to honor its most distinguished son, President Eisenhower, but historians will see some drawbacks to the form which the commemoration is to take. A memorial building is to be erected, according to the announcement, within 60 days. This will house the President's war trophies and many of his personal papers. In addition, the building will be the headquarters for an Americanization program.

The part to which historians may object is the location of General Eisenhower's papers in Kansas. They will be much needed for study for his campaigns and his administration. Historians would prefer to have them in the Library of Congress at Washington, where the papers of most Presidents have been deposited. They are not going to take it kindly if they have to make special trips to Abilene.

The same criticism applies to the memorial at Independence, Mo. It should be possible to commemorate a famous citizen without requiring that the documentary records of his career be kept at his birthplace. Presidents belong not to one community but to the nation, and the nation should have the materials about their lives.

An argument for decentralization however, may still be made. It's the old one about not keeping all the eggs in one basket, for one bomb to destroy. No decision involving considerations of possible war is easy.

WEST GERMANY ELECTION

The people of West Germany will have an opportunity to express their approval or disapproval of Chancellor Konrad Adenauer in the forthcoming elections. Adenauer heads a coalition government of which the Christian Democrats, his own party, is the strongest faction. The Christian Democrats will stand or fall on his record.

Adenauer has achieved an admirable record in promoting the economic recovery of his country as well as in foreign affairs. He has been an ardent supporter of measures intended to unify Europe against the threat of Communism and he has led the fight against Communism and recurrent Nazism in his own country.

Perhaps the crowning accomplishment of his term in office was his recent trip to the United States. He was warmly received in this country and this meant a great deal to the people of West Germany. They have been making an honest effort to erase the disgraceful years when they followed Hitler. Adenauer's reception in the United States means that they have come at least part of the way to this goal.

If Adenauer's party should win the elections it will assure the United States that West Germany will continue on the course he has set.

BATTLE OF THE TRUCKS

The New York Legislature has passed a bill considerably increasing the license fees of trucks. Similar bills are pending in other states.

The chief accusations brought against the trucking companies are overloading and failure to pay their share of upkeep of the paving. Some companies have defended themselves by the argument that a heavy truck does not damage a highway any more than a passenger car.

The dismay brought to drivers and to persons living along main roads by the huge vehicles which continually pound through our cities and villages must be considered.

On the other hand, trucks are necessary. They reach places inaccessible by rail or air. They are flexible and handy. Most of their drivers are expert. But long distance trucks do seem to need roads of their own. Trucks bid fair to be the center of legislative storms for some years to come.

'These Days'

By GEORGE SOKOLSKY

SOCIALISM ON THE MARCH

When the British Labour Party socialized about 20 per cent of the British economy, many in the United States were outraged. But they say nothing about the socialization of about 25 per cent of the American power industry on the theoretical basis that it would improve our rivers. If, for instance, TVA were operated on a business basis, it would have had to repay the Treasury for the investment of the United States in this enterprise.

The task force of the Hoover Commission calls attention, in its report on the TVA, to this part of the law establishing this enterprise, which reads:

". . . in order, as soon as practicable, to make the power projects self-supporting and self-liquidating, the surplus power shall be sold at rates which, in the opinion of the Board, when applied to the normal capacity of the Authority's power facilities will produce gross revenues in excess of the cost of production of said power. . . ."

The total amount repaid by TVA to June 30, 1952, was approximately $40,000,000. The task force recommended a method of calculation, set up on a basis of amortizing the total investment in 50 years with interest at 3 per cent per annum. Such a calculation, brought up to June 30, 1952, would show that TVA should have repaid the Treasury the amount of $200,000,000.

It would be interesting to know exactly on what basis TVA works out a loss of approximately $160,000,000 to the Treasury and to the American taxpayer. What happens to that money? The difficulty with reading government figures is that ordinary accounting methods are not used and it takes great skill to discover where the money is hidden.

In this connection, it is important to note that in his campaign speech at Little Rock, Arkansas, on September 3, 1952, General Eisenhower said:

"Finally, we can have a completely honest Government . . . a Government that will report to the American people on every single item of responsibility concerning its stewardship."

Such a report on the entire TVA transaction is needed. It might be done with such simplicity as Secretary of the Treasury George Humphrey employed in his statement of our legacy.

At Boise, Idaho, General Eisenhower said:

"Now, we have had for a long time a Government that applies the philosophy of the left to Government. The Government will build the power dams, the Government will tell you how to distribute your power, the Government will do this and that. The Government does everything but come in and wash the dishes for the housewife."

This is not unlike the speech ex-President Hoover delivered at the Case Institute of Technology on "Federal Socialization of Electric Power," in which he said:

"Free men can no more permit private economic power without checks and balances than governmental power without checks and balances."

Further, he said:

". . . The first step toward socialization was taken when the Federal Government undertook itself to generate and distribute this electric power from multiple-purpose dams. And now the Federal Government has taken further socialistic leaps by building steam and hydro plants solely for the generation of electric power."

To this, Senator Hubert H. Humphrey said:

"A former President of the United States says, 'Let us get rid of the power dams and all the great public resources.'"

Of course, Mr. Hoover never said anything of the sort. The ex-President only advocated what he always believed, that the Federal Government make some money out of these plants by selling the power at a fair rate and by leasing government-owned plants to private enterprise, or to municipalities or to state governments or to authorities, like the New York Port Authority, which does a very good job in its own sphere of limited activity. In a word, the ex-President feels that we can no longer afford the luxury of losing money on enterprises on which we can make money.

Actually what is happening is that the Federal Government is in competition with private enterprise; the Federal plants do not make a reasonable return and pay no taxes; the private plants will ultimately find it impossible to compete with tax-free government plants and will go out of business.

What is required is a non-partisan, practical business-like approach to this problem in the best interest of the United States. If the Government is in business, it ought to be for a profit.

That Body of Yours

By JAMES W. BARTON, M.D.

PHYSICIANS WHO HAVE DIABETES

The old statement that doctors will not take their own medicine is refuted by the diabetes survey during the 1950 Diabetes Detection Week. A survey was made on 362 male physicians and 22 female physicians of Cincinnati. As there was such a small number of female physicians they were excluded in the analysis. This number, 362, constituted about 37 per cent of the total number of physicians of Cincinnati.

Among the men there were 4 with diabetes mellitus of many years duration. A diagnosis of mild diabetes mellitus was made in only two of the remaining 358. The brief history obtained from each physician revealed that diabetes mellitus had been diagnosd in the parents, brothers and sisters, grandparents, uncles and aunts of 109 (30.4 per cent) of the 358 physicians. Further analysis revealed that 163 of the 358 physicians were Jewish (42.9 per cent) and 195 were non-Jewish with a positive family history in 39 (20 per cent). What do we learn from the above figures?

Greater awareness of family illness may have been responsible for the magnitude of the positive family histories of diabetes reported by the physicians who presented themselves for this survey."

Some years ago a survey of a large group of men of all occupations and professions showed that while diabetes ran in the families of many physicians, the physicians themselves showed the lowest death rate among all occupations and professions.

It is because not only physicians, but the public generally, are aware that by the use of insulin starch foods can be used by the body processes, and no deaths occur when the patient is under the care of his physician.

Another factor that saves many lives in the medical profession is that with a family history of diabetes in which in many cases overweight is also present, the chances of diabetes occurring is greatly increased so the physician not only watches his diet but uses insulin when sugar in urine and blood is above normal limits. I have quoted Dr. E. P. Joslin, the noted diabetes specialist, as warning those with a family history of diabetes that they the practically inviting diabetes if they allow themselves to become overweight but, on the other hand, can actually prevent diabetes by keeping their weight within normal limits.

Physicians may not like taking medicine or other substances but they have the best record insofar as preventing diabetes in themselves is concerned.

The One Cancels the Other

Edson's Washington News Notebook

By PETER EDSON
NEA Washington Correspondent

Washington (NEA) — There is every indication that people buying their own homes and GI's making Veterans' Administration loans to buy houses or set themselves up in business will have to pay slightly higher interest rates in the near future.

Home builders and mortgage bankers are now exerting terrific pressure on Washington to get these interest rates raised. This action comes hard on the heels of the U. S. Treasury's successful offering of a billion-dollar, long-term bond issue at 3¼ per cent—roughly one half of one per cent higher than the average government-loan interest rate in recent years.

Albert M. Cole, the new Housing and Home Finance administrator, is authorizing no official statement on this interest rate question beyond the fact that it is under study. This is to quiet speculation, and if possible to steady the mortgage banking market until a final decision is reached which will be in harmony with VA, Treasury and other governmental fiscal policy.

As a matter of fact, the future interest rate for government-guaranteed home mortgages is not so much a question for Mr. Cole alone to decide. It is more in the field of the Federal Housing Administration under the new commissioner, Guy O. Hollyday.

Mr. Hollyday is a former president of the Title Guarantee Co. of Baltimore, with long experience in home-mortgage banking.

The mere study of this interest rate question involves some of the trickiest and most delicately balanced business relationships.

Interest Rate Trend Is Upward

Over the past 10 years, the trend of this rate has been gradually upward. Government-insured war housing was financed largely at 4 per cent, which was then a premium rate. When Congress passed the G.I. bill, it authorized direct loans to veterans at 4 per cent. G.I. mortgage loan rates were also fixed at 4 per cent, although authorization was given to raise the rate to 4½ per cent if the Secretary of the Treasury approved.

At the end of the war when FHA returned to normal home-mortgage insurance, the interest rate was set at 4½ per cent, which at that time was a premium rate. In 1950 this was dropped to 4¼ per cent.

The argument of the home-building industry is that this rate is not high enough to attract capital, in today's relatively tighter money market. The federal housing act authorizes an interest rate as high at 5 per cent. There is no thought that the rate will be raised that high to attract money into the home-mortgage financing field. That isn't necessary now.

Actually, however, two practices have been developing in home-mortgage financing which have the same effect as raising interest rates above the 4¼ per cent level.

First of these is the discounting of mortgages. When a builder goes in to borrow, say $10,000, it may be discounted at 4 per cent. The builder then gets $9600. He has to pay back the other $400. This is the equivalent of having to pay back the $10,000 at a higher interest rate. The banker gets the extra $400 in lieu of more interest, and he gets it in advance.

Borrower Makes 4 Per Cent Deposit

A second step in this business is what is known as warehousing of mortgage loans. In this practice, the mortgage banker, acting as a broker, will agree to loan a builder $10,000, for example, on condition the borrower makes a deposit of 4 per cent or $400.

The lender agrees to warehouse this loan for six months. If in that time he can sell the mortgage for more than $9600, the amount over this sum will be returned to the borrower. If the lender can't sell the mortgage for more than this amount, he will throw the deal back on the borrower, who will then be stuck. A lot of builders caught in this squeeze may be in shaky condition.

Mortgage discount rates aren't quoted on any exchange, so there is no way of knowing how prevalent these practices are. In effect, however, the only way the builder can beat this game is to sell his $10,000 house for $10,400 or more, or to reduce the quality of his construction. The home buyer pays for it in the end.

One of the arguments in favor of raising the interest rate on home mortgages is that it would end all these shady practices and put home financing on a more legitimate basis. It is said to be impossible to write regulations which will protect the home buyer by preventing under-the-counter deals.

The effect of raising home-mortgage interest rates as a monthly payment cost of principal and interest on each $1000 borrowed is shown by this table:

Term of Loan	4%	4¼%	4½%	4¾%	5%
15 yrs.	$7.40	$7.53	$7.65	$7.78	$7.91
20 yrs.	6.06	6.20	6.33	6.47	6.60
25 yrs.	5.28	5.42	5.56	5.71	5.85
30 yrs.	4.78	4.92	5.07	5.22	5.37

Unemployment wasn't cured until the war in Europe broke out six years later. Yet the tide against Hooverism was running so strong that in the congressional election of 1934 the Democrats increased their majority. The Democrats ran Hoover as an opponent every election after that and not without some success. The Republicans, by running against Trumanism in 1954, may make political history repeat itself.

AS PEGLER SEES IT

By WESTBROOK PEGLER

Under the impression that organized baseball was declining, I consulted Ford Frick, the national commissioner, or "czar," as we used to call that office, proposing an appraisal of the institution today and a comparison with the situation in 1913. Minor league baseball seemed to me to offer a bleak and tawdry life to young men. Many of the low minors travel by bus and receive meal allowances on the road which restrict the players to hamburgers, hot dogs and meat loaf.

The Mexicans in the southwest are used to beans and some of them actually knock down money even on an allowance of $3.50 a day. However, that is not a new problem. In the lean days of the Philadelphia Athletics after the first war, when the allowance was $2.50 on the road, there was a standing jest to the effect that some of the athletes saved $1.25 a day and showed up so weak that they couldn't get out of their tracks. The Giants and Yankees, at the other extreme, let their men sign tabs in the hotel dining room and eat themselves "out of the league" if they had no better sense.

A few years back, one club in a Class D League was bedding down its players six to a room on cots in hotel sample rooms when for 50 cents a day more they could have had single rooms, with a player limit of 16, this meant only $8 a day more, on the road, in a relatively short season and not in all the road towns, at that.

But the fact must be remembered that many such little clubs cannot draw enough money to break even for the simple reason that the American public has either lost a degree of interest in small-time professional ball or has divided its interest and available spending money with many competing attractions which did not exist 40 years ago. The pay is small in all the low minors, income taxes bite deep, the young men are unsettled in their plans and the "glamor" of the status of professional ball-player has waned. In many cases, the chamber of commerce spirit of local automobile dealers and other captains of industry has made up deficits year after year for the sole purpose of sparing their towns the stigma of dismissal from their wonted leagues for want of support.

These are facts, but Mr. Frick surprises me with the news that as against 41 leagues in 1913, there are 40 leagues going today but with 307 clubs as against 264 then. The explanation lies in the fact that there were many more leagues with only four or six clubs than there are now. Eight clubs is the standard size. Moreover, Ford points out, the number of players allowed for each club has been increased in most leagues and that many more athletes are employed regularly now.

Remembering that 40 years ago our papers carried from dozens to hundreds of scores by innings, great expanses of box-scores and columns of "challenges" by the Little Tornadoes and North Side Tigers, usually with a requirement that their opposition be equipped with "suits," I underestimated the volume of sand-lot and other amateur ball today. Incidentally, this phase of our journalism was a racket in New York and probably other cities. A half-dollar enclosed in the envelope with the score or "challenge" delivered by the manager of the aspiring team had an influence on the "diamond dust" editor in

Infants' Feeding Problems

Second Year Is The Complex Year Of Child's Life

"Significant behavior disturbances in babies are relatively infrequent during the first year of life as compared with the second," according to Dr. Benjamin Spock, the famed pediatrician.

Mothers will find that feeding problems are most common during the latter part of the first year of life, while the second year ushers in pronounced changes in an infant's personality and behavior that require new resourcefulness and adaptability on the part of the mother. During the first year, the mother blissfully ministers her baby care and feeding with practically no chirp from the little one. But at about a year, the moppet valiantly competes for the prized position as boss of the family. He explores every crook and cranny constantly; his ego is taking definite shape; he senses that he is a separate person and is entitled to wishes and a will of his own. It's easy to see what prompted one four-year oldster's remarks as he quizzically gazed at his baby brother, who lay squealing and wailing in his crib, and asked, "Did he come from heaven?" "Yes, dear.", replied his mother. "No wonder they put him out," was the little tyke's conclusion.

As the romping toddler becomes more insistent in his independence, he simultaneously becomes aware of his dependence. Undoubtedly, it is part of his total pattern of emotional development that when he has the ability and desire to explore away from his mother, he also has the instinct to hurry back for reassurance when he meets with something strange and apparently dangerous.

Then, too, more feeding problems occur during the second year than during any other period. The mother becomes frustrated and the child balky. These unhealthy attitudes are easily spread into other aspects of their relationship. If the mother is a stable, friendly, warm-hearted, sympathetic sort of a person, she finds ways to cope with the toddler's whims . . . even if she has to forego current teaching on diet, toilet training and discipline. But the insecure or the dominating parent is easily thwarted.

Although the pediatrician cannot hope to change the mother's basic nature, he gives her advice to minimize these mother-baby clashes. He explains that the baby will be a better judge than he or she of how much the baby needs at eash feeding; he counsels the mother when starting solids to give the child time to get used to them and he advises against weaning until the child shows readiness.

If you want to make the second year in your child's life smooth, here is an easy guide to menu planning for a toddler. It's a guide arranged to meet minimum resistance at meal time.

WALLKILL NEWS

Wallkill, April 29—Mrs. Jennie Bebbington of Wallkill announces the engagement of her daughter, Ida Dorothy, to James L. Jennings, Jr., son of Mr. and Mrs. Raymond Coy of Cronomer Valley. Miss Bebbington is a graduate of Wallkill High School, Moran School of Business in Kingston and is employed as secretary to the purchasing agent at Standard Winding Company, Newburgh. Mr. Jennings, a graduate of Wappingers Falls Central School, is a veteran of World War 2, having served two years with the military police in Germany. He is employed by Raymond Coy of Cronomer Valley.

On Tuesday evening in Newburgh, Miss Sarah Gulick, a teacher in the Wallkill Central School system, addressed the American Association of University Women meeting held in Newburgh at the home of Mrs. Kenneth Dugan of 10 Gedney Way. Miss Gulick entertained her audience with an account of her year's travel and study in Europe accompanying her talk with colored slides which she had taken. The speaker concerned herself mainly with England, France and Spain, although she had visited many other European countries.

Wallkill Stage Group To Give Play on May 2

Saturday, May 2, at 8:15 p. m., will be the "zany hour" at the Wallkill Central School Auditorium when the curtain rises on the hilarious 3-act comedy, "I Like It Here." This spring production of the veteran thespians of the Wallkill Footlight Club, produced by special arrangement of Samuel C. French, is being sponsored by Boy Scout Troop 76 of Wallkill.

Members of the cast include Edward Edsall, Harry Headlam, Olive Napolitano, Ethel Pesacreta, Leonard Almquist, Jack Holmes, Joe Kzimir and Maria Miller.

Director of the production is Marion Doolittle while Margaret Crist is producer and Dee Crowell is the prompter. The following people are also serving on the various committees: Publicity, Jane Eckert, Fred Terwilliger; stage, George Vogel, Jack Schmeizer, James McClung, Jim Crowell, Joe Doolittle, Anna Brown, Lil Geyer and Richard Powell. Also, props, Lillian Headlam, Elizabeth Parliman, Kay McClung, Dot Titus and Claire Wickner; lights, Joe Wickes and Fred Terwilliger; sound, Joan Keator, Olive Quick; and make-up, Frederica Terwilliger, Vera Edsall, Lil Geyer, Florence Holmes and Myrna Schmeizer.

The Jolly Eight Card Club met at the home of Mrs. Nettie Crookston Tuesday evening. Those playing that evening were Mrs. Harry Morehouse, Mrs. James Smith, Mrs. Louisa Parliman, Mrs. Adrian Hulse, Mrs. Arthur Terwilliger, Mrs. Hugh Galbraith, Mrs. Everett Cameron, Miss Annie Rhinehart, and Mrs. Nettie Crookston.

The Wallkill Woman's Club will hold its annual luncheon Saturday, May 2, at the Hotel Newburgh. This will be combined with a trip to the Monroe historic village and the ladies will assemble and leave Wallkill at 8:30 a. m. for Monroe. After the inspection of the village they will return to Newburgh for their luncheon at 1 p. m. Mrs. Charles E. Penney, club president, will be in charge of the day.

On May 8 the Wallkill Woman's Club will hold its annual meeting and garden party at 2:30 p. m. at the home of Mrs. Walter Wallach. Anyone needing transportation is requested to call Mrs. Arthur Terwiliger. Mrs. Charles E. Penney will preside at the meeting and annual reports of officers and chairmen of the various committees will be scheduled for the day. Mrs. Louis Seurat will be the social chairman of the afternoon.

Members of the Wallkill Missionary Society of the Wallkill Reformed Church are reminded that if they are planning to attend the annual spring institute of the Woman's Missionary Union of the Classis of Orange, they must notify Mrs. Roefer, Wallkill 3-2248 before May 5. The Institute is being held this year at the Callicoon Center Church, Callicoon Center, Tuesday, May 12, with morning and afternoon sessions.

The congregation of the Wallkill Reformed Church has been invited to the Gardiner Reformed Church next Sunday, May 3, at 8 p. m. The Rev. Lee Crandall will give a talk and show slides about the Akobo mission, Africa, where the Reformed Church missionaries, Mr. and Mrs. Paul Arnold, are now located. Refreshments will be served and a social hour will follow.

Two Wallkill Nurses Are Capped at Vassar

Miss Mary Gobe, daughter of Mr. and Mrs. John Gobe and Miss Kathryn Mower, daughter of Mr. and Mrs. William Mower both of Wallkill were among the 26 student nurses of Vassar Hospital School of Nursing, Poughkeepsie, receiving their caps at an impressive ceremony held at the Joseph T. Tower Home Friday.

After the singing of the Star Spangled Banner, Dr. Albert A. Rosenberg, president of the medical staff of the hospital, addressed the assembly. Mrs. Isabelle H. Christiana, director of nurses, welcomed the group, after which the Glee Club under the direction of Charles Terry provided music. Following this, Mrs. Christiana, director of nurses, and Miss Myrtle Weeks, president of the Student Council, presided at the capping ceremony and the lighting of the Florence Nightingale lamps. A social hour followed.

Both girls are graduates of the class of 1952 of Wallkill Central School, having been active in various school activities. They are both members of the Wallkill Reformed Church.

Guests of Miss Gobe attending were Mr. and Mrs. John Gobe, Mrs. Harold Daley, Sr., Mr. and Mrs. Harold Daley, Jr., of Wallkill, Mr. and Mrs. William Baumer of Kingston, Mr. and Mrs. William Schriber of New Paltz and Stanley Nevins of Plattekill.

Guests of Miss Mower were Mr. and Mrs. William Mower, Mrs. Bertha VanDemark of Newburgh, Mrs. Ira DeVoe, Miss Helen Lyons, Mr. and Mrs. Arthur Terrell, Miss Anita Terrell, Oscar J. Greene, and Mr. and Mrs. Harry W. Dunn all of Wallkill.

Miss Mary Gobe, daughter of Mr. and Mrs. John Gobe, and Miss Kathryn Mower, daughter of Mr. and Mrs. William Mower, spent the weekend with their parents. Miss Florence Mower, another daughter of the William Mower's, spent the weekend with her parents also. Florence is now affiliating at the Columbia Presbyterian Hospital at New York.

Mr. and Mrs. Theron Smith were Sunday guests of their son and family, Mr. and Mrs. Irwin Smith of Monroe.

Mrs. Harry W. Morehouse spent Monday at the home of her daughter and family, Mr. and Mrs. Wallace Palen of New Hurley.

The Bridge Club of Wallkill enjoyed Saturday in New York, attending the stage play the Love of Four Colonels, starring Rex Harrison and Lili Palmer. They also enjoyed luncheon at the Gripsholm and toured in various parts of the city. Ladies enjoying the trip were Mrs. Margaret Whipple, Mrs. Ethel Merrill, Mrs. Helen Jansen, Mrs. Helen Sutherland, Mrs. Elizabeth Hammesfahr, Mrs. Marge Ross, Mrs. Mary McKendrick, Mrs. Hazel Spencer, Mrs. Jesse Shephard and Miss Jane Eckert. Unable to join the group were Mrs. Harriet McHugh and Mrs. Mary Kessler.

Celebrating birthdays this week are April 26, Emmet Conklin; April 28, Harold H. Titus, and Mrs. Elizabeth Crist; April 29, Mary Ann Law, Bertha Landrine and Mrs. Pat Appley.

Miss Pauline DuBois, daughter of Mr. and Mrs. Herbert S. DuBois, spent the weekend with her parents.

Mr. and Mrs. Joseph W. Morris and sons, Jeffrey and Charles, were Sunday guests at the home of his sister, Mr. and Mrs. Raymond Playne, and his father, George Gledhill of Walden.

Carney Announces He Is Planning Mayor Campaign

Elmer Carney, of 15 Florence street, announced yesterday afternoon that he is seeking to run for mayor on "an independent ticket," next fall.

Asked by a Freeman reporter if he had any special reason for making the effort to gain a place on the next election ballot, he declared:

"Yes, I want to show the people of Kingston what is happening here, and why we haven't got new industry."

Carney said he plans a "one-man campaign" and will take it "right to the people." He said he will try to soive "what will happen here in the future."

Asked Then Refused

Carney became somewhat known around city hall when he pushed for the extension of Florence street. On last March 18 the Common Council authorized a $15,000 bond issue to cover cost of improving the street and on March 26 Mayor Oscar V. Newkirk informed the Board of Public Works that a letter he had received from Mr. and Mrs. Carney opposed the project as presently proposed.

The bond issue for the street's improvement was authorized under usual city charter terms requiring property owners to pay 75 and the city 25 per cent of the cost.

Carney said he has a lawyer drawing up a petition, which under a provision of the election law, must contain signatures of at least 1,500 persons who voted in the last election for governor before a candidate is eligible for a designation.

The United States has about 275,000 blind people.

NAACP Chapter Begins Membership Campaign

A membership campaign by the local chapter of the National Association for the Advancement of Colored People opened today and will continue until May 9.

Those interested in obtaining applications for membership may contact one of the following members: Mrs. Mittie Miller, Mrs. Bessie Tyler, Mr. and Mrs. Walter Brown, the Rev. Charles C. Jackson, Allen W. Burton, John Anderson or H. Armstrong.

Miss Bebbington is a graduate of Wallkill High School, Moran School of Business in Kingston and is employed as secretary to the purchasing agent at Standard Winding Company, Newburgh. Mr. Jennings, a graduate of Wappingers Falls Central School, is a veteran of World War 2, having served two years with the military police in Germany. He is employed by Raymond Coy of Cronomer Valley.

On Tuesday evening in Newburgh, Miss Sarah Gulick, a teacher in the Wallkill Central School system, addressed the American Association of University Women meeting held in Newburgh at the home of Mrs. Kenneth Dugan of 10 Gedney Way. Miss Gulick entertained her audience with an account of her year's travel and study in Europe accompanying her talk with colored slides which she had taken. The speaker concerned herself mainly with England, France and Spain, although she had visited many other European countries.

Wallkill Stage Group To Give Play on May 2

Saturday, May 2, at 8:15 p. m., will be the "zany hour" at the Wallkill Central School Auditorium when the curtain rises on the hilarious 3-act comedy, "I Like It Here." This spring production of the veteran thespians of the Wallkill Footlight Club, produced by special arrangement of Samuel C. French, is being sponsored by Boy Scout Troop 76 of Wallkill.

Members of the cast include Edward Edsall, Harry Headlam, Olive Napolitano, Ethel Pesacreta, Leonard Almquist, Jack Holmes, Joe Kzimir and Maria Miller.

Director of the production is Marion Doolittle while Margaret Crist is producer and Dee Crowell is the prompter. The following people are also serving on the various committees: Publicity, Jane Eckert, Fred Terwilliger; stage, George Vogel, Jack Schmeizer, James McClung, Jim Crowell, Joe Doolittle, Anna Brown, Lil Geyer and Richard Powell. Also, props, Lillian Headlam, Elizabeth Parliman, Kay McClung, Dot Titus and Claire Wickner; lights, Joe Wickes and Fred Terwilliger; sound, Joan Keator, Olive Quick; and make-up, Frederica Terwilliger, Vera Edsall, Lil Geyer, Florence Holmes and Myrna Schmeizer.

The Jolly Eight Card Club met at the home of Mrs. Nettie Crookston Tuesday evening. Those playing that evening were Mrs. Harry Morehouse, Mrs. James Smith, Mrs. Louisa Parliman, Mrs. Adrian Hulse, Mrs. Arthur Terwilliger, Mrs. Hugh Galbraith, Mrs. Everett Cameron, Miss Annie Rhinehart, and Mrs. Nettie Crookston.

The Wallkill Woman's Club will hold its annual luncheon Saturday, May 2, at the Hotel Newburgh. This will be combined with a trip to the Monroe historic village and the ladies will assemble and leave Wallkill at 8:30 a. m. for Monroe. After the inspection of the village they will return to Newburgh for their luncheon at 1 p. m. Mrs. Charles E. Penney, club president, will be in charge of the day.

On May 8 the Wallkill Woman's Club will hold its annual meeting and garden party at 2:30 p. m. at the home of Mrs. Walter Wallach. Anyone needing transportation is requested to call Mrs. Arthur Terwiliger. Mrs. Charles E. Penney will preside at the meeting and annual reports of officers and chairmen of the various committees will be scheduled for the day. Mrs. Louis Seurat will be the social chairman of the afternoon.

Members of the Wallkill Missionary Society of the Wallkill Reformed Church are reminded that if they are planning to attend the annual spring institute of the Woman's Missionary Union of the Classis of Orange, they must notify Mrs. Roefer, Wallkill 3-2248 before May 5. The Institute is being held this year at the Callicoon Center Church, Callicoon Center, Tuesday, May 12, with morning and afternoon sessions.

The congregation of the Wallkill Reformed Church has been invited to the Gardiner Reformed Church next Sunday, May 3, at 8 p. m. The Rev. Lee Crandall will give a talk and show slides about the Akobo mission, Africa, where the Reformed Church missionaries, Mr. and Mrs. Paul Arnold, are now located. Refreshments will be served and a social hour will follow.

Two Wallkill Nurses Are Capped at Vassar

Miss Mary Gobe, daughter of Mr. and Mrs. John Gobe and Miss Kathryn Mower, daughter of Mr. and Mrs. William Mower both of Wallkill were among the 26 student nurses of Vassar Hospital School of Nursing, Poughkeepsie, receiving their caps at an impressive ceremony held at the Joseph T. Tower Home Friday.

After the singing of the Star Spangled Banner, Dr. Albert A. Rosenberg, president of the medical staff of the hospital, addressed the assembly. Mrs. Isabelle H. Christiana, director of nurses, welcomed the group, after which the Glee Club under the direction of Charles Terry provided music. Following this, Mrs. Christiana, director of nurses, and Miss Myrtle Weeks, president of the Student Council, presided at the capping ceremony and the lighting of the Florence Nightingale lamps. A social hour followed.

Both girls are graduates of the class of 1952 of Wallkill Central School, having been active in various school activities. They are both members of the Wallkill Reformed Church.

Guests of Miss Gobe attending were Mr. and Mrs. John Gobe, Mrs. Harold Daley, Sr., Mr. and Mrs. Harold Daley, Jr., of Wallkill, Mr. and Mrs. William Baumer of Kingston, Mr. and Mrs. William Schriber of New Paltz and Stanley Nevins of Plattekill.

Guests of Miss Mower were Mr. and Mrs. William Mower, Mrs. Bertha VanDemark of Newburgh, Mrs. Ira DeVoe, Miss Helen Lyons, Mr. and Mrs. Arthur Terrell, Miss Anita Terrell, Oscar J. Greene, and Mr. and Mrs. Harry W. Dunn all of Wallkill.

Miss Mary Gobe, daughter of Mr. and Mrs. John Gobe, and Miss Kathryn Mower, daughter of Mr. and Mrs. William Mower, spent the weekend with their parents. Miss Florence Mower, another daughter of the William Mower's, spent the weekend with her parents also. Florence is now affiliating at the Columbia Presbyterian Hospital at New York.

Mr. and Mrs. Theron Smith were Sunday guests of their son and family, Mr. and Mrs. Irwin Smith of Monroe.

Mrs. Harry W. Morehouse spent Monday at the home of her daughter and family, Mr. and Mrs. Wallace Palen of New Hurley.

The Bridge Club of Wallkill enjoyed Saturday in New York, attending the stage play the Love of Four Colonels, starring Rex Harrison and Lili Palmer. They also enjoyed luncheon at the Gripsholm and toured in various parts of the city. Ladies enjoying the trip were Mrs. Margaret Whipple, Mrs. Ethel Merrill, Mrs. Helen Jansen, Mrs. Helen Sutherland, Mrs. Elizabeth Hammesfahr, Mrs. Marge Ross, Mrs. Mary McKendrick, Mrs. Hazel Spencer, Mrs. Jesse Shephard and Miss Jane Eckert. Unable to join the group were Mrs. Harriet McHugh and Mrs. Mary Kessler.

Celebrating birthdays this week are April 26, Emmet Conklin; April 28, Harold H. Titus, and Mrs. Elizabeth Crist; April 29, Mary Ann Law, Bertha Landrine and Mrs. Pat Appley.

Miss Pauline DuBois, daughter of Mr. and Mrs. Herbert S. DuBois, spent the weekend with her parents.

Mr. and Mrs. Joseph W. Morris and sons, Jeffrey and Charles, were Sunday guests at the home of his sister, Mr. and Mrs. Raymond Playne, and his father, George Gledhill of Walden.

Carney Announces He Is Planning Mayor Campaign

Elmer Carney, of 15 Florence street, announced yesterday afternoon that he is seeking to run for mayor on "an independent ticket," next fall.

Asked by a Freeman reporter if he had any special reason for making the effort to gain a place on the next election ballot, he declared:

"Yes, I want to show the people of Kingston what is happening here, and why we haven't got new industry."

Carney said he plans a "one-man campaign" and will take it "right to the people." He said he will try to solve "what will happen here in the future."

Asked Then Refused

Carney became somewhat known around city hall when he pushed for the extension of Florence street. On last March 18 the Common Council authorized a $15,000 bond issue to cover cost of improving the street and on March 26 Mayor Oscar V. Newkirk informed the Board of Public Works that a letter he had received from Mr. and Mrs. Carney opposed the project as presently proposed.

The bond issue for the street's improvement was authorized under usual city charter terms requiring property owners to pay 75 and the city 25 per cent of the cost.

Carney said he has a lawyer drawing up a petition, which under a provision of the election law, must contain signatures of at least 1,500 persons who voted in the last election for governor before a candidate is eligible for a designation.

The United States has about 275,000 blind people.

NAACP Chapter Begins Membership Campaign

A membership campaign by the local chapter of the National Association for the Advancement of Colored People opened today and will continue until May 9.

Those interested in obtaining applications for membership may contact one of the following members: Mrs. Mittie Miller, Mrs. Bessie Tyler, Mr. and Mrs. Walter Brown, the Rev. Charles C. Jackson, Allen W. Burton, John Anderson or H. Armstrong.

Pete was in Australia when he saw his first kangaroo. He stood looking at the large hind legs and small front ones, the thick powerful tail, the pouch from which the baby kangaroo peeped, the large size of it, the terrific speed at which it ran, and said disgustedly, "Heck, there ain't no such animal!"

A little girl was watching her mother spread cold cream on her face.

Girl—What's that for, mummy?

Mother—That's to make me beautiful, darling.

Girl (after watching her mother remove all the cream, whispered in a tone of sadness)—It didn't work, did it?

Genius knows no obstacles, mediocrity knows nothing but obstacles.

Exception

An argument will leave me cold,
And much to my chagrin it
Is quite a waste of time to me
Unless, of course, I win it.
—Ned Wadlinger

An old couple were making their way slowly and laboriously along the slippery street one wintry morning; he was little and thin and she was big and fat; suddenly he reached out and took her arm and thus they proceeded.

A young couple who were following closely noted the move. "Isn't that nice of the old fellow?" the young woman remarked.

"Humph," grunted her companion, with a masculine lack of sentiment. "Probably he thinks it's easier to hold her up than it would be to pick her up!"

Bridegroom—I thee endow with all my worldly goods.

His Father—There goes his bicycle.

Girl—(to suitor) Look — let's compromise. I won't return your ring and I won't keep it. Let's sell it and split the cash.

He owns two cars, but W. H. Holmes, of Creal Springs, Ill., prefers to ride to church Sundays on his horse, Sweetheart. "I just feel more at home on the horse," said Holmes. "My wife and children like to use the car."

Phil—They say race horses never eat the day before a race.

Dill—Yes, and when I bet on them I don't eat for a couple of days after!

POW to Get Trotter

Yonkers, April 30 (AP) — While Pvt. Joe Picerno was a prisoner of the Communists in Korea he wrote his family at Springfield Gardens, that more than anything else he'd like to have a trotting horse. Now Picerno is coming home, one of the repatriated GI's, and he'll have a trotter waiting for him. William H. Cane, president of Yonkers Raceway, said today he's giving Picerno an interest in Sir Joseph, a five-year-old trotter training at Aiken, S. C. Sir Joseph will be shipped here May 12.

While the body reposed in the funeral home many relatives and friends called and many floral pieces and spiritual bouquets in the form of Mass cards were received. Attending the Mass was a delegation from the Connecticut Junior Republic where the deceased was employed. The Rev. Joseph A. Geis called and said the prayers for the dead and on Tuesday evening Father Raftery called and led those assembled in the recitation of the Rosary. The burial was in St. Peter's Cemetery where the Rev. Father Geis gave the final blessing. The bearers were John Sass, Frank Sass, Kevin Sass, Henry Nicols, Henry Nicols, Jr., and Charles Mayr.

Six Are Arrested

for hearing May 4 at 7 p. m. before Lonstein.

Coroner Ernest A. Kelly said Frederick (Carroll) Oderisio, died of acute coronary insufficiency brought on by excitement.

Autopsy Performed

The autopsy showed an enlarged heart affected by coronary sclerosis from which he had suffered for years, Kelly said. The coroner said the arteries were almost closed tight, and that the excitement (of the raid) brought on death.

Funeral arrangements, he said will be by the Hearley Funeral Home, Albany, and burial will be in St. Agnes Cemetery, Albany, on May 4.

Might Arrest Others

Kingston police indicated today that other arrests may be made as a result of the raid at 650 Broadway.

One man, who went out of a window as the raiding groups of police arrived, was caught and questioned, but was not booked on any charge.

A local police blotter notation at 3 p. m., listed Sgt. Lemuel Howard, Officers Carl Janasiewicz, Meyer Levy and George Loughran, Sheriff Cluett Schantz, Undersheriff Clayton Vredenburgh, County Investigator Arthur Brown, Deputies Arthur Wolven, William Churchill, Albert Eisele, Earl Conro and Fred Brinkman, Lt. W. F. Driscoll, of the state police, Sgt. Lynn Baker, Sgt. Arthur Reilly and Trooper John Metzer, as members of the raiding group.

Are in Plain Clothes

Sgt. Howard said two members of the state police squad in plain clothes entered the building first. They were followed by the local police and the sheriff's force. The state policemen entered first, he said, because it was felt they would not be recognized by those in the room.

Police said they found no "action" as they entered the place, but they confiscated papers, books and other material which they allege was used for gambling purposes. The district attorney said that among items confiscated at Ellenville were tables, felt covers, dice, numbers and horse racing slips.

State police from the Ellenville barracks picked up Johnson and Morzet on orders of the district attorney.

Named by Thayer

Morzet is the man who was named in an article by Harry M. Thayer, editor of the Ellenville Press, in the newspaper's March 19 issue. It charged gambling was in progress in the village.

A Kingston police blotter notation at 7:15 p. m., yesterday, said that Sickler was arrested on a warrant executed by Detectives Clarence Brophy and Frank Sammons, and Reynolds was arrested on a warrant executed by Lt. William Messing at police headquarters.

Another notation at 11:10 p. m., said Cerasaro and Vincent were arrested on warrants executed by Lt. Messing, also at headquarters.

Owned by Tesoro

Police Chief Raymond Van Buren said the building at 650 Broadway, which houses the Broadway Smoke House is owned by Joseph Tesoro.

Sgt. Lemuel Howard said when it became apparent that Oderisio was ill he was advised to go outside in the air. It was not long after that when he was taken to the hospital and pronounced dead on arrival. Coroner Kelly indicated that Oderisio had suffered two heart attacks at police headquarters.

Local police staged two raids and made 13 arrests on gambling charges in April 1951, and in March, 1952, booked nine men following another raid here.

Five men were arrested in one of the 1951 raids on a Chambers street place, and eight were arrested in another on North Front street. Men from the sheriff's office assisted in the 1952 raid on a place at Broadway and Thomas street.

Rent Control Extended

Washington, April 30 (AP)—President Eisenhower today signed a bill extending rent controls on 5,500,000 housing units in 32 states until July 31. The controls had been due to expire at midnight tonight.

Chambers Street Fire Brings Trucks at 5:15

Firemen quenched a fire in the bedroom of the apartment occupied by Anna DeGroat, at 55 Chambers street, early today.

Men and equipment from Cornell and Central stations answered the call at 5:15 a. m., and firemen said a bed, mattress, box spring and part of the bedroom floor were burning on their arrival. The fire was quenched by a hydrant stream, and a burning cigarette was listed as the probable cause.

The bedroom was on the second floor of a house owned by Jesse Passante, of 43 Ponckhockie street.

33 New Members Are Signed in CC

Thirty-three new members in the Kingston Chamber of Commerce were reported with nearly half of the workers unable to report last night. At the report supper general satisfaction was expressed over the intensive one-day campaign although quite a large number of call-backs are still to be made.

A total of twenty-eight members of the chamber worked on the drive. Some found it impossible to make their visits Wednesday, but plan to do so before the end of this week.

The chamber budget for 1953-54 will be approved at the regular meeting of the board of directors on May 12. The final results of the membership drive will influence most of the items in the budget. Memberships are the only source of regular income for the chamber.

Terwilliger 'Fair'

Galley Gets Jail In Connection With Leaving His Child

Walter Galley, former town of Marlborough resident, entered a plea of guilty to violation of Section 483, in County Court today and was sentenced to a year in the county jail. A warrant for violation of parole is pending.

Galley and Barbara Jolin were charged with abandonment of children following the abandonment of a six-month old girl in the town of Gardiner in 1951. The pair went to Chicago where they served time for another abandonment and on release were brought to Ulster county. Mrs. Jolin recently was given a year in jail and execution of sentence suspended since she has a job and is working to support her children. Andrew J. Cook, Jr., appeared for Galley.

Robert Mansfield, Jr., indicted for assault, second degree, and also for rape, second degree, entered a plea of guilty to both charges. On the assault charge he was given from one to three years in Clinton State Prison and execution of sentence was suspended and he was placed on probation. On the rape charge he agreed to support the child. Sherwood E. Davis appeared for Mansfield.

Civil matters for the present have been concluded but Judge Cashin will adjourn the term to a date in June following the report of the grand jury at 2 p. m. today.

President Will

that is too great to pay for the preservation of our liberties," Eisenhower said.

To lay the groundwork for the announcement, he called two White House meetings this morning: One with Republican congressional leaders who will steer his recommendations through Congress, and the other with the National Security Council, which advises the Chief Executive on foreign and military policies and relates military plans to the economic and military capabilities of the nation.

In advance of the news conference, there was general expectation that Eisenhower would establish only the overall total, leaving detailed allocations among the three armed forces to later announcements.

The President so far has said—at a previous news conference—only that he was confident defense spending would be cut for the fiscal year starting July 1. He made no estimate at that time.

There seemed a possibility that Eisenhower might also mention changes recommended by a government reorganization committee in the State and Defense Departments. The full report is expected to be made public later in the week.

No Zone Opposition

Applications for two zoning changes were unopposed at public hearings last night in the Common Council chamber, city hall. One was by Frank Fiore for a business designation on a property at Gill and Catherine streets, and the other by Alfred Mones for a property at Washington and Lucas avenues. Alderman Abram Relyea, chairman of the Common Council laws and rules committee conducted the hearing.

State Department

resignations accounted for the rest.

In addition, Mundt said, the administration has removed or obtained the resignations of 49 others "for reasons of suitability, security or homosexuality" since the GOP took over Jan. 20. Another 112 applicants have been denied jobs since then on the same grounds, he added.

In going before the subcommittee today Dulles faces such outspoken Acheson critics as Chairman Bridges (R.-N. H.) and Sens. McCarthy (R.-Wis.), Ferguson (R.-Mich.), Dirksen (R.-Ill.) and McCarran (D.-Nev.).

The group is considering the department's request for 130 million dollars in appropriations for the year starting July 1. Later it will take up a bill to provide money for foreign aid authorizations.

The administration is reported drafting a foreign aid bill calling for about $5,800,000,000 in new money, compared with former President Truman's request for at least $17,600,000,000. Mutual Security Director Harold E. Stassen declined comment on reports he was arguing against recommendations under $6,100,000,000.

Dulles didn't give the Senate Foreign Relations Committee any figures in his appearance before a closed session yesterday. He declared then that extension of Communist-led attacks in Indo-China to Laos "has created a serious new problem which disturbs all peace-loving people."

Chairman Wiley (R.-Wis.) said Dulles emphasized Laos "is a spearhead the free world cannot afford to lose."

Miami Flier Downs

I looked behind me I saw a MIG firing."

The Florida ace said he opened up on one MIG at about 200 feet and it exploded.

"The pilot never did bail out and crashed with the plane," he said.

Has 14 Left

Fernandez, who asked for 25 more missions after flying the required 100, has 14 left. He's going after the overall mark of 14 Red planes set by Maj. George Davis, who destroyed 11 MIGs and three propeller driven planes before he crashed in Red territory in February, 1952.

Red broadcasters took advantage in the ground lull to blare across to allied troops:

"Thank you for your good treatment of our prisoners of war."

A woman's broadcast voice cooed in the Panmunjom truce sector:

"There is peace in Korea. Lay down your arms."

In the biggest skirmishes early Thursday, three South Korean raider patrols killed or wounded 46 Reds on the eastern front.

Allied Sabre jets flying as fighter-bombers bombed an air field at Sinmak above the western front, scoring 28 direct hits, the air force said. The flight was led by Commandant Rolfe Geneke, commanding officer of the Second South African Air Force Squadron. This was Geneke's 100th mission.

POWs Go Home

ushered into the hospital auditorium. Two were litter cases. They were placed in hospital beds ringed by newspaper, TV and newsreel cameramen and reporters. The other three were seated.

The barrage of questions began—questions that had been asked and answered in Panmunjom, Freedom Village, Tokyo, Honolulu. Questions that must be answered again when they reach home.

They took it well, these men who have taken it so long.

Pfc. Raymond H. Medina of the Bronx, New York, and Cpl. Theodore Jackson of Palestine, Tex., calmly and patiently told and retold of the monotonous POW diet . . . of Red attempts to convert them to communism . . . their surprise and gratitude at their repatriation. They told too of their plans: Jackson, a 10-year veteran, will stay in the army. Medina wants to go to college and major in English literature.

Gracious but Reticent

A few other repatriates wandered in. They were questioned, left alone, questioned again. All were gracious, but happy when it ended. Men who have lived alone with their thoughts hesitate to share them with strangers.

Then it was all over. The lucky ones got their travel orders, partial pay, plane or train reservations home, transportation into San Francisco, 40 miles away.

Twenty-one were told they could go home at once—but only 12 felt up to leaving last night.

Seven were told they would be flown today to government hospitals near their home.

And seven were told they would be sent to hospitals best equipped and staffed for their special needs.

For some the ordeal is nearly over. For others, the end is not in sight.

Connecticut GI

march, 80 got to the valley camp at Kangye were we spent the rest of the winter. The Koreans locked all of us up in a big room. They wouldn't let us out to use a latrine. So our living quarters were our latrine. We all had dysentery by that time and you can see that the room wasn't a good place to be after awhile.

"When a man died, the Koreans would tumble his body out of the room, and take it up the hill to the grave. Once, the men among us who could walk were allowed to fix a cross and stagger up the hill to the grave and plant the cross there.

"I was unconscious for three days after we got to Kangye. All the meat came off the bottom of my feet and all of the meat came off my toes and the bones were sticking out.

"In February a Korean nurse gave me the first medical attention I got, if you could call it that. She walked in with a pair of garden shears and clipped off eight of my toe bones, leaving the big toe bones. I broke them off later with my fingers.

"All we had to eat was maize and the tops off a cane—we called it sorghum. With dysentery, I got down to 60 pounds.

Stops His Dysentery

"I stopped the dysentery by sucking salt all day long and by burning maize to a crisp and eating it. I treated my feet by cutting up my cotton blanket and making bandages for them. By April, when we were taken by truck to Camp No. 1 near the Yalu, only 40 of us were left.

"At Camp No. 1, they tried to put me in the hospital. I didn't want to go to the hospital, because too many of the men were going to the hospital and not coming back. One of my big toe bones needed attention and a Chinese guard asked me about it. He stepped out of the room a minute. I had a long thumb nail. He reached down and snapped the bone off. When the Chinese came back in the room I showed him there was no longer any bone. He went away and I didn't have to go to the hospital.

"In August, 1952, the Communists transferred me to another camp—No. 4, also near the Yalu. It was a camp for what they called 'reactionaries.' I never would go for any of their doctrines and I refused to write articles or make any broadcasts. I had got this far, and I wasn't about to go back on the U. S. Government or the U. S. Army. We had worse conditions at the reactionary camp, worse chow and less hours to sleep."

As to Treffery's plans:

"They're up to my fiancee." She is blonde Dorthea Asplund, 24, Union City, Conn.

"After I get back," he said, "we are going to be married."

Treffery's mother, Mrs. Edith Hawksley, lives at Terryville, Conn.

"I got letters from her while I was in prison camp," the corporal said. "She told me to keep my chin up. Well, I did."

Six Are Arrested

for hearing May 4 at 7 p. m. before Lonstein.

Coroner Ernest A. Kelly said Frederick (Carroll) Oderisio, died of acute coronary insufficiency brought on by excitement.

Autopsy Performed

The autopsy showed an enlarged heart affected by coronary sclerosis from which he had suffered for years, Kelly said. The coroner said the arteries were almost closed tight, and that the excitement (of the raid) brought on death.

Funeral arrangements, he said will be by the Hearley Funeral Home, Albany, and burial will be in St. Agnes Cemetery, Albany, on May 4.

Might Arrest Others

Kingston police indicated today that other arrests may be made as a result of the raid at 650 Broadway.

One man, who went out of a window as the raiding groups of police arrived, was caught and questioned, but was not booked on any charge.

A local police blotter notation at 3 p. m., listed Sgt. Lemuel Howard, Officers Carl Janasiewicz, Meyer Levy and George Loughran, Sheriff Cluett Schantz, Undersheriff Clayton Vredenburgh, County Investigator Arthur Brown, Deputies Arthur Wolven, William Churchill, Albert Eisele, Earl Conro and Fred Brinkman, Lt. W. F. Driscoll, of the state police, Sgt. Lynn Baker, Sgt. Arthur Reilly and Trooper John Metzer, as members of the raiding group.

Are in Plain Clothes

Sgt. Howard said two members of the state police squad in plain clothes entered the building first. They were followed by the local police and the sheriff's force. The state policemen entered first, he said, because it was felt they would not be recognized by those in the room.

Police said they found no "action" as they entered the place, but they confiscated papers, books and other material which they allege was used for gambling purposes. The district attorney said that among items confiscated at Ellenville were tables, felt covers, dice, numbers and horse racing slips.

State police from the Ellenville barracks picked up Johnson and Morzet on orders of the district attorney.

Named by Thayer

Morzet is the man who was named in an article by Harry M. Thayer, editor of the Ellenville Press, in the newspaper's March 19 issue. It charged gambling was in progress in the village.

A Kingston police blotter notation at 7:15 p. m., yesterday, said that Sickler was arrested on a warrant executed by Detectives Clarence Brophy and Frank Sammons, and Reynolds was arrested on a warrant executed by Lt. William Messing at police headquarters.

Another notation at 11:10 p. m., said Cerasaro and Vincent were arrested on warrants executed by Lt. Messing, also at headquarters.

Owned by Tesoro

Police Chief Raymond Van Buren said the building at 650 Broadway, which houses the Broadway Smoke House is owned by Joseph Tesoro.

Sgt. Lemuel Howard said when it became apparent that Oderisio was ill he was advised to go outside in the air. It was not long after that when he was taken to the hospital and pronounced dead on arrival. Coroner Kelly indicated that Oderisio had suffered two heart attacks at police headquarters.

Local police staged two raids and made 13 arrests on gambling charges in April 1951, and in March, 1952, booked nine men following another raid here.

Five men were arrested in one of the 1951 raids on a Chambers street place, and eight were arrested in another on North Front street. Men from the sheriff's office assisted in the 1952 raid on a place at Broadway and Thomas street.

Chambers Street Fire Brings Trucks at 5:15

Firemen quenched a fire in the bedroom of the apartment occupied by Anna DeGroat, at 55 Chambers street, early today.

Men and equipment from Cornell and Central stations answered the call at 5:15 a. m., and firemen said a bed, mattress, box spring and part of the bedroom floor were burning on their arrival. The fire was quenched by a hydrant stream, and a burning cigarette was listed as the probable cause.

The bedroom was on the second floor of a house owned by Jesse Passante, of 43 Ponckhockie street.

33 New Members Are Signed in CC

Thirty-three new members in the Kingston Chamber of Commerce were reported with nearly half of the workers unable to report last night. At the report supper general satisfaction was expressed over the intensive one-day campaign although quite a large number of call-backs are still to be made.

A total of twenty-eight members of the chamber worked on the drive. Some found it impossible to make their visits Wednesday, but plan to do so before the end of this week.

The chamber budget for 1953-54 will be approved at the regular meeting of the board of directors on May 12. The final results of the membership drive will influence most of the items in the budget. Memberships are the only source of regular income for the chamber.

Galley Gets Jail In Connection With Leaving His Child

Walter Galley, former town of Marlborough resident, entered a plea of guilty to violation of Section 483, in County Court today and was sentenced to a year in the county jail. A warrant for violation of parole is pending.

Galley and Barbara Jolin were charged with abandonment of children following the abandonment of a six-month old girl in the town of Gardiner in 1951. The pair went to Chicago where they served time for another abandonment and on release were brought to Ulster county. Mrs. Jolin recently was given a year in jail and execution of sentence suspended since she has a job and is working to support her children. Andrew J. Cook, Jr., appeared for Galley.

Robert Mansfield, Jr., indicted for assault, second degree, and also for rape, second degree, entered a plea of guilty to both charges. On the assault charge he was given from one to three years in Clinton State Prison and execution of sentence was suspended and he was placed on probation. On the rape charge he agreed to support the child. Sherwood E. Davis appeared for Mansfield.

Civil matters for the present have been concluded but Judge Cashin will adjourn the term to a date in June following the report of the grand jury at 2 p. m. today.

President Will

that is too great to pay for the preservation of our liberties," Eisenhower said.

To lay the groundwork for the announcement, he called two White House meetings this morning: One with Republican congressional leaders who will steer his recommendations through Congress, and the other with the National Security Council, which advises the Chief Executive on foreign and military policies and relates military plans to the economic and military capabilities of the nation.

In advance of the news conference, there was general expectation that Eisenhower would establish only the overall total, leaving detailed allocations among the three armed forces to later announcements.

The President so far has said—at a previous news conference—only that he was confident defense spending would be cut for the fiscal year starting July 1. He made no estimate at that time.

There seemed a possibility that Eisenhower might also mention changes recommended by a government reorganization committee in the State and Defense Departments. The full report is expected to be made public later in the week.

No Zone Opposition

Applications for two zoning changes were unopposed at public hearings last night in the Common Council chamber, city hall. One was by Frank Fiore for a business designation on a property at Gill and Catherine streets, and the other by Alfred Mones for a property at Washington and Lucas avenues. Alderman Abram Relyea, chairman of the Common Council laws and rules committee conducted the hearing.

Boggs Improves

Richard Boggs, 31, of 3 Canal street, who was the victim of a shooting on Canal street last Friday night, was reported improving at Kingston Hospital today. Police charge that Ulie Brinkley, 32, of 7 Canal street, felled Boggs with a shotgun. The shot entered Boggs' back and stomach, authorities said.

resignations accounted for the rest.

In addition, Mundt said, the administration has removed or obtained the resignations of 49 others "for reasons of suitability, security or homosexuality" since the GOP took over Jan. 20. Another 112 applicants have been denied jobs since then on the same grounds, he added.

In going before the subcommittee today Dulles faces such outspoken Acheson critics as Chairman Bridges (R.-N. H.) and Sens. McCarthy (R.-Wis.), Ferguson (R.-Mich.), Dirksen (R.-Ill.) and McCarran (D.-Nev.).

The group is considering the department's request for 130 million dollars in appropriations for the year starting July 1. Later it will take up a bill to provide money for foreign aid authorizations.

The administration is reported drafting a foreign aid bill calling for about $5,800,000,000 in new money, compared with former President Truman's request for at least $17,600,000,000. Mutual Security Director Harold E. Stassen declined comment on reports he was arguing against recommendations under $6,100,000,000.

Dulles didn't give the Senate Foreign Relations Committee any figures in his appearance before a closed session yesterday. He declared then that extension of Communist-led attacks in Indo-China to Laos "has created a serious new problem which disturbs all peace-loving people."

Chairman Wiley (R.-Wis.) said Dulles emphasized Laos "is a spearhead the free world cannot afford to lose."

Miami Flier Downs

I looked behind me I saw a MIG firing."

The Florida ace said he opened up on one MIG at about 200 feet and it exploded.

"The pilot never did bail out and crashed with the plane," he said.

Has 14 Left

Fernandez, who asked for 25 more missions after flying the required 100, has 14 left. He's going after the overall mark of 14 Red planes set by Maj. George Davis, who destroyed 11 MIGs and three propeller driven planes before he crashed in Red territory in February, 1952.

Red broadcasters took advantage in the ground lull to blare across to allied troops:

"Thank you for your good treatment of our prisoners of war."

A woman's broadcast voice cooed in the Panmunjom truce sector:

"There is peace in Korea. Lay down your arms."

In the biggest skirmishes early Thursday, three South Korean raider patrols killed or wounded 46 Reds on the eastern front.

Allied Sabre jets flying as fighter-bombers bombed an air field at Sinmak above the western front, scoring 28 direct hits, the air force said. The flight was led by Commandant Rolfe Geneke, commanding officer of the Second South African Air Force Squadron. This was Geneke's 100th mission.

POWs Go Home

ushered into the hospital auditorium. Two were litter cases. They were placed in hospital beds ringed by newspaper, TV and newsreel cameramen and reporters. The other three were seated.

The barrage of questions began—questions that had been asked and answered in Panmunjom, Freedom Village, Tokyo, Honolulu. Questions that must be answered again when they reach home.

They took it well, these men who have taken it so long.

Pfc. Raymond H. Medina of the Bronx, New York, and Cpl. Theodore Jackson of Palestine, Tex., calmly and patiently told and retold of the monotonous POW diet . . . of Red attempts to convert them to communism . . . their surprise and gratitude at their repatriation. They told too of their plans: Jackson, a 10-year veteran, will stay in the army. Medina wants to go to college and major in English literature.

Gracious but Reticent

A few other repatriates wandered in. They were questioned, left alone, questioned again. All were gracious, but happy when it ended. Men who have lived alone with their thoughts hesitate to share them with strangers.

Then it was all over. The lucky ones got their travel orders, partial pay, plane or train reservations home, transportation into San Francisco, 40 miles away.

Twenty-one were told they could go home at once—but only 12 felt up to leaving last night.

Seven were told they would be flown today to government hospitals near their home.

And seven were told they would be sent to hospitals best equipped and staffed for their special needs.

For some the ordeal is nearly over. For others, the end is not in sight.

march, 80 got to the valley camp at Kangye were we spent the rest of the winter. The Koreans locked all of us up in a big room. They wouldn't let us out to use a latrine. So our living quarters were our latrine. We all had dysentery by that time and you can see that the room wasn't a good place to be after awhile.

"When a man died, the Koreans would tumble his body out of the room, and take it up the hill to the grave. Once, the men among us who could walk were allowed to fix a cross and stagger up the hill to the grave and plant the cross there.

"I was unconscious for three days after we got to Kangye. All the meat came off the bottom of my feet and all of the meat came off my toes and the bones were sticking out.

"In February a Korean nurse gave me the first medical attention I got, if you could call it that. She walked in with a pair of garden shears and clipped off eight of my toe bones, leaving the big toe bones. I broke them off later with my fingers.

"All we had to eat was maize and the tops off a cane—we called it sorghum. With dysentery, I got down to 60 pounds.

Stops His Dysentery

"I stopped the dysentery by sucking salt all day long and by burning maize to a crisp and eating it. I treated my feet by cutting up my cotton blanket and making bandages for them. By April, when we were taken by truck to Camp No. 1 near the Yalu, only 40 of us were left.

"At Camp No. 1, they tried to put me in the hospital. I didn't want to go to the hospital, because too many of the men were going to the hospital and not coming back. One of my big toe bones needed attention and a Chinese guard asked me about it. He stepped out of the room a minute. I had a long thumb nail. I reached down and snapped the bone off. When the Chinese came back in the room I showed him there was no longer any bone. He went away and I didn't have to go to the hospital.

"In August, 1952, the Communists transferred me to another camp—No. 4, also near the Yalu. It was a camp for what they called 'reactionaries.' I never would go for any of their doctrines and I refused to write any articles or make any broadcasts. I had got this far, and I wasn't about to go back on the U. S. Government or the U. S. Army. We had worse conditions at the reactionary camp, worse chow and less hours to sleep."

As to Treffery's plans:

"They're up to my fiancee." She is blonde Dorthea Asplund, 24, of Union City, Conn.

"After I get back," he said, "we are going to be married."

Treffery's mother, Mrs. Edith Hawksley, lives at Terryville, Conn.

"I got letters from her while I was in prison camp," the corporal said. "She told me to keep my chin up. Well, I did."

Motor Vehicle Commissioner James R. Macduff's list of driver license and registration revocations for the Albany district released today includes the names of two Ellenville men. The license of Wesley Whittaker, 37, of 82 Canal street, Ellenville, was reported revoked for three speeding convictions, and that of George E. Barringer, 20, of 175 Center street, Ellenville, was revoked because of a "false statement on an application."

Diplomats See No Basic Changes in Russian Aims

By LEON DENNEN
NEA Staff Correspondent

Paris (NEA)—The North Atlantic Council meeting in Paris has given Western diplomats another chance to take a hard look at Russia's "peace" offensive.

Their consensus is that there is as yet no reason to believe that there has been a basic change in Soviet aims.

Despite Premier Georgi M. Malenkov's soft talk and some concessions in Korea, they believe Moscow's basic policy still is:

To break up the North Atlantic Alliance.

Prevent ratification of the European Defense Treaty.

Plunge the non-Communist world, especially the U. S., into an economic crisis.

Achieve a breathing spell in the West.

Accelerate "revolutionary" pressure in Southeast Asia and the Middle East.

"It is in Russia's and China's present interests to terminate hostilities in Korea," a diplomat of a major power told me. "Korea has become too costly to both Russia and Red China and may be disrupting Mao Tse-tung's plans for transforming China into a major power."

But the prospect of peace in Korea should not blind the non-Communist world to the Red danger in Indo-China and elsewhere in the East, beside which Korea may ultimately prove unimportant, the diplomat said.

Moscow's new rulers are trying hard to convince war-jittery Europe that they have abandoned the cold war and are ready to open a new chapter in international relations.

The Red "peace" offensive has already made deep inroads into the mentality of Europe's man-in-the-street.

The European Defense Community, cornerstone of President Eisenhower's strategy for the West's defense against Soviet aggression, has become—for the present at least—a forgotten cause.

By talking softly Moscow has done more to produce adverse economic repercussions in the non-Communist West than have all of the Kremlin's threats and conspiracies in the post-war period.

The theory that the U. S. economy — and therefore Western economy—is kept going only by its arms budget has long been a favorite in the Kremlin. The possibility of an economic crisis in the U. S.—and an "imperialist clash" among the Western powers themselves—were the chief arguments used by both Stalin and Malenkov at the Russian Communist Party Congress held in Moscow last October.

NATO's specialists on Russia are by no means convinced that Moscow's "peace" moves are anything more than tactical shifts designed:

To give Premier Malenkov's regime time to consolidate his power and fill the vacuum of leadership left by Stalin's death.

To consolidate the Kremlin's hold over the East European satellites.

All Allied intelligence reports from behind the Iron Curtain indicate that, far from relaxing their stranglehold on the satellites, the Russians are actually tightening their control in Eastern Europe.

The tightening up of control by Lavrenti Beria's M.V.D. is most easily observed in Poland, Romania and the Soviet zone of Germany.

For the present there is no disposition in NATO circles to underestimate the motives behind Russia's "peace" offensive.

In 1934, the liner Olympic followed the radio beam sent out by the Nantucket lightship and collided with the lightship, sinking it.

Why We Say--

Go Together

These two words are invariably found together. Some time ago, and even today, a ladder with a hook on its end was used by firemen in climbing buildings. The hook on the ladder finally was applied to fire apparatus.

Licenses Are Revoked

Motor Vehicle Commissioner James R. Macduff's list of driver license and registration revocations for the Albany district released today includes the names of two Ellenville men. The license of Wesley Whittaker, 37, of 82 Canal street, Ellenville, was reported revoked for three speeding convictions, and that of George E. Barringer, 20, of 175 Center street, Ellenville, was revoked because of a "false statement on an application."

Diplomats See No Basic Changes in Russian Aims

By LEON DENNEN
NEA Staff Correspondent

Paris (NEA)—The North Atlantic Council meeting in Paris has given Western diplomats another chance to take a hard look at Russia's "peace" offensive.

Their consensus is that there is as yet no reason to believe that there has been a basic change in Soviet aims.

Despite Premier Georgi M. Malenkov's soft talk and some concessions in Korea, they believe Moscow's basic policy still is:

To break up the North Atlantic Alliance.

Prevent ratification of the European Defense Treaty.

Plunge the non-Communist world, especially the U. S., into an economic crisis.

Achieve a breathing spell in the West.

Accelerate "revolutionary" pressure in Southeast Asia and the Middle East.

"It is in Russia's and China's present interests to terminate hostilities in Korea," a diplomat of a major power told me. "Korea has become too costly to both Russia and Red China and may be disrupting Mao Tse-tung's plans for transforming China into a major power."

But the prospect of peace in Korea should not blind the non-Communist world to the Red danger in Indo-China and elsewhere in the East, beside which Korea may ultimately prove unimportant, the diplomat said.

Moscow's new rulers are trying hard to convince war-jittery Europe that they have abandoned the cold war and are ready to open a new chapter in international relations.

The Red "peace" offensive has already made deep inroads into the mentality of Europe's man-in-the-street.

The European Defense Community, cornerstone of President Eisenhower's strategy for the West's defense against Soviet aggression, has become—for the present at least—a forgotten cause.

By talking softly Moscow has done more to produce adverse economic repercussions in the non-Communist West than have all of the Kremlin's threats and conspiracies in the post-war period.

The theory that the U. S. economy — and therefore Western economy—is kept going only by its arms budget has long been a favorite in the Kremlin. The possibility of an economic crisis in the U. S.—and an "imperialist clash" among the Western powers themselves—were the chief arguments used by both Stalin and Malenkov at the Russian Communist Party Congress held in Moscow last October.

NATO's specialists on Russia are by no means convinced that Moscow's "peace" moves are anything more than tactical shifts designed:

To give Premier Malenkov's regime time to consolidate his power and fill the vacuum of leadership left by Stalin's death.

To consolidate the Kremlin's hold over the East European satellites.

All Allied intelligence reports from behind the Iron Curtain indicate that, far from relaxing their stranglehold on the satellites, the Russians are actually tightening their control in Eastern Europe.

The tightening up of control by Lavrenti Beria's M.V.D. is most easily observed in Poland, Romania and the Soviet zone of Germany.

For the present there is no disposition in NATO circles to underestimate the motives behind Russia's "peace" offensive.

In 1934, the liner Olympic followed the radio beam sent out by the Nantucket lightship and collided with the lightship, sinking it.

Why We Say--

HOOK AND LADDER

Go Together

These two words are invariably found together. Some time ago, and even today, a ladder with a hook on its end was used by firemen in climbing buildings. The hook on the ladder finally was applied to fire apparatus.

Weekly Food Review

Steaks and beef roasts again are the best buys of the week, the nation's food stores report. The same can't be said for pork products.

"Pork prices are booming," commented one chain store sales manager. "They're really up."

Another chain posted hikes on pork chops by 14 cents a pound in Boston and Pittsburgh, 15 cents in Chicago and 21 cents in Los Angeles. The increases were smaller in some other cities—up two cents in Detroit and four cents in Jacksonville.

Behind the rise was a small supply of hogs which sent prices soaring at the livestock markets. Hogs were scarce just when cattle were so plentiful that beef was on the bargain counter. Some quarters suggested that climbing pork prices would bring even heavier consumption of beef, thus improving conditions in the cattle industry.

Beef Prices About Same

By and large, beef prices held about the same, although sirloin steak went up four to eight cents a pound in some areas. Specials mentioned included chuck roast, ground beef and round roast.

Lamb prices edged up again this week, with leg of lamb advancing from two to as much as eight cents a pound. One chain featured leg of lamb shoulder roast, but observed that new supplies would cost more.

There were scattered sales on legs and rumps of veal.

Frying chickens generally were unchanged or a little lower in price. Several big stores put turkeys on sale.

Fish mentioned at special prices included halibut steak and smoked cod fillets.

Most stores cited the same vegetables as good buys—new and old potatoes, asparagus and tomatoes. Lettuce, onions and cabbage also were mentioned. In the wholesale produce markets, vegetable prices were described as unchanged to slightly higher.

Some Fruits Shown

Among fruits going down this week, but only a bit, were navel oranges, lemons, Florida oranges and grapefruit. Strawberries were reaching eastern markets from Virginia and California at slightly lower prices.

Egg prices were much the same. In a few instances, butter slipped a few cents lower in price.

Coffee prices started coming down this week. During March, roasters of vacuum-packed coffee increased prices by five cents a pound because of the rising cost of green coffee. But since then, green coffee has come down in price. One eastern roaster lowered its price this week to the same level that prevailed at the start of the year.

Plattekill

Plattekill, April 29—First and second degrees of initiation were conferred on a class of candidates entering the Plattekill Grange at a meeting Saturday night at the Plattekill Grange Hall. The all-ladies degree team was in charge. Serving on the refreshment committee were Mr. and Mrs. George R. Sisto, Mr. and Mrs. Bruce Huggins, Mr. and Mrs. Kenneth Birdsall, Mr. and Mrs. Walter Kleeman, Mr. and Mrs. Onufry Orlowski, Mrs. John Klein, Mrs. Edmund Wager, Mrs. Marian Beaver and Gladys Dempsky.

Mr. and Mrs. Solie L. Bernard and family of Poughkeepsie, Mr. and Mrs. Freston J. Paltridge of Modena, visited Mr. and Mrs. Kenneth A. Paltridge and sons Sunday.

Assisting Mrs. Milton Van Duser in the campaign for funds in the community of Plattekill are Mrs. George Sisti, Jr., Mrs. Charles Costello, Mrs. Morris Jacobowitz, Mrs. Wilson Edmunds, Mrs. Ira Merwin, Mrs. Margaret Bilbao and Mrs. Onufry Orlowski.

Mr. and Mrs. Vernard B. Wager, Mr. and Mrs. Edmund Wager and family were supper guests of Mr. and Mrs. Albert Wright at Ohioville Sunday night.

An exhibit of articles completed in Plattekill Home Bureau projects during the past season, will appear in Sisti's store, in this section, May 1-9, in observance of National Home Demonstration Week.

Mr. and Mrs. Francis McLaughlin and sons of Marlborough, Mr. and Mrs. Bertram Dimsey of Highland, Mr. and Mrs. Elbridge Gerow of this place, visited Mr. and Mrs. Lester Upright recently.

Red Cross Conducts First Aid Course at City Laboratory

The first aid instructors' course being conducted at the city laboratory by Edward Mongeon, safety representative with the Red Cross Eastern area office, will result in the training of 14 instructors; two new and 12 renewed. Seated from left, Mrs. Lester Sanford, Mrs. Edna Beatty, Miss Angela Petrucelli, Mrs. David Cunningham. Standing, also from left, Arthur Draper, Mary Keating, William Ross, David Cunningham, and Charles Brevoort. In the foreground, Mr. Mongeon demonstrates first aid to Dan Morehouse.

As a prerequisite to enrollment in the first aid course, the new students completed a 22-hour standard course, and a 10-hour advanced course. The Red Cross office provides first aid instruction to the public on a year round basis, without charge. *(Freeman photo)*

Do You Remember

By SOPHIE MILLER

Looking through a Freeman of Friday, Nov. 14, 1913, I ran across following: "The motormen and conductors on the lines of the Kingston Consolidated Railroad were made happy Wednesday when the company announced an increase in wages. Men who have been in the employ of the road for 10 years or more will hereafter receive 24 cents an hour, or one cent increase. Those who have worked less than 10 years will hereafter receive an increase of one-half cent an hour." Well, those were the days of five-cent cigars, beer and trolley rides.

Heavy rains raised the Rondout creek to a point where it overflowed its banks Tuesday, Nov. 11, 1913. It is said, at Derrenbacher's Corners, the water was over the roadway at 9 p. m. that Sunday. Even trolley cars on the Colonial road were tied up on account of the water covering the Strand near the U & D powerhouse. They say there was some four feet of water over the road. Such a swift current was running in the creek that the Skillyput was unable to run. It seems that most every cellar in the business section on the Strand and Ferry street contained water at high tide."

Harry Sweeney of the City Engineer's office just called me to tell me it was his grandfather, Oliver C. Webster, the traveling passenger agent for the Central Hudson Steamboat Co. I mentioned in this column Friday, April 17. The way he had heard the story in his youth was that Webster was coming down the steep Hasbrouck avenue hill on his bicycle back in 1899, and his brakes gave way, and right in the creek he went, just about where the Skillyput used to dock. Only that moment the dock was empty except for the water below. Webster did not hold on to his bicycle after they both went down and were pulled out. Sweeney says he remembers when his grandfather used to take him along on nice days on the old Central Hudson line up or down the river.

I wonder how many folks remember Peter Burhans, who for a number of years ran the cafe in the Crosby Building on Wall street. He died in November of 1913 at his home on 167 Green street of neuralgia of the heart. Burhans came from Old Hurley and went into the retail liquor business with the late Theron Johnston on Wall street. Then it seems Burhans ran it as a sort of club for many of the professional and businessmen of Kingston. The only game allowed in the place was dominoes, and the place became famous for its domino games and domino players. Cards and other games were strictly prohibited at Burhans place. I used to to like to play dominoes as a youngster wtih my grandparents in Port Ewen, also my father played it with me. Once in a while I hear older folks around here talk about domino games. I have one very strange old set, and do not know about its history. It is made from old ivory, long and narrow sticks, with red and black dots at each end. They came in a Chinese round box.

Another item from the 1913 Freeman is an advertisement from Dedrick's Drug Store of 309 Wall street, reading in part: "Kingston Safety Razor Sharpening Co. We sharpen safety razor blades of all kinds. A guaranteed edge for every blade. Single edge blades, dozen 25 cents; double edge, dozen 35c; Duplex blades, dozen 50 cents. All work done on the Odell Electric Machine and returned postpaid."

156th Will Hold Target Practice

Kingston and Poughkeepsie units of the National Guard will fire small arms on the range at Camp Smith, Peekskill, over the weekend.

The four units of the 156th Field Artillery to leave here at about 7 a. m. Saturday by motor convoy are Headquarters and Headquarters Battery, Battery A and Service Battery. Poughkeepsie will send Batteries B and C.

300 Will Take Part

The local units will bring all equipment, including the latest type vehicles used in military service. About 300 men of the Kingston and Poughkeepsie units are expected to attend.

Weekly Increase Is 623 In Korean Casualties

Washington, April 30 (AP)—The Defense Department announced late yesterday a weekly increase of 623 in Korean casualties, bringing the total to 134,410 through last Friday.

Total deaths increased by 105 to 21,369.

The report was the first of the department's weekly summaries to reflect the exchange of sick and wounded prisoners. The summary showed a drop of 30 in the number of known captured and an increase of 82 in the number returned to U. S. control.

McCarthy Declares British, French Aid Red Shipments

Washington, April 30 (AP)—Sen. McCarthy (R.-Wis.) said today Chinese Communists are at least part owners of some ships hauling goods to Red China under pledged protection of the British navy.

McCarthy said he has evidence also that the French government owns three ships carrying cargoes to the Chinese Reds, and has yet to pay the U. S. government in full for any of them.

McCarthy said he hopes to shed light on the cargoes involved when his Senate investigations subcommittee explores these and other matters in public hearings Monday.

The U. S. has banned American shipments to Red China and Britain and France have forbidden ships flying their flags to carry strategic materials to either the China mainland or North Korea.

McCarthy contends there has been widescale violation of that order by some British-flag ships.

Goodyear Store Opening Set Today

Grand opening of the new Goodyear Service Store at 113 North Front street was to be held at 2:30 p. m. today with Mayor Oscar V. Newkirk and Goodyear officials attending.

The opening of the store, a retail division of Goodyear Tire and Rubber Company, Inc., of Akron, O., will continue through Friday and Saturday.

The public is cordially invited to visit the new store during this period, Manager John Golden, formerly of Hyde Park, said this morning. He pointed out that each man visiting the store would receive an ashtray, each woman a candy dish and each child a balloon.

Modern Service

The store, which will feature tires, batteries, recapping, GE appliances and Admiral television sets, has approximately 2,500 square feet of sales room space, 3,000 square feet of service area and 2,500 of storage.

Golden said the store would provide the most modern service equipment, a service truck handling complete tire service on the road for truck, passenger and farm vehicles and equipment.

Golden plans to make his home in Kingston with his wife.

Two Local Managers

Griffin E. Holloran, formerly of Albany, now residing with his wife and two children at 60 Van Buren street, will be office manager of the store. James Decker of 122 Hurley avenue will be service manager.

Among those attending the official opening this afternoon were W. H. Sorn of Albany, district manager; Carl Engberg of Hartford, Conn., district credit manager; H. C. Bott of New York, division store supervisor, and William Elwyn, former Woodstock resident, now associated with the Goodyear office in Albany.

Scientists Say Sounds Reveal Celestial Systems

Washington, April 30 (AP)—Two scientists say celestial systems far beyond the range of existing telescopes can apparently be detected by radio which picks up noises created by heat and other radiation.

Dr. Martin Ryle of Cambridge, England and Dr. Rudolph Minkowski of Mt. Wilson and Mt. Palomar Observatories in California described the evidence yesterday at meetings of the National Academy of Sciences and affiliated groups.

They mentioned no specific distances, but said some noises picked up by sensitive radio devices apparently stem from galaxies far beyond the vision range of the 200-inch Mt. Palomar telescope.

And that's a long way, for it has an estimated range of 5,900 billion miles.

Dr. Merle Tuve of the Carnegie Institution of Washington commented:

"This is an historic occasion. * * * it's to be expected that systems far beyond the limits of any optical instrument will ultimately be studied by this technique."

156th Will Hold Target Practice

Kingston and Poughkeepsie units of the National Guard will fire small arms on the range at Camp Smith, Peekskill, over the weekend.

The four units of the 156th Field Artillery to leave here at about 7 a. m. Saturday by motor convoy are Headquarters and Headquarters Battery, Battery A and Service Battery. Poughkeepsie will send Batteries B and C.

300 Will Take Part

The local units will bring all equipment, including the latest type vehicles used in military service. About 300 men of the Kingston and Poughkeepsie units are expected to attend.

Arrangements have been made for the men to attend religious services of all faiths. The camp's recreational facilities will also be available to them. The Kingston units are expected to return to the armory here at about 5 p. m. Sunday.

When both sides are willing to make high bids, it is only reasonable to expect unbalanced distribution. In such a situation, you must be on the watch for singletons. South's lack of caution in this respect cost him an easy game contract in today's hand.

West opened the king of diamonds, and dummy won with the ace. South saw a chance to get rid of his diamond loser, so he promptly led out the ace and king of hearts, throwing his losing diamond on the second top heart.

South's happiness was short-lived. West ruffed the king of hearts and immediately led his remaining trump. East took the ace of spades and returned his other trump, thus limiting the dummy to one ruffing trick. Since South could ruff only one club in dummy, he eventually had to give up one club trick to West's ace and another to East's jack. The loss of two club tricks was more than he could afford.

South should have made his game contract with perfect ease. There was no need to risk a second round of hearts.

After South wins the first trick with dummy's ace of diamonds, the correct play is to lead a low club at once from the dummy. South plays the king of clubs to force out West's ace, thus allowing West to take his diamond trick as well.

After West has taken a club and a diamond, he may, if he wishes, lead a trump. If so, East takes the ace of trumps and returns the suit, limiting dummy to one ruff. But now, with the trumps drawn, South can afford to cash dummy's top heart in order to discard the one low club that he cannot ruff.

If the defenders fail to lead trumps, of course, South can ruff both of his low clubs in the dummy. No matter what the defenders do, they cannot defeat the contract.

Port Ewen

Port Ewen, April 30—Word has been received of the death of Mrs. Charles Benton of Catskill. Funeral services will be held Friday at 3 p. m., at the Port Ewen Reformed Church. Members of the Ladies' Aid Society of the Port Ewen Reformed Church and members of the Ulster Park-Port Ewen WCTU are requested to attend the service in a body. Mrs. Benton, a former resident of Port Ewen, was a former member of both societies.

Dr. Dudley Hargrave, commissioner of health of Ulster county, will be the guest speaker tonight at the meeting of the chairman and workers for the cerebral palsy drive at the Town of Esopus Auditorium. Plans for the coming campaign will be discussed. The meeting will start promptly at 8 o'clock and the public is invited.

It's a good idea to melt chocolate over hot water rather than over direct heat, because chocolate scorches easily.

Tillson

Tillson, April 29—Mrs. H. Stahl entertained Saturday afternoon, April 25, in honor of the fourth birthday of her daughter, Althea. Decorations were in a pink and blue color scheme. Games were played and refreshments served. Those attending were Pamela Stahl, Carol Lynn Stahl, Shirley Coddington, Patricia Coddington, Russell Douglass, Linda Wright, Betty Ann Van Kleeck, Michael Van Kleeck and Sue Ann Schenkewitz.

Carol Lynn Stahl, seven-months-old daughter of Mr. and Mrs. Harry Stahl, was baptized Sunday at the Tillson Reformed Church by the Rev. David C. Weidner. The child was sponsored by her uncle, Bernard Stahl, and aunt, Mrs. Anthony Brutkowski. Following the service at the church, a buffet dinner was served at the home. Guests attending were Mr. and Mrs. Anthony Brutkowski, Mr. and Mrs. Bernard Stahl, Mr. and Mrs. Eugene Kolts, Sr., Mr. and Mrs. John Stahl, Mr. and Mrs. Harry Stahl and Althea Stahl.

The Tillson Volunteer Fire Company was called out Friday to extinguish a brush and grass fire on the lot adjacent to the home of Arthur Hill. Firemen wet down the edges of the area and confined the flames from spreading.

Coal Is Short in Britain

London (AP) — Forty-four per cent of Britain's households need more coal than rationing allows, but one in four homes cannot afford it, even if more were available, reports the Coal Utilization Council. The report said 98 per cent of British families heat the living-room with an open-hearth or other type of coal fire.

When both sides are willing to make high bids, it is only reasonable to expect unbalanced distribution. In such a situation, you must be on the watch for singletons. South's lack of caution in this respect cost him an easy game contract in today's hand.

West opened the king of diamonds, and dummy won with the ace. South saw a chance to get rid of his diamond loser, so he promptly led out the ace and king of hearts, throwing his losing diamond on the second top heart.

South's happiness was short-lived. West ruffed the king of hearts and immediately led his remaining trump. East took the ace of spades and returned his other trump, thus limiting the dummy to one ruffing trick. Since South could ruff only one club in dummy, he eventually had to give up one club trick to West's ace and another to East's jack. The loss of two club tricks was more than he could afford.

South should have made his game contract with perfect ease. There was no need to risk a second round of hearts.

After South wins the first trick with dummy's ace of diamonds, the correct play is to lead a low club at once from the dummy. South plays the king of clubs to force out West's ace, thus allowing West to take his diamond trick as well.

After West has taken a club and a diamond, he may, if he wishes, lead a trump. If so, East takes the ace of trumps and returns the suit, limiting dummy to one ruff. But now, with the trumps drawn, South can afford to cash dummy's top heart in order to discard the one low club that he cannot ruff.

If the defenders fail to lead trumps, of course, South can ruff both of his low clubs in the dummy. No matter what the defenders do, they cannot defeat the contract.

Port Ewen

Port Ewen, April 30—Word has been received of the death of Mrs. Charles Benton of Catskill. Funeral services will be held Friday at 3 p. m., at the Port Ewen Reformed Church. Members of the Ladies' Aid Society of the Port Ewen Reformed Church and members of the Ulster Park-Port Ewen WCTU are requested to attend the service in a body. Mrs. Benton, a former resident of Port Ewen, was a former member of both societies.

Dr. Dudley Hargrave, commissioner of health of Ulster county, will be the guest speaker tonight at the meeting of the chairman and workers for the cerebral palsy drive at the Town of Esopus Auditorium. Plans for the coming campaign will be discussed. The meeting will start promptly at 8 o'clock and the public is invited.

It's a good idea to melt chocolate over hot water rather than over direct heat, because chocolate scorches easily.

Tillson

Tillson, April 29—Mrs. H. Stahl entertained Saturday afternoon, April 25, in honor of the fourth birthday of her daughter, Althea. Decorations were in a pink and blue color scheme. Games were played and refreshments served. Those attending were Pamela Stahl, Carol Lynn Stahl, Shirley Coddington, Patricia Coddington, Russell Douglass, Linda Wright, Betty Ann Van Kleeck, Michael Van Kleeck and Sue Ann Schenkewitz.

Carol Lynn Stahl, seven-months-old daughter of Mr. and Mrs. Harry Stahl, was baptized Sunday at the Tillson Reformed Church by the Rev. David C. Weidner. The child was sponsored by her uncle, Bernard Stahl, and aunt, Mrs. Anthony Brutkowski. Following the service at the church, a buffet dinner was served at the home. Guests attending were Mr. and Mrs. Anthony Brutkowski, Mr. and Mrs. Bernard Stahl, Mr. and Mrs. Eugene Kolts, Sr., Mr. and Mrs. John Stahl, Mr. and Mrs. Harry Stahl and Althea Stahl.

The Tillson Volunteer Fire Company was called out Friday to extinguish a brush and grass fire on the lot adjacent to the home of Arthur Hill. Firemen wet down the edges of the area and confined the flames from spreading.

Coal Is Short in Britain

London (AP) — Forty-four per cent of Britain's households need more coal than rationing allows, but one in four homes cannot afford it, even if more were available, reports the Coal Utilization Council. The report said 98 per cent of British families heat the living-room with an open-hearth or other type of coal fire.

Indians Get TB

American Indians, on leaving the outdoor life to which they are accustomed, and moving to congested cities, are notoriously susceptible to tuberculosis.

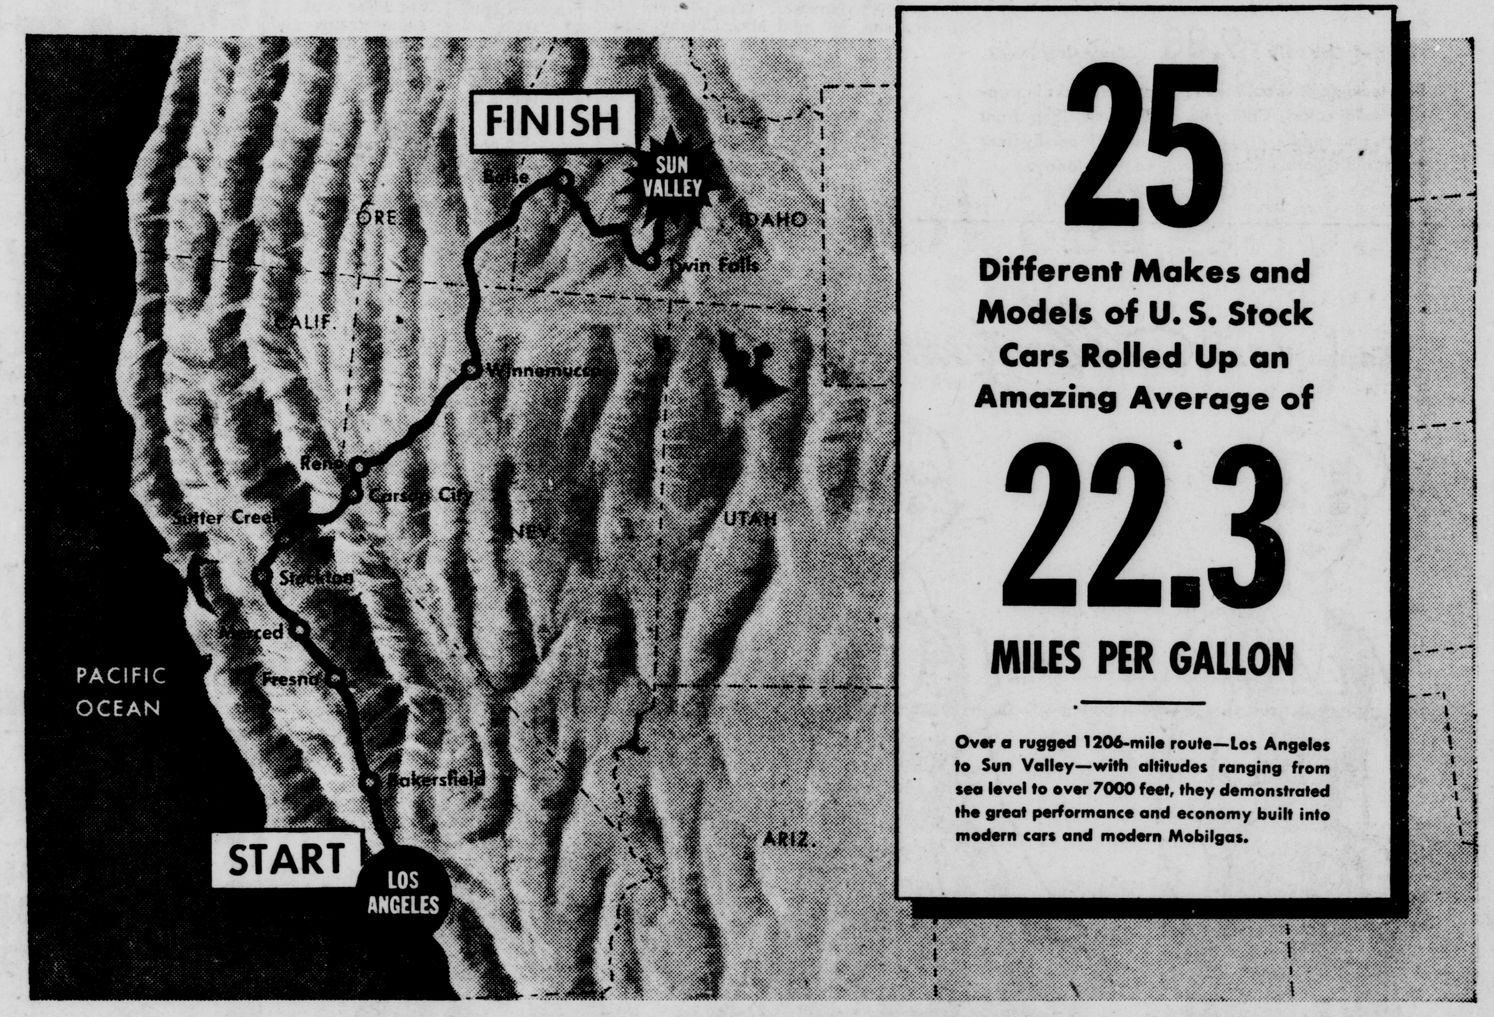
Mobilgas Economy Run



25 Different Makes and Models of U. S. Stock Cars Rolled Up an Amazing Average of

22.3 MILES PER GALLON

Over a rugged 1206-mile route—Los Angeles to Sun Valley—with altitudes ranging from sea level to over 7000 feet, they demonstrated the great performance and economy built into modern cars and modern Mobilgas.

4th Straight Year of Proof—Mobilgas is High in PERFORMANCE—High in POWER—High in MILEAGE!

Mobilgas SOCONY-VACUUM

STRAIGHT from Sun Valley, Idaho, come these convincing facts about the 4th Annual Mobilgas Economy Run:

- All cars were 1953 model *stock* cars—under strict AAA supervision . . .
- All traveled a grueling 1206-mile route—duplicating conditions usually encountered in a whole year's driving . . .
- All cars used Mobilgas or Mobilgas Special . . .
- For 3 days *they averaged 22.3 miles per gallon!*

What better evidence would you want of the outstanding performance, power and economy of modern cars and modern Mobilgas?

The facts speak for themselves: the key to Mobilgas mileage is high quality—top performance—a perfect balance of high volatility, power and mileage ingredients.

Why settle for less? Fill up with Mobilgas—result of the world's foremost catalytic refining program. Get all the gas mileage *your* car can deliver!

1953 RESULTS
Mobilgas Economy Run

25 Different Makes and Models of U. S. Stock Cars Rolled Up an Amazing Average of **22.3** MILES PER GALLON

Over a rugged 1206-mile route—Los Angeles to Sun Valley—with altitudes ranging from sea level to over 7000 feet, they demonstrated the great performance and economy built into modern cars and modern Mobilgas.

4th Straight Year of Proof—Mobilgas is High in PERFORMANCE—High in POWER—High in MILEAGE!

Mobilgas SOCONY-VACUUM

STRAIGHT from Sun Valley, Idaho, come these convincing facts about the 4th Annual Mobilgas Economy Run:

- All cars were 1953 model *stock* cars—under strict AAA supervision . . .
- All traveled a grueling 1206-mile route—duplicating conditions usually encountered in a whole year's driving . . .
- All cars used Mobilgas or Mobilgas Special . . .
- For 3 days *they averaged 22.3 miles per gallon!*

What better evidence would you want of the outstanding performance, power and economy of modern cars and modern Mobilgas?

The facts speak for themselves: the key to Mobilgas mileage is high quality—top performance—a perfect balance of high volatility, power and mileage ingredients.

Why settle for less? Fill up with Mobilgas—result of the world's foremost catalytic refining program. Get all the gas mileage *your* car can deliver!

Muskrat Sabotage

Somers, Mont. (AP) — The good ship "Flathead" will sail again despite efforts a hungry muskrat made to scuttle her. A fisherman noticed that the excursion boat was riding low in the water of Flathead Lake. He looked for a leak and found that a muskrat had rambled up a discharge pipe, gnawed through, climbed into the boat and — died. Lead poisoning stopped the saboteur.

Farm Prices Skid 10½ Per Cent Below 1952

Washington, April 30 (AP)—Prices farmers get for their products have skidded again.

The Agriculture Department reported yesterday farm product prices dropped 2 per cent between mid-March and mid-April to land at a point 10½ per cent below that of a year ago.

The decline was the biggest in any one month since the Eisenhower administration took office. There had previously been a long decline, extending well back into the Truman administration, but in the preceding month prices had climbed back 1/3 of 1 per cent.

Cattle, milk, some grains and vegetables were among the price losers. Hogs, lambs, eggs and rice went up, but not enough to offset the losses.

Probably the biggest beds ever made were those turned out in England in the 1500s. The Great Bed of Ware is said to have held 24 persons comfortably.

Bear Trap Gets Goose

Glendive, Mont. (AP)—Life for a goose who laid vanishing eggs ended in a bear trap. John Oljar, owner of the goose, thought a skunk was stealing eggs from the bird's nest. He set a huge bear trap for the culprit with a hen's egg as bait. The "culprit," having hidden her eggs, waddled back to the nest to pick up the bait. She stuck her neck out and that was that. Owner Oljar found one dead duck—er, goose.

Farm Prices Skid 10½ Per Cent Below 1952

Washington, April 30 (AP)—Prices farmers get for their products have skidded again.

The Agriculture Department reported yesterday farm product prices dropped 2 per cent between mid-March and mid-April to land at a point 10½ per cent below that of a year ago.

The decline was the biggest in any one month since the Eisenhower administration took office. There had previously been a long decline, extending well back into the Truman administration, but in the preceding month prices had climbed back 1/3 of 1 per cent.

Cattle, milk, some grains and vegetables were among the price losers. Hogs, lambs, eggs and rice went up, but not enough to offset the losses.

Probably the biggest beds ever made were those turned out in England in the 1500s. The Great Bed of Ware is said to have held 24 persons comfortably.

Bear Trap Gets Goose

Glendive, Mont. (AP)—Life for a goose who laid vanishing eggs ended in a bear trap. John Oljar, owner of the goose, thought a skunk was stealing eggs from the bird's nest. He set a huge bear trap for the culprit with a hen's egg as bait. The "culprit," having hidden her eggs, waddled back to the nest to pick up the bait. She stuck her neck out and that was that. Owner Oljar found one dead duck—er, goose.

WOODSTOCK NEWS

By RICHARD E. THIBAUT, Jr.

Memorial Day Plans Announced by Legion

Woodstock, April 30—A report was given by Martin Comeau, chairman of the Memorial Day committee, at the regular monthly meeting of American Legion Post 1026, Wednesday night at the Legion Hall. He announced that Benjamin Buley will serve as officer of the day for the Memorial Day ceremonies and that music will be provided by the Woodstock School Band. The address for the services at the town hall preceding the parade will be given by John F. Wadlin, assemblyman of the state of New York. Further plans for the program will be announced later.

Comeau urged that all veterans of World Wars 1 and 2 and of the present Korean conflict participate in the Memorial Day services. The Legion Post requested that all veterans, even those who may only be home on furlough at the time, communicate with Legionnaires to insure their being included in the day's ceremonies.

A service which has been performed for many years by John Peper and Percy Hill, that of placing small American flags on the graves of all veterans in the local cemeteries, will again be performed by them this year.

Assisting Martin Comeau in arrangements for the Memorial Day ceremonies will be Tom Carey, John Wolven and Irwin Holumzer.

The following committee was appointed to nominate officers for the next year: Wayne Underhill and William Klippel, who will work in conjunction with Robert Nussbaum, adjutant. They will make their report at the May meeting.

Post Ladies Report At Wednesday Meeting

Woodstock, April 30—Reports on the activities of various committees were submitted by the respective chairmen at the regular monthly meeting of the Auxiliary of American Legion Post 1026 Wednesday night at the Legion Hall. Mrs. G. Alfred Nussbaum presided.

In the child welfare division a total of $7 worth of clothing was given to children of veterans during the past month and 25 sweaters were sent to Korean children from this unit.

A total of 40 regular coupons and 12 miscellaneous were collected.

It was announced that the unit will send Joanne Lee to Girls State this summer.

The group voted to buy two copies of the book by Clarence Manion titled Key to Peace, one to be presented to the Woodstock Library and the other to be kept by the unit for use of members.

Local P-TA to Hear Miss Levens May 7

Woodstock, April 30—Miss Dorothy Levens, assistant professor of child study at Vassar College, will be guest speaker at the regular monthly meeting of the Woodstock Elementary School. She will speak following the business meeting which begins at 8 p. m. on the topic, What Is Discipline?

Miss Levens received her BS and MA degrees from Columbia University Teachers College. She also studied in 1949 at Mills College in California. From 1937 to 1948, she taught at the Barnard School for Girls in New York. From 1950 to 1952, she was assistant professor of education at Plymouth Teachers College, Plymouth, N. H., following which she joined the Vassar faculty. During the summers of 1950 and 1951 she served as a kindergarten demonstration teacher at Mills College and held the same post at San Francisco State College in the summer of 1952.

A donation of $5 was made to the cancer fund being collected in this village.

Two delegates will be sent to the district conference of the American Legion Auxiliary May 23 at Hudson, all expenses to be paid.

Plans were discussed for the Memorial Day program, which will be announced later.

The next meeting will be held Wednesday, May 27, with Miss Florence Peper and Mrs. Clayton Harder in charge of refreshments.

Following the meeting refreshments were served by Mrs. Fennel Franckling for members of both the auxiliary and the American Legion.

Miss Levens writes stories for pre-school and early elementary school children and is at present engaged in research on the language of young children as related to direct experiences. Since she has had wide experiences in working with young children, it is hoped that parents of pre-school age children will find this meeting of particular interest.

During the business meeting final plans will be discussed for the variety show which will be presented as a fund raising project by the P-TA Saturday, May 30, at the school.

Honored by Club

Woodstock, April 29—Russell F. Rypsam of Bearsville was elected to the board of directors and also president of the Salmagundi Club, of Nwe York, at the April members meeting of the club. Rypsam, who has served as chairman of the entertainment committee of the club, was complimented by the members on the fine program presented for the club during the past year.

Art Exhibit Is Slated at Local Cinema Opening

Woodstock, April 29—An exhibition of the original lithographs and posters by Henri de Toulouse-Lautrec-Monfa, whose life story is depicted in the color film, Moulin Rouge, will be on display at The Kingston Theatre Thursday night when the film opens its local engagement.

The 10 lithographs and posters, which will be shown, are from the collection of Robert B. Appleton of Albany, who has one of the largest collections of Woodstock art in the country.

Judged by many critics as the greatest poster artist who ever lived, Toulouse-Lautrec's distinctive posters were the basis of many of the scenes in the picture. The color sequences in the movie also were derived largely from the posters created by the artist.

The lithographs which will be on view in the exhibition are priced from $350 to $400 apiece. A prolific illustrator as well as painter and poster artist, Lautrec's drawings and lithographs appeared in many periodicals including Le Courier Francais, L'Escarmouche and LeFigaro Illustre. All of the lithographs in the Appleton collection are signed by the artist.

Awarded Roulet Medal

Woodstock, April 29—Carolyn Gassan Plochmann has been awarded the Roulet Medal of the 35th annual Toledo Area Artists Exhibition opening at the Toledo Museum of Art, May 3. Her award was for the most outstanding work, or group of works in the exhibition in competition with 1,362 pieces by 265 artists. Mrs. Plochmann entered three oils: Gypsy Spring, Marriage and Pupil of Rossini. The last received honorable mention. She is the wife of George Kimball Plochmann of Woodstock and the Southern Illinois University, philosophy department.

Village Briefs

Woodstock, April 29 — Lt. Charles Cleveland, son of Mrs. Orestes Cleveland of this village, has flown to Europe as pilot of a jet plane and expects to be stationed in one of the NATO countries. He was formerly stationed at Turner Air Force Base, Ga., following his return from Korea.

The annual meeting of the Woodstock School District No. 2, will be held at the Woodstock Elementary School, Tuesday, May 5, at 8 p. m.

The Wittenberg Sportsmen's Club will hold its regular monthly meeting at the club house, Wednesday, May 6, at 8 p. m.

The Kings Daughters of Shady will meet at the home of Mrs. Clifford Carnwright, Monday, May 4, at 8 p. m.

Woodstock, April 30 — Miss Alice Henderson and Miss Anita Smith have rented their studio on the Mead Mountain Road to Mr. and Mrs. Allen Gilbert for a year.

Jules Simpson, of Lake Hill, has returned after spending the winter in Florida.

1953 Cancer Drive Ends This Evening With Talent Show

The Kingston Amateur Parade, final event of the 1953 Cancer Crusade, will be held over Radio Station WKNY beginning at 9:30 p. m. today.

Local amateur talent, including a group of prominent Kingstonians, and selected recordings, will be presented by request. Pledges will be accepted by telephone with three young ladies awaiting calls, it was said.

Masters of ceremonies for the occasion will be Larry Quilty, Howard C. St. John and Chester Baltz, Jr.

Local Shriners Are To Attend Cyprus Spring Ceremonial

The annual spring ceremonial of Cyprus Temple Shrine of Albany will be held Saturday, May 2, at the New Scotland avenue armory in Albany. Bus for Kingston Shriners attending will leave Masonic Temple, Albany avenue at 1 p. m.

At 2:30 p. m. the candidates will report to the recorder at Masonic Temple, Albany. At 4 o'clock the first section in Scottish Rites Hall in Masonic Temple. At 4:30 o'clock a banquet will be served and at 7 p. m. there will be a parade with the new candidates to the armory. At 7:30 a band concert by Cyprus Temple band and at 8:30 o'clock the second section which will be followed by a floor show at 9:45.

Children to Get Physicals in May

Examination of all children planning to enter kindergarten in the fall will be held during the month of May, it was announced today by Dr. Samuel S. Nussbaum, director of health service in Kingston schools.

Mothers are requested to telephone the school medical office, 1970, as soon as possible to make appointments, he said. Examinations will be held at the schools where the children will be enrolled, according to a special schedule beginning May 4. Appointments will be at 15-minute intervals between the hours of 9 and 11 a. m. and 12 and 2:45 p. m.

Dr. Nussbaum said there should be no long wait for parents under this arrangement. He pointed out that stress would also be laid on the importance of vaccination and immunization, if not already done, or boosters for children already immunized.

WOODSTOCK NEWS

By RICHARD E. THIBAUT, Jr.

Memorial Day Plans Announced by Legion

Woodstock, April 30—A report was given by Martin Comeau, chairman of the Memorial Day committee, at the regular monthly meeting of American Legion Post 1026, Wednesday night at the Legion Hall. He announced that Benjamin Buley will serve as officer of the day for the Memorial Day ceremonies and that music will be provided by the Woodstock School Band. The address for the services at the town hall preceding the parade will be given by John F. Wadlin, assemblyman of the state of New York. Further plans for the program will be announced later.

Comeau urged that all veterans of World Wars 1 and 2 and of the present Korean conflict participate in the Memorial Day services. The Legion Post requested that all veterans, even those who may only be home on furlough at the time, communicate with Legionnaires to insure their being included in the day's ceremonies.

A service which has been performed for many years by John Peper and Percy Hill, that of placing small American flags on the graves of all veterans in the local cemeteries, will again be performed by them this year.

Assisting Martin Comeau in arrangements for the Memorial Day ceremonies will be Tom Carey, John Wolven and Irwin Holumzer.

The following committee was appointed to nominate officers for the next year: Wayne Underhill and William Klippel, who will work in conjunction with Robert Nussbaum, adjutant. They will make their report at the May meeting.

Post Ladies Report At Wednesday Meeting

Woodstock, April 30—Reports on the activities of various committees were submitted by the respective chairmen at the regular monthly meeting of the Auxiliary of American Legion Post 1026 Wednesday night at the Legion Hall. Mrs. G. Alfred Nussbaum presided.

In the child welfare division a total of $7 worth of clothing was given to children of veterans during the past month and 25 sweaters were sent to Korean children from this unit.

A total of 40 regular coupons and 12 miscellaneous were collected.

It was announced that the unit will send Joanne Lee to Girls State this summer.

The group voted to buy two copies of the book by Clarence Manion titled Key to Peace, one to be presented to the Woodstock Library and the other to be kept by the unit for use of members.

Local P-TA to Hear Miss Levens May 7

Woodstock, April 30—Miss Dorothy Levens, assistant professor of child study at Vassar College, will be guest speaker at the regular monthly meeting of the Woodstock Elementary School. She will speak following the business meeting which begins at 8 p. m. on the topic, What Is Discipline?

Miss Levens received her BS and MA degrees from Columbia University Teachers College. She also studied in 1949 at Mills College in California. From 1937 to 1948, she taught at the Barnard School for Girls in New York. From 1950 to 1952, she was assistant professor of education at Plymouth Teachers College, Plymouth, N. H., following which she joined the Vassar faculty. During the summers of 1950 and 1951 she served as a kindergarten demonstration teacher at Mills College and held the same post at San Francisco State College in the summer of 1952.

A donation of $5 was made to the cancer fund being collected in this village.

Two delegates will be sent to the district conference of the American Legion Auxiliary May 23 at Hudson, all expenses to be paid.

Plans were discussed for the Memorial Day program, which will be announced later.

The next meeting will be held Wednesday, May 27, with Miss Florence Peper and Mrs. Clayton Harder in charge of refreshments.

Following the meeting refreshments were served by Mrs. Fennel Franckling for members of both the auxiliary and the American Legion.

Miss Levens writes stories for pre-school and early elementary school children and is at present engaged in research on the language of young children as related to direct experiences. Since she has had wide experiences in working with young children, it is hoped that parents of pre-school age children will find this meeting of particular interest.

During the business meeting final plans will be discussed for the variety show which will be presented as a fund raising project by the P-TA Saturday, May 30, at the school.

Honored by Club

Woodstock, April 29—Russell F. Rypsam of Bearsville was elected to the board of directors and also president of the Salmagundi Club, of Nwe York, at the April members meeting of the club. Rypsam, who has served as chairman of the entertainment committee of the club, was complimented by the members on the fine program presented for the club during the past year.

Art Exhibit Is Slated at Local Cinema Opening

Woodstock, April 29—An exhibition of the original lithographs and posters by Henri de Toulouse-Lautrec-Monfa, whose life story is depicted in the color film, Moulin Rouge, will be on display at The Kingston Theatre Thursday night when the film opens its local engagement.

The 10 lithographs and posters, which will be shown, are from the collection of Robert B. Appleton of Albany, who has one of the largest collections of Woodstock art in the country.

Judged by many critics as the greatest poster artist who ever lived, Toulouse-Lautrec's distinctive posters were the basis of many of the scenes in the picture. The color sequences in the movie also were derived largely from the posters created by the artist.

The lithographs which will be on view in the exhibition are priced from $350 to $400 apiece. A prolific illustrator as well as painter and poster artist, Lautrec's drawings and lithographs appeared in many periodicals including Le Courier Francais, L'Escarmouche and LeFigaro Illustre. All of the lithographs in the Appleton collection are signed by the artist.

Awarded Roulet Medal

Woodstock, April 29—Carolyn Gassan Plochmann has been awarded the Roulet Medal of the 35th annual Toledo Area Artists Exhibition opening at the Toledo Museum of Art, May 3. Her award was for the most outstanding work, or group of works in the exhibition in competition with 1,362 pieces by 265 artists. Mrs. Plochmann entered three oils: Gypsy Spring, Marriage and Pupil of Rossini. The last received honorable mention. She is the wife of George Kimball Plochmann of Woodstock and the Southern Illinois University, philosophy department.

Village Briefs

Woodstock, April 29 — Lt. Charles Cleveland, son of Mrs. Orestes Cleveland of this village, has flown to Europe as pilot of a jet plane and expects to be stationed in one of the NATO countries. He was formerly stationed at Turner Air Force Base, Ga., following his return from Korea.

The annual meeting of the Woodstock School District No. 2, will be held at the Woodstock Elementary School, Tuesday, May 5, at 8 p. m.

The Wittenberg Sportsmen's Club will hold its regular monthly meeting at the club house, Wednesday, May 6, at 8 p. m.

The Kings Daughters of Shady will meet at the home of Mrs. Clifford Carnwright, Monday, May 4, at 8 p. m.

Woodstock, April 30 — Miss Alice Henderson and Miss Anita Smith have rented their studio on the Mead Mountain Road to Mr. and Mrs. Allen Gilbert for a year.

Jules Simpson, of Lake Hill, has returned after spending the winter in Florida.

1953 Cancer Drive Ends This Evening With Talent Show

The Kingston Amateur Parade, final event of the 1953 Cancer Crusade, will be held over Radio Station WKNY beginning at 9:30 p. m. today.

Local amateur talent, including a group of prominent Kingstonians, and selected recordings, will be presented by request. Pledges will be accepted by telephone with three young ladies awaiting calls, it was said.

Masters of ceremonies for the occasion will be Larry Quilty, Howard C. St. John and Chester Baltz, Jr.

Local Shriners Are To Attend Cyprus Spring Ceremonial

The annual spring ceremonial of Cyprus Temple Shrine of Albany will be held Saturday, May 2, at the New Scotland avenue armory in Albany. Bus for Kingston Shriners attending will leave Masonic Temple, Albany avenue at 1 p. m.

At 2:30 p. m. the candidates will report to the recorder at Masonic Temple, Albany. At 4 o'clock the first section in Scottish Rites Hall in Masonic Temple. At 4:30 o'clock a banquet will be served and at 7 p. m. there will be a parade with the new candidates to the armory. At 7:30 a band concert by Cyprus Temple band and at 8:30 o'clock the second section which will be followed by a floor show at 9:45.

Children to Get Physicals in May

Examination of all children planning to enter kindergarten in the fall will be held during the month of May, it was announced today by Dr. Samuel S. Nussbaum, director of health service in Kingston schools.

Mothers are requested to telephone the school medical office, 1970, as soon as possible to make appointments, he said. Examinations will be held at the schools where the children will be enrolled, according to a special schedule beginning May 4. Appointments will be at 15-minute intervals between the hours of 9 and 11 a. m. and 12 and 2:45 p. m.

Dr. Nussbaum said there should be no long wait for parents under this arrangement. He pointed out that stress would also be laid on the importance of vaccination and immunization, if not already done, or boosters for children already immunized.

Bride-Elect

JOAN DUGAN

Mr. and Mrs. John Dugan of 32 Pine street, announce the engagement of their raughter, Joan, to Wayne Burton, son of Mr. and Mrs. Paul Burton of Sawkill. No date has been set for the wedding.

Miss Dugan was graduated from Kingston High School, class of '51 and is a student at Our Lady of Victory School of Nursing.

Mr. Burton also was graduated from Kingston High School, class of '51, and is employed by Joseph Lohmaier of Sawkill.

Miss Stillman to Wed Floyd Barringer Jr.

An engagement party was given for Miss Betty Stillman, daughter of Mrs. Marion Stillman, 7 Clinton avenue, and Floyd Barringer, Jr., son of Floyd Barringer of Esopus, Saturday evening, in the Ascension Church hall, West Park.

The party was given by Mr. and Mrs. Floyd Barringer, Sr., with 125 guests in attendance.

Refreshments were served and music was played by the New Paltz Hay Makers for modern and old-fashioned dancing.

Estonian Male Chorus Will Present Concert At West Camp Church

On Sunday, May 3 at 4 p. m., St. Paul's Lutheran Church in West Camp, will present the Estonian Male Chorus of New York. This group of 65 men sang a full concert in famous Town Hall, New York city April 11. This is their only concert in New York state this spring. Following their presentation here, they will sing in Toronto, Canada.

Choral singing is one of the major recreations for Estonians. In their country each community of any consequence would have a choral society meeting each week, learning new music, preparing for the highlight of their season, a concert. Once every five years a week-end music festival for all Estonia would draw as many as 18,000 singers into a specially built amphitheater in the capital city, Talinn. For three days literally dozens of competitive concerts would be held to judge the best groups. Some presented operas, or operettas, others folk songs, popular sacred or classical music.

The Estonian Male Chorus of New York is privileged to have Manivald Loite as conductor. Although a university graduate in architecture, he was so successful as a conductor that his hobby became his profession, becoming conductor of the most famous Estonan Male Chorus. An officer in the Estonian War of Independence, he had to flee (as did all the members of the chorus) from the invading Russian Communist during World War 2, lived a while in Germany, then in England.

Nearly every man in the chorus is a former soldier, having fought in their war of independence, or against the Russian Communists during the second world war or in both wars. The president of the chorus was on the Central Committee which established the independence of Estonia.

The chorus will sing selections from many nations. Most of the members speak five or six languages. The program will explain each number in Enguish. Their repertoire includes popular, classic, sacred music and folk songs.

The concert will be held in the church. There will be no admission charge but rather a free will offering. The public is cordially invited.

UC Legion Auxiliary Meet in Saugerties, Tops Member Quota

The Ulster County American Legion Auxiliary held its regular monthly meeting in Saugerties Thursday evening with the chairman, Mrs. Lester Sanford, presiding. Eleven of the 13 units in the county were represented.

Membership in the county is now 718 which is 28 over the quota. The county organization is sponsoring Joan Warnes from the town of Olive unit, as the representative at Girls State which will be held at Skidmore College late in June. Five or six other girls are being sponsored by individual units.

The county sponsored an evening of games for the veterans in the Albany Veterans' Hospital last Friday.

Keith Thompson of Cornwall spoke to the group concerning the annual magazine subscription campaign. He complimented them on the many pieces of hospital equipment which have been made available for use without charge to any resident in the county. These pieces of equipment include hospital beds, wheelchairs, sterilizers, crutches and others. They have been placed in the various Health Centers of the towns and are loaned out by them. They remain the property of the County American Legion Auxiliary but the Health Centers have done an excellent job in caring for them.

Last year $602 worth of equipment was purchased and undoubtedly an equal amount will be bought this year. The next meeting will be in Highland Thursday, May 28, and the Third District chairman, Mrs. R. Earl Haley, of Ellenville, will be guest of honor.

Refreshments were served following the meeting to the Legion and Auxiliary by the Lamoureee-Hackett Unit of Saugerties.

Women's Club Has Open Meeting at YWCA

Olive Memorial Post Sets Annual Dance At Onteora School

The annual spring dance sponsored by the Olive Memorial Post 1627, American Legion will be held Saturday evening, at Onteora Central School, Boiceville. Both round and square dancing will be featured with music by the Dog Patch Dudes. The dance is scheduled to start at 8 p. m. Tickets may be purchased at the door.

Proceeds from the dance will go toward the social and community program being undertaken by the Olive Post in the Town of Olive. Besides acquiring a Legion Hall during the year this post is sponsoring three Boy Scout troops and is embarking on a Cub Scout venture that will be one of the largest of its kind anywhere.

The Ladies' Auxiliary of the Olive Post will have charge of serving refreshments.

Urges Democrats To Continue Efforts

William E. Riseley addressed the Ulster County Democratic Women's Club Tuesday evening in the Governor Clinton Hotel. He congratulated the members on past endeavors, and encouraged them to continue their contribution to the growth and influence of the Democratic party under the leadership of Adlai E. Stevenson.

Mrs. Frank Jablonski was named chairman of a food sale to be held at the Smith Avenue Bull Market on Friday, May 29. Mrs. J. Addison Freer and Mrs. Jay Bush reported on the success of the recent rummage sale and card party.

The next regular meeting of the club will be held on Tuesday, May 26, at the Governor Clinton Hotel.

Lions Club Speaker Reviews Economics Development, Trends

Dr. Louis Salkever, of the New Paltz State Teachers College faculty, was the guest speaker at the regular luncheon meeting of the Kingston Lions Club at the Governor Clinton Hotel on Tuesday. He reviewed the development of the field of economics and pointed out the various interrelated trends which can be indications of prosperity or depression.

Stating the goal of much present economic thinking in this country as being to avoid severe fluctuations of the national economy, and at the same time to retain an area for private decision, Dr. Salkever noted that any basic alteration in the economic plan may do one or both of two things: eliminate economic progress, or sharply curtail individual freedom.

Estonian Male Chorus Will Present Concert At West Camp Church

On Sunday, May 3 at 4 p. m., St. Paul's Lutheran Church in West Camp, will present the Estonian Male Chorus of New York. This group of 65 men sang a full concert in famous Town Hall, New York city April 11. This is their only concert in New York state this spring. Following their presentation here, they will sing in Toronto, Canada.

Choral singing is one of the major recreations for Estonians. In their country each community of any consequence would have a choral society meeting each week, learning new music, preparing for the highlight of their season, a concert. Once every five years a week-end music festival for all Estonia would draw as many as 18,000 singers into a specially built amphitheater in the capital city, Talinn. For three days literally dozens of competitive concerts would be held to judge the best groups. Some presented operas, or operettas, others folk songs, popular sacred or classical music.

The Estonian Male Chorus of New York is privileged to have Manivald Loite as conductor. Although a university graduate in architecture, he was so successful as a conductor that his hobby became his profession, becoming conductor of the most famous Estonian Male Chorus. An officer in the Estonian War of Independence, he had to flee (as did all the members of the chorus) from the invading Russian Communist during World War 2, lived a while in Germany, then in England.

Nearly every man in the chorus is a former soldier, having fought in their war of independence, or against the Russian Communists during the second world war or in both wars. The president of the chorus was on the Central Committee which established the independence of Estonia.

The chorus will sing selections from many nations. Most of the members speak five or six languages. The program will explain each number in Enguish. Their repertoire includes popular, classic, sacred music and folk songs.

The concert will be held in the church. There will be no admission charge but rather a free will offering. The public is cordially invited.

UC Legion Auxiliary Meet in Saugerties, Tops Member Quota

The Ulster County American Legion Auxiliary held its regular monthly meeting in Saugerties Thursday evening with the chairman, Mrs. Lester Sanford, presiding. Eleven of the 13 units in the county were represented.

Membership in the county is now 718 which is 28 over the quota. The county organization is sponsoring Joan Warnes from the town of Olive unit, as the representative at Girls State which will be held at Skidmore College late in June. Five or six other girls are being sponsored by individual units.

The county sponsored an evening of games for the veterans in the Albany Veterans' Hospital last Friday.

Keith Thompson of Cornwall spoke to the group concerning the annual magazine subscription campaign. He complimented them on the many pieces of hospital equipment which have been made available for use without charge to any resident in the county. These pieces of equipment include hospital beds, wheelchairs, sterilizers, crutches and others. They have been placed in the various Health Centers of the towns and are loaned out by them. They remain the property of the County American Legion Auxiliary but the Health Centers have done an excellent job in caring for them.

Last year $602 worth of eqipment was purchased and undoubtedly an equal amount will be bought this year. The next meeting will be in Highland Thursday, May 28, and the Third District chairman, Mrs. R. Earl Haley, of Ellenville, will be guest of honor.

Refreshments were served following the meeting to the Legion and Auxiliary by the Lamouree-Hackett Unit of Saugerties.

Women's Club Has Open Meeting at YWCA

At an open meeting of the Women's Club in the YWCA Tuesday evening, David Jones addressed the group on the topic, The Pyramids, The Bible in Stone. From left, Mrs. William Ochs, newly elected president; David Jones, Mrs. Jones, Mrs. Robert Pixley, Mrs. A. Noble Graham, program chairman; Miss Louise Merikle, Miss Florence Cordts, and Mrs. Charles Terwilliger. *(Freeman photo)*

Mendelssohn Club Announces Program For Concert, May 1

The program has been announced for the 50th anniversary complimentary concert to be presented by The Mendelssohn Club at 8:15 p. m., Friday, May 1, in the Kingston High School auditorium. William McGrath, tenor, will be the guest artist. He will be accompanied at the piano by Stanley Sonnatag.

Joel Dolven will conduct the all-male chorus, comprising approximately 60 voices. Paul E. Barnum is the Mendelssohn accompanist, and Samuel D. Scudder Jr., assistant accompanist.

The club officers include John A. McCullough, president; William T. Wood, vice-president; Arthur A. Souers, secretary; William A. McBride, treasurer; and Bertrand K. Burr, librarian. In addition to the active membership, the club also has 70 associate members.

Urges Democrats To Continue Efforts

William E. Riseley addressed the Ulster County Democratic Women's Club Tuesday evening in the Governor Clinton Hotel. He congratulated the members on past endeavors, and encouraged them to continue their contribution to the growth and influence of the Democratic party under the leadership of Adlai E. Stevenson.

Mrs. Frank Jablonski was named chairman of a food sale to be held at the Smith Avenue Bull Market on Friday, May 29. Mrs. J. Addison Freer and Mrs. Jay Bush reported on the success of the recent rummage sale and card party.

The next regular meeting of the club will be held on Tuesday, May 26, at the Governor Clinton Hotel.

Lions Club Speaker Reviews Economics Development, Trends

Dr. Louis Salkever, of the New Paltz State Teachers College faculty, was the guest speaker at the regular luncheon meeting of the Kingston Lions Club at the Governor Clinton Hotel on Tuesday. He reviewed the development of the field of economics and pointed out the various interrelated trends which can be indications of prosperity or depression.

Stating the goal of much present economic thinking in this country as being to avoid severe fluctuations of the national economy, and at the same time to retain an area for private decision, Dr. Salkever noted that any basic alteration in the economic plan may do one or both of two things: eliminate economic progress, or sharply curtail individual freedom.

Nurses Win Kingston Hospital Scholarships

ESTHER AUSANIO *(Sterling photo)*

LOIS ALDRIDGE *(Sterling photo)*

Miss Esther Ausanio of 646 Delaware avenue, and Miss Lois Aldridge of Tillson, have each been granted a $250 scholarship. The Kingston Hospital Nurses Alumnae Association provides $500 annually for scholarships to graduates of the School of Nursing for each year. The funds are available for college or post-graduate courses in the various fields of nursing.

The winners have been accepted for graduate study in the field of operating room technique and management at Skidmore College, department of nursing in New York. They began their four months of study on Tuesday.

Miss Aldridge and Miss Ausanio are graduates of Kingston High School, class of '49. They were graduated from the Kingston Hospital School of Nursing, class of '51.

The name of the famous diamond can be spelled Kohinor, Kohinoor, or Kohinur and means "mountain of light."

Senate House Museum To Open Watercolor Exhibition, May 1

An exhibition of 50 watercolors has been loaned the Senate House Museum through the courtesy of Edwin O. Christensen, curator of the Index of American Design, National Gallery of Art, Washington, D. C.

The exhibit will be open at the local museum from May 1 through the month of June.

The beautifully executed watercolors illustrate the unique craftsmanship and folk arts of America from the 17th Century to the latter part of the 19th.

The Index, now numbering several thousand examples, grew out of circumstances closely related to the depression of the 1930's. In that grim era, many hundreds of artists were out of employment and the federal government formulated a project by which they could earn a livelihood and, not least, preserve lasting records of American folk art. Some of the most outstanding artists in the country have contributed to this far-reaching scheme. Their enthusiastic response made it possible for industrialists to develop designs based on native art, instead of depending largely upon the European traditions, according to notes from the Index Department.

Mrs. E. C. Chadbourne, president of the Senate House Association, personally selected these exhibits from the Index, and hopes that not only artists, but the public will find interest and inspiration in these pioneer forms of American art.

CP Mothers' Club Told of Care for Handicapped Child

Dr. David Overton, research pediatrician with the New York State Department of Health, addressed a meeting of the Cerebral Palsy Mothers' Club at the tumor clinic Wednesday afternoon. During the social period which followed, Dr. Overton gave advice concerning individual problems. From left, Dr. Overton, and the hostesses, Mrs. Philip Collins of Highland, chairman; Mrs. James Tyrell, this city; and Mrs. George Lowe, also of Highland.

Two aspects of the physically handicapped child were stressed by the speaker; namely, the principles of home care to increase the child's independence and confidence; and the general overall principles of eating habits.

Dr. Overton told the mothers they should keep in mind that handicapped children must have a routine, the same as any other child, and that discipline is necessary. He also pointed out that tremendous ingenuity is required on the part of the parents and commended the mothers present for their club activity, which can be a source of great assistance to them. *(Freeman photo)*

Great Pyramid Is Described at Women's Club YWCA Meeting

The last meeting of the season was held by the Women's Club of the YWCA on Tuesday evening, when David W. Jones of Hyde Park, spoke on The Great Pyramid of Egypt.

An architect by profession, Mr. Jones who is also known as a traveler and lecturer, has for many years been interested in the history, and symbolism of the Pyramids. In his talk, he described in minute detail, the Great Pyramid, known as the Pyramid of Gizeh.

Built by master masons, 2000 B.C., Mr. Jones told his large audience Gizeh occupies eight and one-half acres of ground and is 480 feet high. It is located about five mile southwest of Cairo In it, he said, is a "ladies room called the Queen's chamber which has drapes of polished marble. An upper room, known as the King's chamber, has a curtain of stone in an ante room leading to the so called Holy of Holies. Seven stories are above this. The entrance is a marvelous piece of engineering."

Mr. Jones spoke on the symbolic spiritual building. A question and answer period followed the talk.

During the first part of the meeting, Mrs. Robert Pixley presided, and briefly reviewed the activities of the Club in the past year, and expressed appreciation for the cooperation given her by the members. She then presented Mrs. William Ochs, newly elected president, with the gavel.

Corsages were given to Mrs. Pixley and Mrs. Ochs. Mrs. A. Noble Graham presented the speaker.

A social hour followed the meeting when Mrs. Pixley presided at the attractively arranged tea table. Hostesses were Mrs. Charles Terwilliger, Mrs. Raymond Van Valkenburgh, Mrs. Frank McCausland and Miss Louise Merikle.

Joyce Delene Webb Becomes Bride of Stephen Louis Fodor

Miss Joyce Delene Webb, daughter of Mrs. Harold Hall of Candor, and Cecil Ernest Webb of Ithaca, became the bride of Stephen Louis Fodor of this city, the son of Mrs. William Nadge, Ithaca, and of James Fodor, Van Nuys, Calif., on Saturday, April 18, in the chapel, Anabel Taylor Hall, Ithaca. The Very Rev. Msgr. Donald Cleary performed the ceremony, and was celebrant at the nuptial Mass. A reception and wedding breakfast for 135 guests was held at the Statler Inn, Ithaca.

The chapel was banked with palms, lighted tapers in candelabra, and bouquets of white lilacs and snapdragons, deep purple stock, and pink roses.

Given in marriage by her father, the bride wore a gown of white nylon tulle and French chantilly lace over blush-pink satin, styled with portrait neckline edged in lace, long tapered sleeves, and a bouffant tulle skirt paneled with lace, and terminating in a chapel length train. Her veil was a full length square of imported French rosepoint illusion lace, worn as a mantilla. She also wore a choker-strand of seed pearls, a gift from the bridegroom. Her bouquet was of lilies-of-the-valley and stephanotis, centered with a white orchid.

Mrs. Michael Lo Pinto of Ithaca, was the honor attendant. she was attired in a heleo-blue irdescent taffeta gown, styled with a draped bodice over net insert, and a waltz length skirt having full side drapery. A cloche made of deep purple feathers, and a bouquet of coral pink roses centered with deep purple violets completed the ensemble.

Mrs. George Lewis of Whitestone, and Miss Barbara Hall of Ithaca, stepsister to the bride, were the bridesmaids. Their gowns and matching accessories, identical in style to the honor attendant's, were iridescent coral-rose and dusty-pink taffeta. Each carried a bouquet of deep purple violets centered with coral pink roses.

The flower girl was Miss Janet Lo Pinto and the ring bearer, Joey Lo Pinto, children of the matron of honor. Miss Lo Pinto wore an ankle length frock of pale pink taffeta, a natural straw leghorn hat and carried a straw basket filled with pink sweetpeas and deep purple violets.

The best man was John Sitch of Ithaca. Serving as ushers were Robert Saehloff, 65 Elmendorf street; Joseph Rajcula of Brookfield, Conn.; Joseph Hartnett and Joseph Fendrick, both of Ithaca.

The couple left for a wedding trip to Quebec. They will make their home at 203 Washington avenue.

Mrs. Fodor was graduated from Pratt Institute, and prior to her marriage, was employed as a commercial artist with Taylor M. Ward Inc., Ithaca.

Mr. Fodor attended South Dakota State College, during three and one-half years service in the United States Army, and was formerly with the J. C. Penney Company, this city.

Container Protest

Hastings, Neb. (AP) — The Hastings City Council has adopted a resolution asking that Nebraska enact a law prohibiting the sale of beverages in "throw-away" containers. Such a law presumably would outlaw such things as paper milk cartoons and beer cans. Councilman Louis Benner said the law is needed to clean up streets and yards now littered by beverage cans and bottles. A copy of the resolution was forwarded to Gov. Robert Crosby.

Announce Marriage

Announcement has been made of the marriage of Mrs. Jennie Dewitt Cook, 473 Wilbur avenue, to Joseph Edward Smith Jr., of 55 West Pierpont street, on February 20, in Sharon, Conn. The ceremony was performed by Roland R. Marckres, justice of the peace in Sharon.

Mrs. Smith is the owner of Idyl Crest Lodge. Mr. Smith is a representative of the Willys Garage Inc., Albany avenue. The couple are residing at 55 West Pierpont street.

Senate House Museum To Open Watercolor Exhibition, May 1

An exhibition of 50 watercolors has been loaned the Senate House Museum through the courtesy of Edwin O. Christensen, curator of the Index of American Design, National Gallery of Art, Washington, D. C.

The exhibit will be open at the local museum from May 1 through the month of June.

The beautifully executed watercolors illustrate the unique craftsmanship and folk arts of America from the 17th Century to the latter part of the 19th.

The Index, now numbering several thousand examples, grew out of circumstances closely related to the depression of the 1930's. In that grim era, many hundreds of artists were out of employment and the federal government formulated a project by which they could earn a livelihood and, not least, preserve lasting records of American folk art. Some of the most outstanding artists in the country have contributed to this far-reaching scheme. Their enthusiastic response made it possible for industrialists to develop designs based on native art, instead of depending largely upon the European traditions, according to notes from the Index Department.

Mrs. E. C. Chadbourne, president of the Senate House Association, personally selected these exhibits from the Index, and hopes that not only artists, but the public will find interest and inspiration in these pioneer forms of American art.

CP Mothers' Club Told of Care for Handicapped Child

Dr. David Overton, research pediatrician with the New York State Department of Health, addressed a meeting of the Cerebral Palsy Mothers' Club at the tumor clinic Wednesday afternoon. During the social period which followed, Dr. Overton gave advice concerning individual problems. From left, Dr. Overton, and the hostesses, Mrs. Philip Collins of Highland, chairman; Mrs. James Tyrell, this city; and Mrs. George Lowe, also of Highland.

Two aspects of the physically handicapped child were stressed by the speaker; namely, the principles of home care to increase the child's independence and confidence; and the general overall principles of eating habits.

Dr. Overton told the mothers they should keep in mind that handicapped children must have a routine, the same as any other child, and that discipline is necessary. He also pointed out that tremendous ingenuity is required on the part of the parents and commended the mothers present for their club activity, which can be a source of great assistance to them. *(Freeman photo)*

Joyce Delene Webb Becomes Bride of Stephen Louis Fodor

Miss Joyce Delene Webb, daughter of Mrs. Harold Hall of Candor, and Cecil Ernest Webb of Ithaca, became the bride of Stephen Louis Fodor of this city, the son of Mrs. William Nadge, Ithaca, and of James Fodor, Van Nuys, Calif., on Saturday, April 18, in the chapel, Anabel Taylor Hall, Ithaca. The Very Rev. Msgr. Donald Cleary performed the ceremony, and was celebrant at the nuptial Mass. A reception and wedding breakfast for 135 guests was held at the Statler Inn, Ithaca.

The chapel was banked with palms, lighted tapers in candelabra, and bouquets of white lilacs and snapdragons, deep purple stock, and pink roses.

Given in marriage by her father, the bride wore a gown of white nylon tulle and French chantilly lace over blush-pink satin, styled with portrait neckline edged in lace, long tapered sleeves, and a bouffant tulle skirt paneled with lace, and terminating in a chapel length train. Her veil was a full length square of imported French rosepoint illusion lace, worn as a mantilla. She also wore a choker-strand of seed pearls, a gift from the bridegroom. Her bouquet was of lilies-of-the-valley and stephanotis, centered with a white orchid.

Mrs. Michael Lo Pinto of Ithaca, was the honor attendant. she was attired in a heleo-blue iridescent taffeta gown, styled with a draped bodice over net insert, and a waltz length skirt having full side drapery. A cloche made of deep purple feathers, and a bouquet of coral pink roses centered with deep purple violets completed the ensemble.

Mrs. George Lewis of Whitestone, and Miss Barbara Hall of Ithaca, stepsister to the bride, were the bridesmaids. Their gowns and matching accessories, identical in style to the honor attendant's, were iridescent coral-rose and dusty-pink taffeta. Each carried a bouquet of deep purple violets centered with coral pink roses.

The flower girl was Miss Janet Lo Pinto and the ring bearer, Joey Lo Pinto, children of the matron of honor. Miss Lo Pinto wore an ankle length frock of pale pink taffeta, a natural straw leghorn hat and carried a straw basket filled with pink sweetpeas and deep purple violets.

The best man was John Sitch of Ithaca. Serving as ushers were Robert Saehloff, 65 Elmendorf street; Joseph Rajcula of Brookfield, Conn.; Joseph Hartnett and Joseph Fendrick, both of Ithaca.

The couple left for a wedding trip to Quebec. They will make their home at 203 Washington avenue.

Mrs. Fodor was graduated from Pratt Institute, and prior to her marriage, was employed as a commercial artist with Taylor M. Ward Inc., Ithaca.

Mr. Fodor attended South Dakota State College, during three and one-half years service in the United States Army, and was formerly with the J. C. Penney Company, this city.

Announce Marriage

Announcement has been made of the marriage of Mrs. Jennie Dewitt Cook, 473 Wilbur avenue, to Joseph Edward Smith Jr., of 55 West Pierpont street, on February 20, in Sharon, Conn. The ceremony was performed by Roland R. Marckres, justice of the peace in Sharon.

Mrs. Smith is the owner of Idyl Crest Lodge. Mr. Smith is a representative of the Willys Garage Inc., Albany avenue. The couple are residing at 55 West Pierpont street.

Great Pyramid Is Described at Women's Club YWCA Meeting

The last meeting of the season was held by the Women's Club of the YWCA on Tuesday evening, when David W. Jones of Hyde Park, spoke on The Great Pyramid of Egypt.

An architect by profession, Mr. Jones who is also known as a traveler and lecturer, has for many years been interested in the history, and symbolism of the Pyramids. In his talk, he described in minute detail, the Great Pyramid, known as the Pyramid of Gizeh.

Built by master masons, 2000 B.C., Mr. Jones told his large audience Gizeh occupies eight and one-half acres of ground and is 480 feet high. It is located about five mile southwest of Cairo In it, he said, is a "ladies room called the Queen's chamber which has drapes of polished marble. An upper room, known as the King's chamber, has a curtain of stone in an ante room leading to the so called Holy of Holies. Seven stories are above this. The entrance is a marvelous piece of engineering."

Mr. Jones spoke on the symbolic spiritual building. A question and answer period followed the talk.

During the first part of the meeting, Mrs. Robert Pixley presided, and briefly reviewed the activities of the Club in the past year, and expressed appreciation for the cooperation given her by the members. She then presented Mrs. William Ochs, newly elected president, with the gavel.

Corsages were given to Mrs. Pixley and Mrs. Ochs. Mrs. A. Noble Graham presented the speaker.

A social hour followed the meeting when Mrs. Pixley presided at the attractively arranged tea table. Hostesses were Mrs. Charles Terwilliger, Mrs. Raymond Van Valkenburgh, Mrs. Frank McCausland and Miss Louise Merikle.

Personal Notes

Mrs. James Smith of 74 Delafield street, Poughkeepsie, is convalescing at St. Francis Hospital, Poughkeepsie, following a recent operation. Mrs. Smith is the former Miss Helen Skop of this city.

Miss Ruth Forst, daughter of Mr. and Mrs. Arthur Forst, RD 3, Saugerties, will have a singing part in Finian's Rainbow, to be presented by the State University Teachers College at Plattsburgh, May 5, 6 and 7. Miss Forst is an early-childhood junior at the college.

Robert Hayner celebrated his sixth birthday recently with a party at his home on Robert street. In attendance were Christina Hetsco, Debbie Robbottinni, Stanley VanKleeck, Finkie, Jackie, Jeanne and Joyce McElrath; Lillian, Ronald and Gary McElrath; Diane Pritchard, Michael Benincasa, Joan and John Ewel, Sandy and Lorraine Benincasa, and Clara, Ralph, Patty and Richard Hayner.

Container Protest

Hastings, Neb. (AP) — The Hastings City Council has adopted a resolution asking that Nebraska enact a law prohibiting the sale of beverages in "throw-away" containers. Such a law presumably would outlaw such things as paper milk cartoons and beer cans. Councilman Louis Benner said the law is needed to clean up streets and yards now littered by beverage cans and bottles. A copy of the resolution was forwarded to Gov. Robert Crosby.

Hair by the Foot

New York (AP) — Your head can grow six feet of hair daily, if you have a healthy crop of it, says hair expert Charles Antell. He adds that hair grows faster by day than by night, and that the average scalp has 1,000 hairs per square inch. Blondes have the most, with some 140,000; brunettes are second with 120,000; and red-heads may have as few as 90,000.

Judges Announce Winners in 4-H District Demonstrations

The winners in the 10-county Eastern district home demonstrations sponsored by the 4-H Club and held Tuesday in Bethany Hall of the Old Dutch Church, have been announced. From left, standing, Marilyn Estes, clothing; Shirley Power, home improvement, both of Dutchess county; and Betty Ann Engstrom, foods, Columbia county. Front row, also from left, Shirley Vaughn, home improvements, Dutchess; Beatrice Downing, clothing, Sullivan; Dorothy Richards, potholders; and Arlene King, sponge cake; both of Greene county; and Joan Palmatier, sunshine cake, Orange county.

Judges for the several divisions (bottom photo) were, in the usual order, Miss Mildred Dunn and Miss Frances Young, Cornell University; Miss Louise Archbold, county assistant 4-H agent; Miss Barbara Kenrick, Cornell; and Miss Gladys Adams, district 4-H Club agent. *(Freeman photos)*

Pilgrimage Begins

The Martyrs' Shrine, more beautiful than ever, begins its 68th Pilgrimage Season on Sunday, May 3. A very special event on that day will be the presence of the choir of St. Anthony-on-the-Hudson Seminary of Rensselaer. Thirty resonant male voices comprise the choir schooled expertly in the music of the church. The appearance at the shrine of these seminarians is their only public appearance outside the Cathedral in Albany and at the great May Day each year on the steps of the Capitol in Albany. The choir will sing during the Missa Cantata which begins at 11 a. m. in the Coliseum at Auriesville.

Tillson

Tillson, April 30—Mrs. William Van Kleeck of Tillson was tendered a stork shower Monday evening by the Maple Hill School Association at the Maple Hill school. Decorations were in pink and white. Mrs. Warren Henry and Mrs. John Tyler were co-hostesses.

Others attending included the Mmes. William Tyler, Edward Klepeis, Roy Van Keuren, John Muller, Anton Kelsch, Herman Walsh, John Duffy, Carl Schoeck, Joseph Van Kleeck, Carrie Reed, Herbert Sobers, Mary Sobers, Anthony Debrosky, Alice Bridges and Henry Michaels.

Betty Ann Van Kleeck celebrated her seventh birthday Monday afternoon at a party in her honor given by her mother Mrs. William T. Van Kleeck. Children attending were Michael Van Kleeck, William Van Kleeck, Mary Cippoli, Althea Stahl, Shirley Coddington, Paula Foertsch, Gail Muller, and Teri Debrosky. Diane Deyo was unable to attend due to illness.

Due to fire training class being conducted this Friday evening at the Tillson Fire Hall, the Rosendale Sportsmen's Association will not hold its regular monthly meeting at that time as announced. This meeting will be postponed until Friday evening, May 15, and will be held at the fire hall at 8 o'clock.

Subversive List Is Extended for New Security Check

Washington, April 30 (AP) — A larger list of organizations regarded by the attorney general as subversive emerged today for use in the Eisenhower administration's new loyalty-security check on federal employes.

Membership in, affiliation with, or "sympathetic association with" any of the groups named will be one of the yardsticks used in determining eligibility for government work.

Atty. Gen. Brownell, at a news conference yesterday, announced projected use of the list of policing the federal payroll. In doing so, he carefully took note of a 1951 Supreme Court decision which rapped sternly at the Truman administration for labelling organizations subversive without a hearing.

Brownell said groups on his list will get hearings if they ask for them.

Adopts Whole Catalogue

The new attorney general adopted in Toto the catalogue of 192 organizations listed by his Democratic predecessors as subversive. And he named 62 other groups to which he proposed to apply a similar label—making a total of 254.

The 62 proposed additions, he said, have been given notice of their projected inclusion, and will have the right to ask for hearing, if they want it. No response will be regarded as acceptance of the designation.

Since the 192 re-designated as subversive have long been publicly listed, they were not given notice, but Brownell said they too could get hearings, on request if they want to present evidence why they should not be on the list.

Child Health Is Diet Tribute

By GAYNOR MADDOX
NEA Food and Markets Editor

Tomorrow is Child Health Day, 25th anniversary of the first presidential proclamation for national observance of May 1 as Child Health Day.

Last year, 1952, saw the record-smashing arrival of almost 4,000,000 babies—3,889,000 is the estimate. That's reason enough for observing this day.

Also cheering news is the continuing drop in the infant mortality rate, which last year reached its lowest point of 28.6 per 1000 live births. For the third successive year, this rate has been under 30, a startling contrast to 40.4 only a decade ago, in 1942.

The reduction of infant mortality within the past 10 years can be credited with a saving of 50,000 infant lives in 1952 alone, notes Metropolitan Life Insurance Co.

Contributing to this gain in infant lives is today's percentage of hospital births (88.9 per cent of registered births), and vastly improved nutrition for mothers and babies, notably during the critical prenatal period.

Diet is high on the doctor's "what-to-do" list. American mothers have access to accurate information on the well-rounded diet from medical and government sources, nutrition experts, food writers. Mothers are using this knowledge daily and babies are gaining faster, showing their good health in many ways.

For instance, today's babies double their weight sooner than did newborns 10 years ago, according to pediatrics research in a group of New York city hospitals. The majority of infants now double their weight by the fourth month, some by the third. This is a tribute to early prescription of a variety of foods usually headed by cod liver oil, some form of vitamin C and special baby cereals.

When it comes to foods, the doctor is generous and baby's menu reaches sizable proportions in the second month. Keeping step with medical thinking, baby-food companies are developing more and more high-chair specialties. Next to nutritive values, true flavor and color are chief aims in baby food research.

TOMORROW'S MENU

BREAKFAST: Sliced bananas, ready-to-eat cereal, fruit and nut coffee cake, tea, milk.

LUNCHEON: Stuffed egg, tomato and watercress salad, boiled dressing, toasted muffins, butter or margarine, applesauce cake, tea, milk.

DINNER: Creamed tuna and sliced olives, fluffy rice, canned or new peas, crusty rolls, butter or margarine, spring salad bowl, French dressing, strawberry tarts, coffee, milk.

Hair by the Foot

New York (AP) — Your head can grow six feet of hair daily, if you have a healthy crop of it, says hair expert Charles Antell. He adds that hair grows faster by day than by night, and that the average scalp has 1,000 hairs per square inch. Blondes have the most, with some 140,000; brunettes are second with 120,000; and red-heads may have as few as 90,000.

Judges Announce Winners in 4-H District Demonstrations

The winners in the 10-county Eastern district home demonstrations sponsored by the 4-H Club and held Tuesday in Bethany Hall of the Old Dutch Church, have been announced. From left, standing, Marilyn Estes, clothing; Shirley Power, home improvement, both of Dutchess county; and Betty Ann Engstrom, foods, Columbia county. Front row, also from left, Shirley Vaughn, home improvements, Dutchess; Beatrice Downing, clothing, Sullivan; Dorothy Richards, potholders; and Arlene King, sponge cake; both of Greene county; and Joan Palmatier, sunshine cake, Orange county.

Judges for the several divisions (bottom photo) were, in the usual order, Miss Mildred Dunn and Miss Frances Young, Cornell University; Miss Louise Archbold, county assistant 4-H agent; Miss Barbara Kenrick, Cornell; and Miss Gladys Adams, district 4-H Club agent. *(Freeman photos)*

Pilgrimage Begins

The Martrys' Shrine, more beautiful than ever, begins its 68th Pilgrimage Season on Sunday, May 3. A very special event on that day will be the presence of the choir of St. Anthony-on-the-Hudson Seminary of Rensselaer. Thirty resonant male voices comprise the choir schooled expertly in the music of the church. The appearance at the shrine of these seminarians is their only public appearance outside the Cathedral in Albany and at the great May Day each year on the steps of the Capitol in Albany. The choir will sing during the Missa Cantata which begins at 11 a. m. in the Coliseum at Auriesville.

Tillson

Tillson, April 30—Mrs. William Van Kleeck of Tillson was tendered a stork shower Monday evening by the Maple Hill School Association at the Maple Hill school. Decorations were in pink and white. Mrs. Warren Henry and Mrs. John Tyler were co-hostesses.

Others attending included the Mmes. William Tyler, Edward Klepeis, Roy Van Keuren, John Muller, Anton Kelsch, Herman Walsh, John Duffy, Carl Schoeck, Joseph Van Kleeck, Carrie Reed, Herbert Sobers, Mary Sobers, Anthony Debrosky, Alice Bridges and Henry Michaels.

Betty Ann Van Kleeck celebrated her seventh birthday Monday afternoon at a party in her honor given by her mother Mrs. William T. Van Kleeck. Children attending were Michael Van Kleeck, William Van Kleeck, Mary Cippoli, Althea Stahl, Shirley Coddington, Paula Foertsch, Gail Muller, and Teri Debrosky. Diane Deyo was unable to attend due to illness.

Due to fire training class being conducted this Friday evening at the Tillson Fire Hall, the Rosendale Sportsmen's Association will not hold its regular monthly meeting at that time as announced. This meeting will be postponed until Friday evening, May 15, and will be held at the fire hall at 8 o'clock.

Subversive List Is Extended for New Security Check

Washington, April 30 (AP) — A larger list of organizations regarded by the attorney general as subversive emerged today for use in the Eisenhower administration's new loyalty-security check on federal employes.

Membership in, affiliation with, or "sympathetic association with" any of the groups named will be one of the yardsticks used in determining eligibility for government work.

Atty. Gen. Brownell, at a news conference yesterday, announced projected use of the list of policing the federal payroll. In doing so, he carefully took note of a 1951 Supreme Court decision which rapped sternly at the Truman administration for labelling organizations subversive without a hearing.

Brownell said groups on his list will get hearings if they ask for them.

Adopts Whole Catalogue

The new attorney general adopted in Toto the catalogue of 192 organizations listed by his Democratic predecessors as subversive. And he named 62 other groups to which he proposed to apply a similar label—making a total of 254.

The 62 proposed additions, he said, have been given notice of their projected inclusion, and will have the right to ask for hearing, if they want it. No response will be regarded as acceptance of the designation.

Since the 192 re-designated as subversive have long been publicly listed, they were not given notice, but Brownell said they too could get hearings, on request if they want to present evidence why they should not be on the list.

Child Health Is Diet Tribute

By GAYNOR MADDOX
NEA Food and Markets Editor

Tomorrow is Child Health Day, 25th anniversary of the first presidential proclamation for national observance of May 1 as Child Health Day.

Last year, 1952, saw the record-smashing arrival of almost 4,000,000 babies—3,889,000 is the estimate. That's reason enough for observing this day.

Also cheering news is the continuing drop in the infant mortality rate, which last year reached its lowest point of 28.6 per 1000 live births. For the third successive year, this rate has been under 30, a startling contrast to 40.4 only a decade ago, in 1942.

The reduction of infant mortality within the past 10 years can be credited with a saving of 50,000 infant lives in 1952 alone, notes Metropolitan Life Insurance Co.

Contributing to this gain in infant lives is today's percentage of hospital births (88.9 per cent of registered births), and vastly improved nutrition for mothers and babies, notably during the critical prenatal period.

Diet is high on the doctor's "what-to-do" list. American mothers have access to accurate information on the well-rounded diet from medical and government sources, nutrition experts, food writers. Mothers are using this knowledge daily and babies are gaining faster, showing their good health in many ways.

For instance, today's babies double their weight sooner than did newborns 10 years ago, according to pediatrics research in a group of New York city hospitals. The majority of infants now double their weight by the fourth month, some by the third. This is a tribute to early prescription of a variety of foods usually headed by cod liver oil, some form of vitamin C and special baby cereals.

When it comes to foods, the doctor is generous and baby's menu reaches sizable proportions in the second month. Keeping step with medical thinking, baby-food companies are developing more and more high-chair specialties. Next to nutritive values, true flavor and color are chief aims in baby food research.

TOMORROW'S MENU

BREAKFAST: Sliced bananas, ready-to-eat cereal, fruit and nut coffee cake, tea, milk.

LUNCHEON: Stuffed egg, tomato and watercress salad, boiled dressing, toasted muffins, butter or margarine, applesauce cake, tea, milk.

DINNER: Creamed tuna and sliced olives, fluffy rice, canned or new peas, crusty rolls, butter or margarine, spring salad bowl, French dressing, strawberry tarts, coffee, milk.

Record Homer Is Blasted in PG, But Milwaukee Brave Does It

Adcock's Blow Lands In CF Bleachers

(By The Associated Press)

If the current rash of long-ball hitting in the majors continues, they're going to have to supply the bleacherites with outfielders' gloves.

Either that or the pitchers are going to start the old lament that the ball is being souped up again.

First it was Mickey Mantle of the Yankees, then Ed Mathews of the Braves, then Mantle again and now Joe Adcock of the Braves has gotten into the derby for long distance slugging. And the season is only two weeks old.

Mantle holds the record for the campaign, his first homer travelling 562 feet. Adcock's yesterday went 475 feet. It came with one on and helped the Braves to a 3-2 triumph over the Giants.

First in Regular Season

More important, though, it was the first ball ever hit into the center field bleachers of the Polo Grounds during a regular season game. Schoolboy Rowe, then a Detroit Tiger pitcher, hit one there during batting practice in 1933, and Luke Easter, now of the Cleveland Indians, found the mark when he was playing in a Negro league some years later.

The hit came in the third inning, but as things turned out, the Braves had to win it in the ninth when knuckleballer Hoyt (what, again?) Wilhelm let loose a wild pitch. Adcock got to first base when Al Dark made a bad throw on his grounder. He stole second, and advanced to third on catcher Sam Calderone's poor throw. Jim Pendelton went in to run for Adcock and scored on the wild heave.

The league-leading Philadelphia Phillies lost again to the St. Louis Cardinals, but the second-place Chicago Cubs also were beaten. Since Brooklyn won, Chuck Dressen's defending champions gained on both leaders.

Cards Stop Simmons

The Phils defeat came in a game that pitcher Curt Simmons would have won 99 of 100 times. He gave up only three hits, but the Cardinals beat him for his first loss of the season in the 11th inning of a night contest, 1-0, when Bill Johnson doubled home Rip Repulski. The latter had reached first on an error and was sacrificed to second.

The Cubs failed to take advantage of the Phillies' lapse and went down to a 4-3 defeat at the hands of the struggling Pittsburgh Pirates. By their victory, the Buccos moved into a tie for sixth place with the Giants. That's ratified air for them.

Little Murry Dickson went all the way for the Pirates, who looked as if they were about to drop another one when the Cubs scored twice in the eighth to break a 1-all tie. But they came right back with three in their half of the inning. Pete Castiglione knocked in two runs with a timely single.

The Dodgers edged the Cincinnati Redlegs, 6-5. Roy Campanella tied the score with a two-run homer in the eighth, and reliefer Joe Black threw just one ball to gain credit for the victory.

Redleg catcher Hobie Landrith let the winning run score on a passed ball in the ninth. Carl Furillo, who doubled to open the inning and advanced to third on a sacrifice, tallied on the passed ball.

Tribe Gains on Yanks

In the American League, the Indians gained a half game on the idle Yankees when Early Wynn pitched them to a 2-1 decision over the Philadelphia A's. The Tribe now is one game behind the Yanks.

Bob Porterfield hurled the Washington Senators to a 3-0 conquest over the Chicago White Sox. All he needed was one run in the third inning and he drove that run in himself with a single.

The Boston Red Sox whacked the hapless Detroit Tigers, 10-4. Sammy White knocked in five runs.

The Yanks and St. Louis Browns were rained out.

Times Sees Horse Racing Becoming Leader of Sports

New York, April 30 (AP)—Horse racing, once the sport of the kings, is threatening to become the king of sports in America, the New York Times said today in reporting an attendance survey.

The Times said the survey showed attendance at running and trotting tracks booming while crowds are declining at major league baseball games and in such sports as basketball and football.

The paper, in a front page story by Stanley Levey, cited these figures:

Last year 29,177,027 persons flocked to 77 major running tracks in the United States and Canada, an increase of 2,160,026 over 1951.

And 16,703,590 attended the trotting races, making a total of 45,880,617 who came out to watch the horses go.

In those same two years major league baseball attendance dropped from 16,126,676 to 14,635,457 while minor league attendance declined from 27,625,529 to 26,305,328.

Major league attendance has been on a downward trend since 1948 when the record gate of 20,920,842 was set.

Similar slumps have been noted in football and basketball, particularly in college basketball since the "fix" scandals of three years ago.

Blitzen Up Cops

Yonkers, April 30 (AP)—Dick Thomas, driving the supposedly weaker part of the Henry Thomas entry, Blitzen Up, scored a two length victory last night in the featured Westchester Trot before 20,637 at Yonkers Raceway. The entry went off at 8-5 mainly because of Face Value, but Face Value tired after the first half mile and finished fifth. Long shot Dama Don was second with Thunderation third. The time for the mile was 2:07.1 and the Thomas entry returned $5.30.

Weatherman Undecided

Louisville, Ky., April 30 (AP)—Maybe yes, maybe no. In a nutshell, that's the weather outlook for Derby day. Although he's said there's a possibility of showers Saturday, meteorologist O. K. Anderson refuses at this stage to be pinned down. You can expect a "pretty definite" forecast about Friday morning, says Anderson, who is being kept busy answering numerous long distance phone calls on Derby weather prospects.

Redleg catcher Hobie Landrith let the winning run score on a passed ball in the ninth. Carl Furillo, who doubled to open the inning and advanced to third on a sacrifice, tallied on the passed ball.

Tribe Gains on Yanks

In the American League, the Indians gained a half game on the idle Yankees when Early Wynn pitched them to a 2-1 decision over the Philadelphia A's. The Tribe now is one game behind the Yanks.

Bob Porterfield hurled the Washington Senators to a 3-0 conquest over the Chicago White Sox. All he needed was one run in the third inning and he drove that run in himself with a single.

The Boston Red Sox whacked the hapless Detroit Tigers, 10-4. Sammy White knocked in five runs.

The Yanks and St. Louis Browns were rained out.

Times Sees Horse Racing Becoming Leader of Sports

New York, April 30 (AP)—Horse racing, once the sport of the kings, is threatening to become the king of sports in America, the New York Times said today in reporting an attendance survey.

The Times said the survey showed attendance at running and trotting tracks booming while crowds are declining at major league baseball games and in such sports as basketball and football.

The paper, in a front page story by Stanley Levey, cited these figures:

Last year 29,177,027 persons flocked to 77 major running tracks in the United States and Canada, an increase of 2,160,026 over 1951.

And 16,703,590 attended the trotting races, making a total of 45,880,617 who came out to watch the horses go.

In those same two years major league baseball attendance dropped from 16,126,676 to 14,635,457 while minor league attendance declined from 27,625,529 to 26,305,328.

Major league attendance has been on a downward trend since 1948 when the record gate of 20,920,842 was set.

Similar slumps have been noted in football and basketball, particularly in college basketball since the "fix" scandals of three years ago.

Blitzen Up Cops

Yonkers, April 30 (AP)—Dick Thomas, driving the supposedly weaker part of the Henry Thomas entry, Blitzen Up, scored a two length victory last night in the featured Westchester Trot before 20,637 at Yonkers Raceway. The entry went off at 8-5 mainly because of Face Value, but Face Value tired after the first half mile and finished fifth. Long shot Dama Don was second with Thunderation third. The time for the mile was 2:07.1 and the Thomas entry returned $5.30.

Weatherman Undecided

Louisville, Ky., April 30 (AP)—Maybe yes, maybe no. In a nutshell, that's the weather outlook for Derby day. Although he's said there's a possibility of showers Saturday, meteorologist O. K. Anderson refuses at this stage to be pinned down. You can expect a "pretty definite" forecast about Friday morning, says Anderson, who is being kept busy answering numerous long distance phone calls on Derby weather prospects.

Little League Season Opens With Doubleheader on May 23

Two Eight-Team Circuits Set At Two Diamonds

Each League Is To Play in Opener

Little League baseball starts in Kingston on Saturday, May 23, with a doubleheader at the 156th FA Little League Stadium on Manor avenue.

The Dodgers and Yankees of the American League meet in the opener, with the Indians and Pirates of the newly-formed National League clashing in the nightcap.

The regular schedule is resumed on Monday, May 25, with the American League playing regularly at the 156th FA stadium, and the National League at the upper diamond at Hasbrouck Park.

League director, John Hasbrouck, reports that approximately 300 small fry of the city are battling for positions on the city's eight Little League squads.

Supervisor James DeCicco, assistant to the director, has been in charge of the downtown workouts at Hasbrouck Park and reports tremendous enthusiasm for the new league.

The official setup for the two circuits, as announced by Director John Hasbrouck, follow:

American League

Dodgers — Sprague Electric, sponsor; Bernard A. Culloton, manager; Thomas M. Davitt, coach.

Yankees — Lions Club, sponsor; Bill Thomas, manager; Ken Clark, coach.

Giants — Electrol, Inc., sponsor; Paul Gardner, manager; Holcomb Tomson, coach.

Red Sox — Moose Club, sponsor; Peter Ferraro, manager; Charlie Boice, coach.

National League

Indians — Miron Lumber, sponsor; Bill Murphy, manager; Lafayette Holstein, coach.

Pirates — Hiltebrants, sponsor; Thomas Lewis, manager; John Tomaseskie, coach.

Tigers — Island Dock, sponsor; Harry Houghtaling, manager; Charlie Diers, coach.

Braves — Adirondack Trailways, sponsor; Gus Hoffman, manager; F. Bailey, coach.

Officials Named

The four umpires selected to handle the American League games are Harold "Sonny" Barnes, Tom Heneberry, Ray Lindhurst, Charlie Derrenbacher. Melvin "Meb" Lynch will serve as groundkeeper, with Jake Chichelsky as official scorer.

Three National League umpires are Jim Woods, I. Jones and P. Brown. Harry Bruck will serve as groundkeeper and John Dudek as official scorer.

The schedule for the first six games in each league follows:

American League

May 23—Dodgers vs. Yankees
May 25—Giants vs. Red Sox
May 26—Yankees vs. Giants
May 27—Red Sox vs. Dodgers
May 28—Yankees vs. Red Sox
June 1—Dodgers vs. Giants

National League

May 23—Indians vs. Pirates
May 25—Tigers vs. Braves
May 26—Pirates vs. Tigers
May 28—Braves vs. Indians
May 29—Pirates vs. Braves
June 1—Indians vs. Tigers

The Kingston Little League Association is arranging elaborate opening ceremonies. Details will be announced later.

Owners of 12 in Derby Field Seek First Wins in Classic

Louisville, Ky., April 30 (AP)—The 79th Kentucky Derby Saturday might well be labeled the "Newcomers Derby," for not one of the owners of 12 probable starters ever has seen any of his horses led into the winner's circle and crowned with the garland of red roses.

And with the exception of Greentree Stable, owned by John Hay Whitney and his sister, Mrs. C. S. Payson, and Charles T. Fisher's Dixiana Farm, no owner ever has had more than one thoroughbred in the $100,000 added three-year-old turf classic.

Greentree, which will be represented by the well regarded Straight Face Saturday, sent out two winners, Twenty Grand in 1931 and Shut Out in 1942, but in those days the stable was operated by Mrs. Payne Whitney, mother of the present owners.

Since it was established in 1921, Greentree has made 96 horses eligible and 16 have carried the famous watermelon pink and black silks to the post in 10 Derbies. In addition, John Hay had a lone entry before his mother's death.

Never Closer Than Second

Dixiana colors, which will be flaunted by Spy Defense Saturday, have been represented in nine previous Derbies but never came closer than second, with Sweep All in 1931, Spy Song in 1946 and Sub Fleet last year.

Of the others only Alfred Vanderbilt, owner of the mighty unbeaten Native Dancer; Mrs. Gordon Guiberson of La Jolla, Calif., whose Correspondent is the second choice; and Harry F. Guggenheim, master of the Cain Hoy Stable, ever have sent a horse to the post in America's most spectacular race. They've each had one. Cain Hoy's hopes, and they are high, will be Dark Star, easy winner of yesterday's Derby trial.

Although he has been a liberal nominator to the Derby, you have to go back to 1934 to find the other Vanderbilt starter. That was the famous Discovery, which ran second to Cavalcade. Mrs. Guiberson's silks were sixth with Arroz last year and Guggenheim, former U. S. ambassador to Cuba, wound up sixth with the favored Battle Morn in 1951.

Other Probable Entries

With the entry box scheduled to open at 7 a. m., eastern standard time, tomorrow the other entries with owners are expected to be: Royal Bay Gem (Eugene Constatin, Jr.); Invigorator (Saxon stable of John Allison and Max Prestridge); Ace Destroyer (T. N. Daniel); Curragh King (E. M. Goemans); Money Broker (G. & C. stable of P. A. Grissom and Edward Grosfield); Ram O'War (Bruce S. Campbell); and Social Outcast (Vanderbilt).

There also is a possibility that the name of Mr. Paradise will be dropped into the entry box although Trainer Howard Hoffman doesn't expect him to start. Social Outcast likewise may not be at the post for the 4:30 p. m., eastern standard time, getaway.

If it comes up mud, and the predictions are for possible showers, Vanderbilt definitely will send Outcast as a running mate for his The Illustrious Dancer. And there is a chance he'll go with the track fast.

Social Outcast didn't show anything yesterday to indicate he can match the speed and stamina of the Dancer. In a workout between races, Social Outcast was sent away four or five lengths in front but was beaten by a nose as Vanderbilt's big grey stepped the mile in 1:39 3/5 under an exercise boy's tight hold.

Hogan Favorite In P-A Tourney

Mexico City, April 30 (AP)—Ben Hogan, golf's semi-retired capitalist, ruled a heavy favorite to add to his coffers as play opened today in the 72-hole Pan American Open championship.

Two of the men most capable of keeping the bantam Hogan from new gold were absent, at least one of them bitter because of preferential treatment given the three-time U. S. Open champion.

Lloyd Mangrum, defending Pan Am titlist, said he was passing it up because the sponsors offered Hogan a $5 000 appearance bonus while the same sort of lure wasn't given him.

The Pan Am sponsors denied the $5,000 offer to Hogan. They said they had offered Mangrum $1,000 to come but Mangrum continued to refuse. Mangrum himself is a former U. S. Open champion and currently is the leading money winner amoung U. S. pros.

Sam Snead also was absent, and officials of the Mexican tournament said they had been given no reason for his failure to show.

Stan the Man Hits Safely In 9th Game

(By The Associated Press)

Philadelphia, April 30 (AP)—Stan Musial is off on another hitting streak.

The St. Louis Cardinals' slugger has hit safely in his last nine games. He was stopped only in the Cards' opening game by Milwaukee's Warren Spahn.

Stan had one hit in three trips in last night's game against the Phillies.

Pittsburgh, April 30 (AP)—Outfielder Cal Abrams, the erstwhile Brooklyn Dodger is becoming quite a favorite with Pittsburgh Pirates' fans.

Abrams, acquired by the Bucs from Cincinnati last winter, is batting .311 with 14-for-45.

Cal had three hits last night, including a bases-empty homer.

Cleveland, April 30 (AP)—George Kell, Boston Red Sox' third baseman, apparently is out to win another American League batting title.

Kell, the junior circuit's top hitter in 1949, again is leading the league today with a .475 average.

The 30-year-old veteran had four-for-four in yesterday's game against the Detroit Tigers.

The thoroughbred stallions Sir Gallahad III and Bull Dog were brothers and both highly successful sires.

Mexico City — Manuel Armentaros, 121¼, Cuba, knocked out Aurelio Rivero, 122, Mexico, 1.

Adcock Terms Mathews Longest Hitter Despite 475-Foot Shot

Rates Brave Fielder Over Mantle, Others

New York, April 30 (AP)—Joe Adcock, who hit a 475-foot home run into the Polo Grounds bleachers yesterday, says the longest hitter in baseball is his roommate, Eddie Mathews.

"I've read about Mickey Mantle's tremendous home run in Washington," the Milwaukee first baseman said, shrugging off his own tremendous wallop, "but for my money Eddie hits the ball farther than anybody I've seen."

Since Mantle, the New York Yankees' centerfielder, tagged that 562-footer in Washington, the tape measure has become a part of standard ball park equipment.

Adcock's blow landed in the tenth row of the left centerfield bleachers, the first ever hit into that part of the stands in a regular league game. It gave the Milwaukee Braves a 3-2 victory over the New York Giants.

Adcock said he saw Mathews pole a home run in Chicago the other day that went 500 feet on the fly.

Clear Out of Park

"It was the longest ball I ever saw anybody hit at Wrigley Field," he added. "It went clear out of the park.

"But it wasn't the longest ball I ever saw Mathews hit. He hit one in Cincinnati last year that came within four rows of clearing the rightfield bleachers. It was 366 feet to the bleachers and 150 feet to the outer wall. If the ball had been hit in an open field, I think it would have traveled farther than Mantle's."

Mathews, like Mantle, is 21 years old and like the Yankee centerfielder hails from the southwest. His birthplace is Texarkana, Tex. Mantle comes from Commerce, Okla.

Adcock said his homer yesterday was the longest he ever hit. "I knew I had gotten the wood on it," he said "but I never thought it was going to travel so far."

Mathews, who plays third for Milwaukee, said he figures the longest ball he ever hit was a home run while playing with Atlanta in 1950. People there have marked where it hit in a tree and still speak of it with awe.

Top HR Clouter

At present Mathews leads both major leagues in home runs with six. Mantle has three. Adcock's homer yesterday was his first.

There's been a lot of speculation about whether Mantle will be the first man to knock the ball out of Yankee Stadium. Nobody, not even Babe Ruth, ever did it.

As a National Leaguer, Mathews won't get a shot at these distant walls—unless he lands in the World Series or is traded to the American League.

Charlie Grimm, manager of the Milwaukee Braves, has a son serving with the Marine Corps and a daughter who is married to a Naval flight surgeon.

REMOVING THE "SET" IN A BAMBOO ROD

4-30

A "SET" IS A PERMANENT BEND IN A ROD, USUALLY CAUSED BY MISUSE. IF ATTENDED AT ONCE, SLIGHT SETS CAN OFTEN BE RIGHTED WITH YOUR FINGER TIPS.

IF THAT DOESN'T WORK, TRY HANGING THE SECTION BY A NAIL AND STRING, AS SHOWN, AND SUSPENDING A WEIGHT SO IT OPPOSES THE BEND FOR AWHILE.

IF THE SET IS BAD IT MAY BE NECESSARY TO SCRAPE OFF THE VARNISH AND STEAM THE ROD TO SOFTEN THE GLUE. THEN STRAIGHTEN AND BIND IT DOWN TO DRY BEFORE REFINISHING.

Little League Season Opens With Doubleheader on May 23

Two Eight-Team Circuits Set At Two Diamonds

Each League Is To Play in Opener

Little League baseball starts in Kingston on Saturday, May 23, with a doubleheader at the 156th FA Little League Stadium on Manor avenue.

The Dodgers and Yankees of the American League meet in the opener, with the Indians and Pirates of the newly-formed National League clashing in the nightcap.

The regular schedule is resumed on Monday, May 25, with the American League playing regularly at the 156th FA stadium, and the National League at the upper diamond at Hasbrouck Park.

League director, John Hasbrouck, reports that approximately 300 small fry of the city are battling for positions on the city's eight Little League squads.

Supervisor James DeCicco, assistant to the director, has been in charge of the downtown workouts at Hasbrouck Park and reports tremendous enthusiasm for the new league.

The official setup for the two circuits, as announced by Director John Hasbrouck, follow:

American League

Dodgers — Sprague Electric, sponsor; Bernard A. Culloton, manager; Thomas M. Davitt, coach.

Yankees — Lions Club, sponsor; Bill Thomas, manager; Ken Clark, coach.

Giants — Electrol, Inc., sponsor; Paul Gardner, manager; Holcomb Tomson, coach.

Red Sox — Moose Club, sponsor; Peter Ferraro, manager; Charlie Boice, coach.

National League

Indians — Miron Lumber, sponsor; Bill Murphy, manager; Lafayette Holstein, coach.

Pirates — Hiltebrants, sponsor; Thomas Lewis, manager; John Tomaseskie, coach.

Tigers — Island Dock, sponsor; Harry Houghtaling, manager; Charlie Diers, coach.

Braves — Adirondack Trailways, sponsor; Gus Hoffman, manager; F. Bailey, coach.

Officials Named

The four umpires selected to handle the American League games are Harold "Sonny" Barnes, Tom Heneberry, Ray Lindhurst, Charlie Derrenbacher. Melvin "Meb" Lynch will serve as groundkeeper, with Jake Chichelsky as official scorer.

Three National League umpires are Jim Woods, I. Jones and P. Brown. Harry Bruck will serve as groundkeeper and John Dudek as official scorer.

The schedule for the first six games in each league follows:

Owners of 12 in Derby Field Seek First Wins in Classic

Louisville, Ky., April 30 (AP)—The 79th Kentucky Derby Saturday might well be labeled the "Newcomers Derby," for not one of the owners of 12 probable starters ever has seen any of his horses led into the winner's circle and crowned with the garland of red roses.

And with the exception of Greentree Stable, owned by John Hay Whitney and his sister, Mrs. C. S. Payson, and Charles T. Fisher's Dixiana Farm, no owner ever has had more than one thoroughbred in the $100,000 added three-year-old turf classic.

Greentree, which will be represented by the well regarded Straight Face Saturday, sent out two winners, Twenty Grand in 1931 and Shut Out in 1942, but in those days the stable was operated by Mrs. Payne Whitney, mother of the present owners.

Since it was established in 1921, Greentree has made 96 horses eligible and 16 have carried the famous watermelon pink and black silks to the post in 10 Derbies. In addition, John Hay had a lone entry before his mother's death.

Never Closer Than Second

Dixiana colors, which will be flaunted by Spy Defense Saturday, have been represented in nine previous Derbies but never came closer than second, with Sweep All in 1931, Spy Song in 1946 and Sub Fleet last year.

Of the others only Alfred Vanderbilt, owner of the mighty unbeaten Native Dancer; Mrs. Gordon Guiberson of La Jolla, Calif., whose Correspondent is the second choice; and Harry F. Guggenheim, master of the Cain Hoy Stable, ever have sent a horse to the post in America's most spectacular race. They've each had one. Cain Hoy's hopes, and they are high, will be Dark Star, easy winner of yesterday's Derby trial.

Although he has been a liberal nominator to the Derby, you have to go back to 1934 to find the other Vanderbilt starter. That was the famous Discovery, which ran second to Cavalcade. Mrs. Guiberson's silks were sixth with Arroz last year and Guggenheim, former U. S. ambassador to Cuba, wound up sixth with the favored Battle Morn in 1951.

Other Probable Entries

With the entry box scheduled to open at 7 a. m., eastern standard time, tomorrow the other entries with owners are expected to be: Royal Bay Gem (Eugene Constatin, Jr.); Invigorator (Saxon stable of John Allison and Max Prestridge); Ace Destroyer (T. N. Daniel); Curragh King (E. M. Goemans); Money Broker (G. & C. stable of P. A. Grissom and Edward Grosfield); Ram O'War (Bruce S. Campbell); and Social Outcast (Vanderbilt).

There also is a possibility that the name of Mr. Paradise will be dropped into the entry box although Trainer Howard Hoffman doesn't expect him to start. Social Outcast likewise may not be at the post for the 4:30 p. m., eastern standard time, getaway.

If it comes up mud, and the predictions are for possible showers, Vanderbilt definitely will send Outcast as a running mate for his The Illustrious Dancer. And there is a chance he'll go with the track fast.

Social Outcast didn't show anything yesterday to indicate he can match the speed and stamina of the Dancer. In a workout between races, Social Outcast was sent away four or five lengths in front but was beaten by a nose as Vanderbilt's big grey stepped the mile in 1:39 3/5 under an exercise boy's tight hold.

Hogan Favorite In P-A Tourney

Mexico City, April 30 (AP)—Ben Hogan, golf's semi-retired capitalist, ruled a heavy favorite to add to his coffers as play opened today in the 72-hole Pan American Open championship.

Two of the men most capable of keeping the bantam Hogan from new gold were absent, at least one of them bitter because of preferential treatment given the three-time U. S. Open champion.

Lloyd Mangrum, defending Pan Am titlist, said he was passing it up because the sponsors offered Hogan a $5 000 appearance bonus while the same sort of lure wasn't given him.

The Pan Am sponsors denied the $5,000 offer to Hogan. They said they had offered Mangrum $1,000 to come but Mangrum continued to refuse. Mangrum himself is a former U. S. Open champion and currently is the leading money winner amoung U. S. pros.

Sam Snead also was absent, and officials of the Mexican tournament said they had been given no reason for his failure to show.

Stan the Man Hits Safely In 9th Game

(By The Associated Press)

Philadelphia, April 30 (AP)—Stan Musial is off on another hitting streak.

The St. Louis Cardinals' slugger has hit safely in his last nine games. He was stopped only in the Cards' opening game by Milwaukee's Warren Spahn.

Stan had one hit in three trips in last night's game against the Phillies.

Pittsburgh, April 30 (AP)—Outfielder Cal Abrams, the erstwhile Brooklyn Dodger is becoming quite a favorite with Pittsburgh Pirates' fans.

Abrams, acquired by the Bucs from Cincinnati last winter, is batting .311 with 14-for-45.

Cal had three hits last night, including a bases-empty homer.

Cleveland, April 30 (AP)—George Kell, Boston Red Sox' third baseman, apparently is out to win another American League batting title.

Kell, the junior circuit's top hitter in 1949, again is leading the league today with a .475 average.

The 30-year-old veteran had four-for-four in yesterday's game against the Detroit Tigers.

The thoroughbred stallions Sir Gallahad III and Bull Dog were brothers and both highly successful sires.

Mexico City — Manuel Armentaros, 121¼, Cuba, knocked out Aurelio Rivero, 122, Mexico, 1.

Adcock Terms Mathews Longest Hitter Despite 475-Foot Shot

Rates Brave Fielder Over Mantle, Others

New York, April 30 (AP)—Joe Adcock, who hit a 475-foot home run into the Polo Grounds bleachers yesterday, says the longest hitter in baseball is his roommate, Eddie Mathews.

"I've read about Mickey Mantle's tremendous home run in Washington," the Milwaukee first baseman said, shrugging off his own tremendous wallop, 'but for my money Eddie hits the ball farther than anybody I've seen."

Since Mantle, the New York Yankees' centerfielder, tagged that 562-footer in Washington, the tape measure has become a part of standard ball park equipment.

Adcock's blow landed in the tenth row of the left centerfield bleachers, the first ever hit into that part of the stands in a regular league game. It gave the Milwaukee Braves a 3-2 victory over the New York Giants.

Adcock said he saw Mathews pole a home run in Chicago the other day that went 500 feet on the fly.

Clear Out of Park

"It was the longest ball I ever saw anybody hit at Wrigley Field," he added. "It went clear out of the park.

"But it wasn't the longest ball I ever saw Mathews hit. He hit one in Cincinnati last year that came within four rows of clearing the rightfield bleachers. It was 366 feet to the bleachers and 150 feet to the outer wall. If the ball had been hit in an open field, I think it would have traveled farther than Mantle's."

Mathews, like Mantle, is 21 years old and like the Yankee centerfielder hails from the southwest. His birthplace is Texarkana, Tex. Mantle comes from Commerce, Okla.

Adcock said his homer yesterday was the longest he ever hit. "I knew I had gotten the wood on it," he said "but I never thought it was going to travel so far."

Mathews, who plays third for Milwaukee, said he figures the longest ball he ever hit was a home run while playing with Atlanta in 1950. People there have marked where it hit in a tree and still speak of it with awe.

Top HR Clouter

At present Mathews leads both major leagues in home runs with six. Mantle has three. Adcock's homer yesterday was his first.

There's been a lot of speculation about whether Mantle will be the first man to knock the ball out of Yankee Stadium. Nobody, not even Babe Ruth, ever did it.

As a National Leaguer, Mathews won't get a shot at these distant walls—unless he lands in the World Series or is traded to the American League.

Charlie Grimm, manager of the Milwaukee Braves, has a son serving with the Marine Corps and a daughter who is married to a Naval flight surgeon.

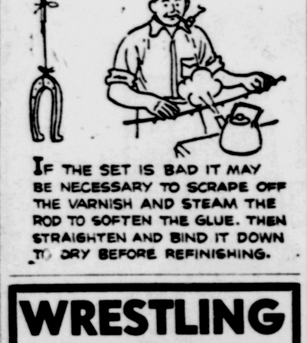
REMOVING THE "SET" IN A BAMBOO ROD

4-30

A "SET" IS A PERMANENT BEND IN A ROD, USUALLY CAUSED BY MISUSE. IF ATTENDED AT ONCE, SLIGHT SETS CAN OFTEN BE RIGHTED WITH YOUR FINGER TIPS.

IF THAT DOESN'T WORK, TRY HANGING THE SECTION BY A NAIL AND STRING, AS SHOWN, AND SUSPENDING A WEIGHT SO IT OPPOSES THE BEND FOR AWHILE.



IF THE SET IS BAD IT MAY BE NECESSARY TO SCRAPE OFF THE VARNISH AND STEAM THE ROD TO SOFTEN THE GLUE. THEN STRAIGHTEN AND BIND IT DOWN TO DRY BEFORE REFINISHING.

Broskie Raps 687 Triple, Loses 700 on 10-Pin Tap

A 10-pin tap in the eighth frame of his last game cost veteran Harold Broskie a 700-performance during the Wednesday night firing in the Central Rec Major League.

As it was, Broskie came up with a pretty nifty account of himself at that. Opening with 213, Brosk shot two consecutive games of 237 to finish with a hefty blast of 687.

Broskie's torrid pin-busting was one of the two 600s compiled last night. Fred Ferraro supplied the other with his 228-617 effort.

In the battle for first place honors, Jack's Rest continued to hold a two-game bulge over Old Capital Motors by winning two from Quality Maple. The Caps swept three from Mickey's Barbers, exploding for 1064 in their final game.

Chris Robinson and Lew Hymes finished in a tie for third place honors with their 595 blasts. Robinson posted 225-595 while Hymes shot 212-215 for 595.

Others of note were Ken Williams with 204-210-589; Hod Spaulding, of the Spaulding piano family, 220-587; Dick Howard 210-584; Larry Weishaupt 220-574; Steve Fassbender 572; Eddie Heins 201-203-571; Frank Grimaldi 212-570; Bill Johnson 207-569; H. Myers 223-568; Bill Lawrence 207-567; Cliff Quick 224-566; Mike Provenzano 209-563; Bob Jones 563; Ad Jones 205-212-561; George "Curly" Flemings 210-558; George Shufeldt 212-555, Lottie Cashara 220-555; Bill Murray, the new KBA president-elect, 204-554 and Elwood Robinson 226-553.

Team results:

Hymes Shoes 3, Alpine 0; Jack's Rest 2, Quality Maple 1; Welchs 2, Pontiacs 1; Old Capitals 3, Mickey's Barbers 0.

Tomczyk Leads CYO

Don Tomczyk unloaded a string of 226-191-168 for 585 to lead the CYO Holy Name circuit at the Bowlodrome Wednesday night.

John Sweeney posted 578; Joe Mannello 557; Henry Houska 538; John Zeeh 213-535; John Auer 200-527; Jim Fahey 524; Bob Enright 522; Pete Tatarzewski 510; Art Smith Sr., 508; Gerry Smith 506; Andy Gilday 506 and Nick Reis, Sr., 505.

Amarello Paces Women

Rita Amarello's 156-136-185 for 477 was best of the night in the Pioneer Women's League at the Bowlodrome. Marcia Olbert fashioned 469; Phyllis Wolff 454; Lillian Cameron 452; Nancy Hussey 448; Helen McDougall 445; Peggy Duffy 442; Helen Schneider 440; Flo Beichert 439; Louise Jordan 439; Shirley Buckman 439; Audrey Potter 438 and R. Zeeh 430.

Team results:

DeLuca Cleaners 2, Jones Dairy 1; Smith-Parish 2, Geraldine Shop 1; Worfs 2, Carnrights 1; Stone Ridge 2, Herzog's 1; Greyvan Lines 2, Doblers 1; Silsby Motors 2, Jump's Market 1.

The Philadelphia Athletics executed two triple steals against the Cleveland Indians on July 25, 1930.

Y Leagues Elect Tenpin Officers

New officers of the Federation and Mercantile Bowling Leagues were elected following their annual banquet Tuesday night at the YMCA.

Al Sonnenberg was elected president of the Federation League, Edward Tymeson, vice-president; Jack Spada, secretary and Ted Young, treasurer. Howard Minard was elected recording secretary for Monday and Tuesday night leagues while Art Crist was elected recording secretary for the Wednesday night circuit.

In the Mercantile voting, Don Osterhoudt was elected president, Sam Hayes, vice-president; Len Ward, secretary and Phil Jones, treasurer.

During the banquet proceedings, Al Sonnenberg acted as toastmaster and welcomed the bowlers. The Rev. Donald E. Brown, pastor of the First Baptist Church, gave the invocation.

Trinity, Fullers Cop

Trinity Lutheran No. 1 won this year's playoff for the three Federation Leagues while Fullers No. 1 captured the playoff in the Mercantile circuit between the American and National divisions.

Various trophies were presented by Al Nonnenmacher and Ed Tymeson. Irwin J. Thomas, secretary of the Kingston Bowling Association, presented the KBA high single belt buckle awards to Harold Pine, 251, Federation American League; John Purvis, 243, Federation International League; Harold Smith, 258, Federation National League; Harry Rowland, 233, Mercantile, American League and Charlie "Chipe" Rhymer, 222, Mercantile, National League.

The KBA secretary also presented the American Bowling Congress achievement awards to Ed Luedtke, 15.52, Federation National; and Ivan Mallow, 14, Federation, International League.

The Federation and Mercantile circuits voted contributions of $25 each to the 1953 YMCA campaign drive.

Yesterday's Stars

(By The Associated Press)

Batting—Joe Adcock, Milwaukee Braves, hit a home run into the center field bleachers of the Polo Grounds—the first time a ball has been hit there in a regular game—as the Braves defeated the New York Giants, 3-2.

Pitching — Bob Porterfield, Washington Senators, tossed a five-hit shutout as the Senators defeated the Chicago White Sox, 3-0.

Gene Conley, pitcher for the Toledo Glass Sox, is one of the tallest players in the game today. He is six feet eight inches tall.

The St. Louis Browns lost three consecutive 1-0 games. The dates were April 25, 26, 27, 1909.

Davey Impressive In Comeback Win

Detroit, April 30 (AP)—"I was scared. I could feel the pressure of all those people looking at me."

Chuck Davey soaked his bruised left hand in a bucket of ice water. Thick slices of tape covered an ugly cut over his right eye. His left eye was a purplish-red.

But he probably didn't feel any pain. He was too elated for that.

He had just started his comeback in impressive fashion, scoring a technical knockout over Sammy Giuliani in 31 seconds of the 10th and final round of their nationally televised fight last night at the Olympia.

"I was tense," Davey said. "Everybody was looking at me and I knew it. But the pressure wasn't as bad as against Gavilan."

Only 6,038 fans saw Davey fight in the flesh last night. So by "everybody" he must have meant the millions of TV viewers who were looking in to see if Davey had learned anything from that battering he took from Kid Gavilan.

Results Disastrous

In a way, Davey was fighting for the TV audience. He had disappointed his TV followers last February by offering practically no resistance against Gavilan, who knocked him down four times to successfully defend his welterweight title.

Gavilan flaunted his skills that night, turning southpaw like Davey. Giuliani tried the same—and the results were disastrous.

"I did my best work when he turned left-handed," Davey said. "I got through his guard and got in some good whacks. He's a rough boy but his punches are club-like, not like Gavilian's sharp blows."

Giuliani, a willing 20-year-old brawler from Stamford, Conn., carried the fight to his 27-year-old opponent in the earlier rounds. Two roundhouse rights staggered Davey in the third round.

From the fourth round on, Davey pecked away at head, body, head, body. Sammy became an easy target. He stood flatfooted and Davey danced in, out and around him, at times landing at will.

Referee Clarence Rosen, after consulting with the ring physician, finally called a halt in the 10th. Giuliani had had enough, even though his handlers didn't think so. Davey weighed 151 and Giuliani 158.

Hildebrand, Fielder Named as AHL Stars

Hempstead, April 30 (AP)—Ike Hildebrand, right winger of the champion Cleveland Barons, was the only unanimous choice for the 1952-53 American Hockey League All-Star team and Guyle Fielder, St. Louis center, was the first rookie ever to win first-team honors.

The all-star selections were announced today through the AHL Service Bureau. Each of the seven league cities submitted one ballot, listing three choices for each position, with five points being awarded for a first place vote, three for second and one for third.

Hildebrand was the only one to poll the maximum of 35 points but two of his Cleveland teammates weren't far behind. Goalie John Bower and left wing Eddie Olson drew 31 points each. Completing the domination of the first team by the Barons, league and Calder Cup playoff champions, was Tommy Williams at defense.

Fielder and Frank Mathers, defense star of the runner-up Pittsburgh Hornets, completed the first team. Mathers polled 33 points.

Each player named for the first team receives a league bonus of $300 and a gold puck memento.

The last year in which an American League pitcher won 30 games was in 1931 when Lefty Grove won 31 for the Athletics.

Melby Set For Match On Friday

Wild Bill Melby, one of the fastest and cleverest grapplers in the game, will pit his skill against the brute strength of Hans Schmidt, 250 pound German in the feature of Friday night's wrestling show at Kingston Municipal Auditorium.

Melby, who will give away height, reach and weight to the Munich Mauler has tamed some of wrestling's biggest and boldest men with his vaunted cobra hold, which requires great agility to apply.

He also has chopped down some of them with drop kicks and flying tackles, but Schmidt may be something else again. The big fellow usually lets an opponent trying a tackle bounce off his chest with harm only to tackler.

Schmidt also can use the drop kick and tackles, but his most punching maneuver is a back breaker that really hurts. Usually he doesn't try to take a fall with it quickly, preferring to punish an opponent so he cannot continue.

The two out of three fall co-feature pits Steve Gob, St. Louis, against rough Pedro Godoy of South America. Gob, a former weight-lifting champion knows all the holds but his best maneuver is the drop kick.

Opening the show at 8:45 will be a one fall, 30 minute bout between Bibber McCoy, former Holy Cross football lineman, and Ed King, of Poughkeepsie.

The longest priced winner of the 1953 Hialeah meeting was Blue Buzz who paid $167.40 for each $2 bet.

Broskie Raps 687 Triple, Loses 700 on 10-Pin Tap

A 10-pin tap in the eighth frame of his last game cost veteran Harold Broskie a 700-performance during the Wednesday night firing in the Central Rec Major League.

As it was, Broskie came up with a pretty nifty account of himself at that. Opening with 213, Brosk shot two consecutive games of 237 to finish with a hefty blast of 687.

Broskie's torrid pin-busting was one of the two 600s compiled last night. Fred Ferraro supplied the other with his 228-617 effort.

In the battle for first place honors, Jack's Rest continued to hold a two-game bulge over Old Capital Motors by winning two from Quality Maple. The Caps swept three from Mickey's Barbers, exploding for 1064 in their final game.

Chris Robinson and Lew Hymes finished in a tie for third place honors with their 595 blasts. Robinson posted 225-595 while Hymes shot 212-215 for 595.

Others of note were Ken Williams with 204-210-589; Hod Spaulding, of the Spaulding piano family, 220-587; Dick Howard 210-584; Larry Weishaupt 220-574; Steve Fassbender 572; Eddie Heins 201-203-571; Frank Grimaldi 212-570; Bill Johnson 207-569; H. Myers 223-568; Bill Lawrence 207-567; Cliff Quick 224-566; Mike Provenzano 209-563; Bob Jones 563; Ad Jones 205-212-561; George "Curly" Flemings 210-558; George Shufeldt 212-555, Lottie Cashara 220-555; Bill Murray, the new KBA president-elect, 204-554 and Elwood Robinson 226-553.

Team results:

Hymes Shoes 3, Alpine 0; Jack's Rest 2, Quality Maple 1; Welchs 2, Pontiacs 1; Old Capitals 3, Mickey's Barbers 0.

Tomczyk Leads CYO

Don Tomczyk unloaded a string of 226-191-168 for 585 to lead the CYO Holy Name circuit at the Bowlodrome Wednesday night.

John Sweeney posted 578; Joe Mannello 557; Henry Houska 538; John Zeeh 213-535; John Auer 200-527; Jim Fahey 524; Bob Enright 522; Pete Tatarzewski 510; Art Smith Sr., 508; Gerry Smith 506; Andy Gilday 506 and Nick Reis, Sr., 505.

Amarello Paces Women

Rita Amarello's 156-136-185 for 477 was best of the night in the Pioneer Women's League at the Bowlodrome. Marcia Olbert fashioned 469; Phyllis Wolff 454; Lillian Cameron 452; Nancy Hussey 448; Helen McDougall 445; Peggy Duffy 442; Helen Schneider 440; Flo Beichert 439; Louise Jordan 439; Shirley Buckman 439; Audrey Potter 438 and R. Zeeh 430.

Team results:

DeLuca Cleaners 2, Jones Dairy 1; Smith-Parish 2, Geraldine Shop 1; Worfs 2, Carnrights 1; Stone Ridge 2, Herzog's 1; Greyvan Lines 2, Doblers 1; Silsby Motors 2, Jump's Market 1.

The Philadelphia Athletics executed two triple steals against the Cleveland Indians on July 25, 1930.

Y Leagues Elect Tenpin Officers

New officers of the Federation and Mercantile Bowling Leagues were elected following their annual banquet Tuesday night at the YMCA.

Al Sonnenberg was elected president of the Federation League, Edward Tymeson, vice-president; Jack Spada, secretary and Ted Young, treasurer. Howard Minard was elected recording secretary for Monday and Tuesday night leagues while Art Crist was elected recording secretary for the Wednesday night circuit.

In the Mercantile voting, Don Osterhoudt was elected president, Sam Hayes, vice-president; Len Ward, secretary and Phil Jones, treasurer.

During the banquet proceedings, Al Sonnenberg acted as toastmaster and welcomed the bowlers. The Rev. Donald E. Brown, pastor of the First Baptist Church, gave the invocation.

Trinity, Fullers Cop

Trinity Lutheran No. 1 won this year's playoff for the three Federation Leagues while Fullers No. 1 captured the playoff in the Mercantile circuit between the American and National divisions.

Various trophies were presented by Al Nonnenmacher and Ed Tymeson. Irwin J. Thomas, secretary of the Kingston Bowling Association, presented the KBA high single belt buckle awards to Harold Pine, 251, Federation American League; John Purvis, 243, Federation International League; Harold Smith, 258, Federation National League; Harry Rowland, 233, Mercantile, American League and Charlie "Chipe" Rhymer, 222, Mercantile, National League.

The KBA secretary also presented the American Bowling Congress achievement awards to Ed Luedtke, 15.52, Federation National; and Ivan Mallow, 14, Federation, International League.

The Federation and Mercantile circuits voted contributions of $25 each to the 1953 YMCA campaign drive.

Yesterday's Stars

(By The Associated Press)

Batting—Joe Adcock, Milwaukee Braves, hit a home run into the center field bleachers of the Polo Grounds—the first time a ball has been hit there in a regular game—as the Braves defeated the New York Giants, 3-2.

Pitching — Bob Porterfield, Washington Senators, tossed a five-hit shutout as the Senators defeated the Chicago White Sox, 3-0.

Gene Conley, pitcher for the Toledo Glass Sox, is one of the tallest players in the game today. He is six feet eight inches tall.

The St. Louis Browns lost three consecutive 1-0 games. The dates were April 25, 26, 27, 1909.

Davey Impressive In Comeback Win

Detroit, April 30 (AP)—"I was scared. I could feel the pressure of all those people looking at me."

Chuck Davey soaked his bruised left hand in a bucket of ice water. Thick slices of tape covered an ugly cut over his right eye. His left eye was a purplish-red.

But he probably didn't feel any pain. He was too elated for that.

He had just started his comeback in impressive fashion, scoring a technical knockout over Sammy Giuliani in 31 seconds of the 10th and final round of their nationally televised fight last night at the Olympia.

"I was tense," Davey said. "Everybody was looking at me and I knew it. But the pressure wasn't as bad as against Gavilan."

Only 6,038 fans saw Davey fight in the flesh last night. So by "everybody" he must have meant the millions of TV viewers who were looking in to see if Davey had learned anything from that battering he took from Kid Gavilan.

Results Disastrous

In a way, Davey was fighting for the TV audience. He had disappointed his TV followers last February by offering practically no resistance against Gavilan, who knocked him down four times to successfully defend his welterweight title.

Gavilan flaunted his skills that night, turning southpaw like Davey. Giuliani tried the same—and the results were disastrous.

"I did my best work when he turned left-handed," Davey said. "I got through his guard and got in some good whacks. He's a rough boy but his punches are club-like, not like Gavilian's sharp blows."

Giuliani, a willing 20-year-old brawler from Stamford, Conn., carried the fight to his 27-year-old opponent in the earlier rounds. Two roundhouse rights staggered Davey in the third round.

From the fourth round on, Davey pecked away at head, body, head, body. Sammy became an easy target. He stood flatfooted and Davey danced in, out and around him, at times landing at will.

Referee Clarence Rosen, after consulting with the ring physician, finally called a halt in the 10th. Giuliani had had enough, even though his handlers didn't think so. Davey weighed 151 and Giuliani 158.

Hildebrand, Fielder Named as AHL Stars

Hempstead, April 30 (AP)—Ike Hildebrand, right winger of the champion Cleveland Barons, was the only unanimous choice for the 1952-53 American Hockey League All-Star team and Guyle Fielder, St. Louis center, was the first rookie ever to win first-team honors.

The all-star selections were announced today through the AHL Service Bureau. Each of the seven league cities submitted one ballot, listing three choices for each position, with five points being awarded for a first place vote, three for second and one for third.

Hildebrand was the only one to poll the maximum of 35 points but two of his Cleveland teammates weren't far behind. Goalie John Bower and left wing Eddie Olson drew 31 points each. Completing the domination of the first team by the Barons, league and Calder Cup playoff champions, was Tommy Williams at defense.

Fielder and Frank Mathers, defense star of the runner-up Pittsburgh Hornets, completed the first team. Mathers polled 33 points.

Each player named for the first team receives a league bonus of $300 and a gold puck memento.

The last year in which an American League pitcher won 30 games was in 1931 when Lefty Grove won 31 for the Athletics.

Melby Set For Match On Friday

Wild Bill Melby, one of the fastest and cleverest grapplers in the game, will pit his skill against the brute strength of Hans Schmidt, 250 pound German in the feature of Friday night's wrestling show at Kingston Municipal Auditorium.

Melby, who will give away height, reach and weight to the Munich Mauler has tamed some of wrestling's biggest and boldest men with his vaunted cobra hold, which requires great agility to apply.

He also has chopped down some of them with drop kicks and flying tackles, but Schmidt may be something else again. The big fellow usually lets an opponent trying a tackle bounce off his chest with harm only to tackler.

Schmidt also can use the drop kick and tackles, but his most punching maneuver is a back breaker that really hurts. Usually he doesn't try to take a fall with it quickly, preferring to punish an opponent so he cannot continue.

The two out of three fall co-feature pits Steve Gob, St. Louis, against rough Pedro Godoy of South America. Gob, a former weight-lifting champion knows all the holds but his best maneuver is the drop kick.

Opening the show at 8:45 will be a one fall, 30 minute bout between Bibber McCoy, former Holy Cross football lineman, and Ed King, of Poughkeepsie.

The longest priced winner of the 1953 Hialeah meeting was Blue Buzz who paid $167.40 for each $2 bet.

Allies Warn . . .

zerland and suggested an Asian nation without naming it. Many observers feel they had India in mind.

Harrison opened the fifth day of discussion in the new series of talks by calling on North Korean Gen. Nam Il to name the Communist nominee.

"We see no advantage in discussing seriously the other points of your proposal until we have come to at least some measure of understanding on the neutral state," he said.

Thousands Are Liberated

He then reminded the Reds that they had "liberated at the front" thousands of South Korean captives. Many of these were reported impressed into North Korean forces to fight for the Reds.

"Your side already has shown us the way," Harrison said. "It would seem quite appropriate that these Koreans whom we still are holding as prisoners . . . should be released without further delay."

Harrison said the 32,000 who might be freed are Koreans who have said they want to live in South Korea.

He told newsmen the Communists "didn't seem overjoyed at the suggestion."

Boy, 13, Is Injured

Lester Finch, of 242 Foxhall avenue reported to the police at 5:10 p. m., yesterday that as he was driving a panel truck owned by Willis D. Locke, 26 Maiden Lane, on a driveway at the MJM School, it struck George Wilson, 13, of 188 Pine street. Wilson suffered a leg injury and was treated by a doctor, the report said.

Knew Where to Land

Rome, April 30 (AP)—This model airplane had real instincts. On a trial flight near the outskirts of the city, it glided beyond the radio control of its owner, Eskil B. Ringdahl, and disappeared. It was found a short distance away—at Griffiss Air Force Base.

As Pegler Sees It

his selection of items and their placement on the page.

"The development of communication and travel facilities has had its impact on baseball," Ford writes. "In 1913, the 41 leagues were scattered helter-skelter. Many of the four-club and six-club leagues were augmented by unstable semi-pro clubs. The drawing power of a club was limited to an area of about 15 miles. With the development of our highways and high speed motors the drawing area extended to 100 miles so that many small-town clubs, like the little red schoolhouse, have disappeared. If one could forget property rights and investment, and start all over it would be possible to cover the entire United States with 25 minor leagues with a club handy to every city of 25,000 or over.

"I think salaries in Class D are inadequate. For the boy of ability however, the field is wide open. Salaries in the majors and high minors are far above those paid in other lines of business for similar experience and ability.

"What has happened is that there has been a realignment of interest. In 1913, golf was in its infancy; high school football was little known; basketball was new; tennis was played only in wealthy centers and baseball was the one great American game. Today these other sports share headlines and participant and spectator interest. Despite this, however, more amateur teams exist, offering more opportunity for basic training than ever before. Witness the growth of the little league movement. In a few years it has grown from nothing to some 5,000 uniformed teams with more than 50,000 youngsters actually participating. The American Legion program is even larger.

"Our chiefest problem has not been competition or inability to maintain the interest of the public. Most of our difficulties have arisen from the same source and have been on all fours with the problems facing other industry under a governmental system of witch-hunting and condemnation of individual enterprise. We have been subjected to congresssional investigation and all sorts of controls and accused of violation of anti-trust laws simply because we have attempted regulations which would make minor league operation possible."

Nevertheless, the fact stands out that the major league customers are actually paying a subsidy to redeem the apathy of such cities as Toledo, which finally died out of the American Association last year. True, the Boston Braves, on moving into Milwaukee, planted the Milwaukee team of this highest minor league city into Toledo. But it is plain that the major league patrons are the principal supporters of professional baseball in many minor league towns. This subsidy is maintained through the "farm" system, which operates minor leagues as a source of talent.

Now that Milwaukee has broken into the National League, Kansas City, rather than Baltimore, should be the new home of the despondent and poverty-stricken St. Louis Browns. Kansas City is a major league city, full of ambition and vitality. Baltimore has a character peculiar to Baltimore and is psychologically a whistle-stop between Washington and Philadelphia.

Allies Warn . . .

zerland and suggested an Asian nation without naming it. Many observers feel they had India in mind.

Harrison opened the fifth day of discussion in the new series of talks by calling on North Korean Gen. Nam Il to name the Communist nominee.

"We see no advantage in discussing seriously the other points of your proposal until we have come to at least some measure of understanding on the neutral state," he said.

Thousands Are Liberated

He then reminded the Reds that they had "liberated at the front" thousands of South Korean captives. Many of these were reported impressed into North Korean forces to fight for the Reds.

"Your side already has shown us the way," Harrison said. "It would seem quite appropriate that these Koreans whom we still are holding as prisoners . . . should be released without further delay."

Harrison said the 32,000 who might be freed are Koreans who have said they want to live in South Korea.

He told newsmen the Communists "didn't seem overjoyed at the suggestion."

Boy, 13, Is Injured

Lester Finch, of 242 Foxhall avenue reported to the police at 5:10 p. m., yesterday that as he was driving a panel truck owned by Willis D. Locke, 26 Maiden Lane, on a driveway at the MJM School, it struck George Wilson, 13, of 188 Pine street. Wilson suffered a leg injury and was treated by a doctor, the report said.

Knew Where to Land

Rome, April 30 (AP)—This model airplane had real instincts. On a trial flight near the outskirts of the city, it glided beyond the radio control of its owner, Eskil B. Ringdahl, and disappeared. It was found a short distance away—at Griffiss Air Force Base.

As Pegler Sees It

his selection of items and their placement on the page.

"The development of communication and travel facilities has had its impact on baseball," Ford writes. "In 1913, the 41 leagues were scattered helter-skelter. Many of the four-club and six-club leagues were augmented by unstable semi-pro clubs. The drawing power of a club was limited to an area of about 15 miles. With the development of our highways and high speed motors the drawing area extended to 100 miles so that many small-town clubs, like the little red schoolhouse, have disappeared. If one could forget property rights and investment, and start all over it would be possible to cover the entire United States with 25 minor leagues with a club handy to every city of 25,000 or over.

"I think salaries in Class D are inadequate. For the boy of ability however, the field is wide open. Salaries in the majors and high minors are far above those paid in other lines of business for similar experience and ability.

"What has happened is that there has been a realignment of interest. In 1913, golf was in its infancy; high school football was little known; basketball was new; tennis was played only in wealthy centers and baseball was the one great American game. Today these other sports share headlines and participant and spectator interest. Despite this, however, more amateur teams exist, offering more opportunity for basic training than ever before. Witness the growth of the little league movement. In a few years it has grown from nothing to some 5,000 uniformed teams with more than 50,000 youngsters actually participating. The American Legion program is even larger.

"Our chiefest problem has not been competition or inability to maintain the interest of the public. Most of our difficulties have arisen from the same source and have been on all fours with the problems facing other industry under a governmental system of witch-hunting and condemnation of individual enterprise. We have been subjected to congresssional investigation and all sorts of controls and accused of violation of anti-trust laws simply because we have attempted regulations which would make minor league operation possible."

Nevertheless, the fact stands out that the major league customers are actually paying a subsidy to redeem the apathy of such cities as Toledo, which finally died out of the American Association last year. True, the Boston Braves, on moving into Milwaukee, planted the Milwaukee team of this highest minor league city into Toledo. But it is plain that the major league patrons are the principal supporters of professional baseball in many minor league towns. This subsidy is maintained through the "farm" system, which operates minor leagues as a source of talent.

Now that Milwaukee has broken into the National League, Kansas City, rather than Baltimore, should be the new home of the despondent and poverty-stricken St. Louis Browns. Kansas City is a major league city, full of ambition and vitality. Baltimore has a character peculiar to Baltimore and is psychologically a whistle-stop between Washington and Philadelphia.

Wind NW at 17 MPH.

Rain, Snow, Wind Affect Wide Areas

(By The Associated Press)

Rain and snow, with strong winds, hit wide areas of the country today from the Rocky Mountains to the Appalachians.

Winds, with gusts up to 50 to 60 miles an hour, whipped over some midwest areas during the night but diminished this morning. Storm warnings, however, remained posted on all the Great Lakes except Lake Ontario.

A storm center over northwestern Oklahoma and eastern Kansas dominated the weather pattern over the country. General rainfall was reported over the northern plains with showers and thunderstorms in the Mississippi valley.

Light snow fell in western South Dakota, eastern Wyoming and northwestern Nebraska. Falls measured two inches at Moorcroft, Wyo., and one inch at Rapid City, S. D., and Chadron, Neb.

Heavy thunderstorms occurred in the lower Mississippi valley. One of the areas heaviest hit was Jackson, Miss., which reported a rainfall of nearly five inches.

Temperatures were comparatively mild over the eastern half of the country but it was a little chilly in the central and northern Rockies and northern plains. Fair weather was reported over most of the northeastern section of the country and in the far southwest.

Maude Adams, 80, Leaves Hospital

Catskill, April 30 (AP)—Actress Maude Adams, one of the theatre's brightest figures a generation ago, leaves Greene County Memorial Hospital today.

The 80-year-old internationally known star entered the hospital April 4 for treatment of bronchitis and pleurisy.

The hospital said her condition was "quite good."

Miss Adams was widely acclaimed for her performances in "Peter Pan" and other James M. Barrie fantasies. She retired from the stage in 1918, but reappeared briefly in 1931 to star with Otis Skinner in Shakespeare's "Merchant of Venice."

Miss Adams has been living quietly on a farm at Tannersville in the Catskill Mountains.

Juliana Has Birthday

The Hague, The Netherlands, April 30 (AP)—The Netherlands celebrated the 44th birthday of Queen Juliana today.

Shirley Booth Wins International Title

Cannes, France, April 30 (AP)—America's Shirley Booth completed her 1953 sweep of top stage and screen prizes here last night. She won the sixth international Cannes Film Festival title as last year's best actress.

The 45-year-old New Yorker was acclaimed for her dramatization of the housewife in the movie "Come Back, Little Sheba"—the same performance which won her a Hollywood Oscar last month. She previously had won practically every award given for her stage enactment of the role.

Miss Booth also received Broadway's coveted "Tony" award March 29 for her acting in the current New York stage hit "The Time of the Cuckoo."

"Sheba" also won the festival prize for the best drama of the 74 long and short films from 27 countries that have been shown here during the two-week-long contest. It tells the story of a reformed alcholic. Miss Booth, starring with Burt Lancaster in the picture, plays the part of an alcoholic's garrulous wife.

Another American movie, "Lili," was named the best light comedy. It is the story of a young girl, played by Leslie Caron, who falls in love with a puppeteer. Hollywood's Mel Ferrer plays the male lead. Judges praised it for the charm of its presentation.

Withdraws Plan To Buy O and W Railway Property

The New York, Ontario and Western Railway announced in New York today that the proposal made by the New York, New Haven and Hartford Railroad Company to purchase its property had been withdrawn.

Trustees of the O and W declined to elaborate on this brief statement until Monday afternoon when a court session before Judge Edward A. Conger is scheduled in Federal Court, New York. This withdrawal of the New Haven of its purchase proposal leaves the O and W without any immediate plan for purchase. A bondholders committee is working on an alternative acquisition plan, terms of which have not yet been revealed.

The New Haven proposal had recently been before the Interstate Commerce Commission in Washington. At a hearing in New York last week Judge Conger had expressed disapproval of some features of the New Haven plan.

The plan had provided for setting up of a new company to take over the O and W properties. It would have a total funded debt of eight million dollars consisting of $2,500,000 first mortgage four per cent bonds, $2,500,000 of second mortgage four per cent bonds and $3,000,000 of equipment trust obligations.

Should the New Haven have entered the picture it would have acquired under the plan the first mortgage income bond plan 51 per cent of capital stock of the new company for $2,500,000. One of the sections of the proposal to which considerable objection was raised was the New Haven stipulation that it would be authorized to discontinue and abandon the non-profitable portions of the O and W line.

It attempted to quiet this opposition by stating that its actual intention was to continue all portions of the line for a minimum of five years.

News of Interest to Fraternal Organizations

A regular meeting of Charles DeWitt Council, 91, JOUAM, will be held Friday at 8 p. m., at Mechanics' Hall, 14 Henry street. A full attendance of members is expected. Refreshments and a social hour will follow the business session.

Annual Palsy Drive Will Begin Monday

The annual drive of the United Cerebral Palsy of Ulster County will be officially opened at 7:30 p. m. Monday, May 4, on the city hall lawn at which time a beacon of hope will be dedicated by Mayor Oscar V. Newkirk and switched on by Betsy DeGraff, a cerebral palsy child.

The beacon's construction was sponsored by Kingston Kiwanis Club under the direction of Herman Schwenk. All lumber was donated by Island Dock, construction was done by Captain Edward Albright of the Kingston Fire Department, electrical work by Meyers Electric, globe made by Dr. William Jaxeheimer and lettering by Harry Kingsberg.

The goal this year will be $20,000; all monies raised will remain in Ulster county to be used for increasing the clinic staff treating those who cannot afford fees and paying salaries of those already employed. The present full-time staff now includes director, physical therapist and speech therapist, with outside consultants at regular intervals. The clinic hopes to be able to add another physical therapist. Case load at present time is 75 children being treated regularly.

Major Thomas Hanlon is general chairman of the drive, county chairman is Mrs. Vincent Connelly with George W. Wicks as co-chairman. Hubert A. Richter is Kingston city chairman.

From 1947 through 1952, Cuba produced about a fifth of the world's sugar.

Descendants

All yellow and blue gladioli are descendants of a few mutants which appeared at one time from the stock of red, white, and pink-flowered plants.
